# An Overview

# An Overview

**T**he National Institute of Educational Planning and Administration (NIEPA) occupies a unique position in the network of educational institutions in India, with its functions covering a broad spectrum of academic having both domestic and international ramifications.

The genesis of NIEPA's evolutionary journey dates back to February 1962 when the Asian Regional Centre for Educational Planners, Administrators and Supervisors was established by UNESCO under an agreement signed by the UN Agency and the Government of India. The principal functions of the Centre were to conduct research on the problems related to educational planning, administration and school supervision as well as conduct short-term training programmes for educational planners, administrators and school supervisors in Asia and offer technical assistance to member states.

Subsequently, with effect from April 1, 1965, the fledgling Centre was rechristened as the Asian Institute of Educational Planning and Administration. The taking over of the Asian Institute by the Government of India at the end of a 10-year agreement between it and the UNESCO paved the way for its transformation into the National Staff College for Educational Planners and Administrators in 1970. This college was

restructured and re-registered as National Institute of Educational Planning and Administration (NIEPA) on May 31, 1979, with an expanded mandate.

In recognition of the important work being done by it in the area of educational policy, planning and administration, NIEPA was conferred in 2006 the status of a 'deemed to be Institute' under Section 3 of the University Grants Commission Act, 1956 and was renamed as National Institute of Educational Planning and Administration with the power to award degrees. Hereinafter also referred to as the National Institute, NIEPA, like any other Central Institute, is fully maintained by the Government of India.

**The National University of Educational Planning and Administration (NUEPA) has been renamed as National Institute of Educational Planning and Administration (NIEPA) (Deemed to be University),** vide Notification No F.NUEPA/Admn/RO/Circular/030/2017 dated 30.11.2017. The word "University" was replaced by the word "Institute" in compliance with the orders of the Hon'ble Supreme Court of India, communicated by the University Grants Commission vide their communications No. F 5-1/2017 (CPP-I/DU) dated 10 November 2017 and 29 November 2017.

## Vision and Mission

The Institute envisions “a humane learning society through advancement of knowledge”. In line with this vision, a key mission of the Institute has been to serve as a centre of excellence in the areas of educational policy, planning and management by promoting advanced level teaching, research and capacity building in national and global contexts.

The National Institute envisions “a humane learning society through advancement of knowledge”. In line with this vision, a key mission of the National Institute has been to serve as a centre of excellence in the areas of educational policy, planning and management by promoting advanced level teaching, research and capacity building in national and global contexts. The key strategic objectives of the National Institute are:

- strengthening institutional capacity at the national and State/UT levels to formulate and implement effective policies, plans and programmes to ensure achievement of education sector development goals and targets and to institutionalise a responsive, participatory and accountable system of educational governance and management at the school, community, district, State/UT and national levels;
- expanding the pool of specialized human resources, including young professionals and scholars, in the areas of educational policy, planning and administration, equipped with the knowledge and skills required to support educational reforms and to promote effective planning, design, implementation and monitoring of education sector development programmes;
- enhancing the knowledge base relating to the areas of educational policy, planning and administration and allied disciplines in order to promote the formulation of evidence-based policy responses and effective programmatic initiatives required to address the current and emerging education sector-related challenges;
- improving access to and sharing of information and knowledge, including research results, best practices and innovations, relating to educational planning and management practices to promote adoption of improved education policies and effective educational planning and management practices to facilitate achievement of education sector development goals and targets;
- promoting inter-disciplinary inquiries that shape education policy formulation, educational planning and management practices/techniques at all tiers of education system and structures, and strategic approaches to improving educational planning processes, educational governance and management, and monitoring and evaluation of education programmes; and as a leader in inter-disciplinary inquiries that shape education policy formulation and educational planning and administration practices in the country.

# Core Functions

In fulfilling its mission, the National Institute carries out the following core functions:

- Providing leadership in reforming educational policy, planning and management at all tiers of education systems and structures;
- Developing and organizing advanced level interdisciplinary programmes of teaching, including pre-doctoral, doctoral and post-doctoral programmes, and professional development programmes to build a cadre of well-trained educational planners and administrators and to ensure sustainable institutional capacity for design, implementation, monitoring and evaluation of educational policies, plans and programmes;
- Shaping the research agenda and undertaking, aiding and promoting research and evaluation to facilitate the generation of new knowledge required to support capacity development programmes and the formulation of evidence-based policy options and improved educational planning and management practices/techniques required to ensure achievement of education sector development goals and targets;
- Providing technical support to Central and State Governments as well as national and state-level institutions to meet their educational planning and management-related capacity building and research needs and to help them improve the design, implementation, monitoring and evaluation of educational policies, plans and programmes;
- Extending consultancy services to national and international agencies to help them formulate and evaluate education sector development programmes;
- Functioning as a clearing house of ideas and information for providing accessibility to existing and new knowledge in the field of education, in general, and education policies, planning and administration, in particular; providing a forum for exchange of ideas/experiences and policy dialogue among policy makers, educational planners and administrators and academics for identifying effective policies and educational planning and management techniques/practices required to address education sector-related challenges and achieve education sector development goals/ targets;
- Networking and collaboration with national and international institutions and organizations,

including the agencies, funds and programmes of the United Nations system, for promoting joint initiatives/programmes and research studies to improve educational planning and management; and

- Assessing and analyzing emerging trends in education sector development, identifying emerging challenges in educational planning and management, and assessing progress towards education sector development goals and targets in order to facilitate the formulation of appropriate policy options and programmatic interventions to achieve education sector development goals/targets.

The above functions of the National Institute are carried out in close coordination and association with governments and institutions at both the Central and State/UT levels. While pursuing high level scholarship, the National Institute continues to be actively engaged in matters related to planning and administration of the education system and programme implementation and evaluation. A key aspect of the Institute is its engagement with the field as a two-way process. The Institute has been trying to enrich its knowledge base by researching field reality and interacting with field functionaries at various levels – from schools and colleges to State and Central Government departments. Being a national institution, the Institute has been striving to meet the educational planning and management related capacity building requirements of States/UTs by training resource persons, maintaining close linkages with State governments and State institutions, undertaking critical studies of their education systems, policies and programmes and giving them professional advice and technical support. Through its large number of capacity building programmes, the Institute has, in a sustained manner, been trying to transfer its expertise, experience and insights to field-based education practitioners. By assuming such a function, the Institute continues to act as a think-tank in the areas of educational policy, planning and administration. This dual role has enabled the Institute to bring greater authenticity into its academic work of teaching and research.

# Academic Structure and Support Services

The academic structure of the Institute comprises Departments, Centres, Special Chairs, dealing with special aspects of education, and Technical Support Units/groups and academic support system, which are responsible for the development and execution of activities relating to their respective programmatic thrust areas. The Institute faculty consists of Professors, Associate Professors, Assistant Professors and National Fellows, representing expertise drawn from various disciplines relevant to the areas of educational policy, planning and administration. Every Department is organised on an inter-disciplinary basis, and brings together knowledge, scholarship and other resources to offer programmes of studies and research covering a range of areas relating to education, in general, and educational policy, planning and management, in particular. Each Department has core faculty assigned to it in addition to research/ project associates and secretarial staff. The Academic Departments are headed by Professors. The Departments are responsible for the development and execution of various training and research programmes, and consultancy and advisory services in the areas entrusted to them. During the year under report, the academic programmes of the Institute were conducted by the following eight Academic Departments and Special Chairs, Unit on School Standards and Evaluation and Project Management Unit, and India-Africa Institute of Educational Planning and Administration (IAIEPA) besides two Centres, supported by the administrative and academic support service units.

# Academic Departments

## Educational Planning

The Department of Educational Planning (DEP), one of the fundamental divisions of NIEPA, strives to promote evidence based educational planning with the ultimate mission of contributing towards advancement of human development in India. With the shift in emphasis towards decentralized planning for managing for development results in education, the main effort of the DEP has been to study approaches, frameworks, inputs, processes and outcomes of planning at institutional, district, state and national levels so as to understand and improve educational planning practices in the country.

With the increasing emphasis on education as a means of reducing poverty and promoting sustainable development, the DEP considers the expanded scope of educational planning not only to cover the institutionalization of strategic planning but also promoting decentralization of education management and use of local level planning techniques such as school mapping, micro planning and school improvement planning for improving quality of public investment in education. Promoting sector-wide approaches (SWAps) in strategic planning in school education and institutional planning in higher education are other key mandates of the DEP.

Teaching, research and training, inter alia, are core functions of the DEP. Needless to mention, creating and disseminating knowledge and skills to advance strategic programme planning in education for addressing issues relating to equity, inclusion, quality of learning outcomes, financing and accountability and use of technology for improving education delivery are the major thrust areas of the DEP.

Accordingly, the DEP conducts capacity development programmes, and undertakes research in related areas, and provides professional support and consultancy to various sub-national, national and international bodies, besides transacting several courses related to educational planning in research and long duration capacity development programmes of the Institute.

## Educational Administration

The Department of Educational Administration is actively engaged in studies, research and dissemination of knowledge on various dimensions of administration and management covering all sectors and all levels of education. One of the prime concerns of the Department is to build a sound knowledge base and create a strong professional support for educational administrators and researchers on multiple aspects of educational administration and management. The department has built a sound knowledge and data base on educational administration and management in tuned with its focus. During the period of report the department has conducted a number of studies and organized many outreach and capacity building programmes, including a large scale third All India Survey of Educational Administration, the scheme of National Awards for Innovations in Educational Administration and national level conference of District and Block Education Officers, and state level workshops on educational administration and management in states. The department reached out to nearly one thousand and three hundred state, district and block level education officers of school education department across the states and union territories of India through workshops and conferences and capacity building programmes. Programmes relating to educational and academic administration in the institutions of higher education were also organised. Details are provided below.

## Internship Programme

The Department hosted internship programmes for two batches of postgraduate students of Education from Regional Institute of Education, Bhopal, and Jamia Millia Islamia, New Delhi for one week and two weeks respectively.

## Educational Finance

The twin objectives of the Department are to conduct and promote serious research on economic and financial aspects of education at all levels at national, sub-national and global levels, and to build knowledge and skill capacity of manpower involved in financial planning and management in education sector in India and other developing countries. In the context of educational policy, planning and administration, finances form an important issue. The Department of Educational Finance focuses its activities - research, teaching, training and consultancy - around policy, planning and development issues relating to public and private financing of education, including specifically mobilization of governmental and private resources, allocation of resources and utilisation of resources in all levels of education from primary to higher, estimation of resource requirements. Mostly, but not exclusively, research areas cover policy issues in financing of education; programmes; policy issues are the focus of consultancy/advisory services; and theoretical and empirical issues relating to economics and financing of education form the content of the teaching programmes; planning techniques and management approaches form the content of training and orientation.

## Educational Policy

The Department of Educational Policy is committed to the study of educational policy, analyze and evaluate educational programmes, to identify trends, understand outcomes and guide policy and practice, towards finding solutions to current problems in educational governance and management. As it is dedicated to the mission of enhancing the knowledge of critical barriers facing access, equity, quality and relevance throughout the educational pipeline, department stimulates discussions on various policy issues, from time to time, to generate knowledge base, for the use of policy makers, practitioners and other stake holders in the educational and public policy arena that affects educational system in India. The research focus is on studying above issues of policy and practice in addition to those pertaining to

teaching, learning and performance in educational institutions for creating better linkage between educational research and educational policy. Research outcomes are intended not only to describe the complexities of educational phenomena but also to offer recommendations for action. Keeping in view the recent changes in the society and its influence on education the department will act as a sounding board for the stakeholders at national level for enabling needful actions from time to time. The Department also undertakes training on policy issues for planners, administrators, implementers, and scholars who can act effectively and ethically within the given structures, processes and cultural contexts of organized education in India.

## School & Non-Formal Education

The Department of School and Non-formal Education focuses on issues relating to school education, non-formal education and adult literacy within a rights-based and inclusive framework. The department covers entire sector of School Education including Early Childhood Care and Education. The major tasks of the department are: Research and Development, Teaching, Training and Consultancy to Central and State Government, International and National agencies etc. covering entire sector of school, ECC, teacher, teacher education.

The department undertakes research studies in diverse areas of school education sector, ECC, teacher and teacher education to provide an empirical base in order to contribute meaningful inputs for developing and improving education in India. The department is also engaged in capacity development programmes for national, state and district-level officials to enhance the knowledge, competencies and skills to achieve quality education for all. In order to establish synergic linkages; the department collaborates with national and international organizations to draw upon their experience and expertise in the area of school education. Besides, it plays an advisory role and extends support to the State and Central government in the formulation and implementation of plans and policies.

Being a core and oldest department of the institute, its professional contributions has substantive in the formulation of National Policy on Education (1986), the Programme of Action (1992), Right to Education Act (2009) and Education for All (EFA). During the year 2007-2011, department as part of the 'The Consortium for Research on Educational Access, Transition and Equity' ([www.create-rpc.org](http://www.create-rpc.org)) contributed significantly in the area of 'Educational Access'. Another sizeable project completed are the Mid-decade assessment of the Education for All in India where a National Report, several thematic studies and State-reviews for each of the six EFA goals on ECCE, primary education, learning and life skills for youth and adults, adult literacy and gender equality have been prepared. The department has also been contributing in policy recommendations for SSA, RMSA and Centrally Sponsored Teacher Education (CSTE).

In the recent years, under the auspices of MHRD, department also supported to institutionalize two national programmes to improve school education sector in India i.e., National Programme on School Standards and Evaluation (Shaala Siddhi) and School Leadership Programme. It also facilitated in establishing 'National Center for School Leadership' and 'School Standards and Evaluation Unit' to develop concept, materials and implement both the programmes in right perspectives.

In this era of education outcomes, the quality of education, improve performance and increase demand for effectiveness at all levels of school education have been emphasized and continuing as center of policy deliberations. Acknowledging the quality of education as the foundation to improve quality of life and critical towards achieving Sustainable Development Goals (SDG), the department proposes to engage in determinants and index of quality of school education, school effectiveness and improvement as long-term goal. The department would also focus on ECC as critical area and generate evidence-based knowledge for policy and planning.

## **Major focal areas of the Department**

### **1. *Rights-based and Inclusive Approach to Education***

As a focal point for Right to Education Act of Government of India, the department is continuing its endeavour to provide professional support for the extension of the same to pre-school and secondary levels of education within the inclusive framework.

The diversity of learners within RTE framework is also continuing as a critical area of tasks of the department. More specifically learners with disability, disadvantaged and urban deprived will continue as focus area for research, development and training.

### **2. *Early Childhood Care and Education***

Acknowledging the significance of early childhood as a crucial period for achieving Education for All and Millennium Development Goals, the department is engaged with exploring planning/ management and quality issues in Early Childhood Care and Education; Nutrition and Education with special focus on cognitive development and school participation. As this area has remained one of the weakest links to primary education, the department is expanding the scope of research by addressing law, governance and quality in ECCE sector and revisiting the policy and practices in ECCE.

### **3. *School Quality and Improvement***

The critical role of the school, in the changing education context in terms of its effectiveness and improvement is gaining key importance to provide quality education for all children. The quality initiatives in school education sector, thus, necessitate focusing on schools, its quality and improvement. The evidence of low performance of learners is mounting pressure to look at the schools as developmental and improvement perspectives. Therefore, the central focus of the department will continue and shift towards determinants of school quality index,

school standards and evaluation framework, school improvement guidelines. It would further focus on school accountability and transparency as key to developmental needs of the schools. As the Department has been continuously extending academic support and consultation for the implementation of SSA and RMSA, the generation of new knowledge and concepts would support the programme with new perspectives.

#### **4. *Teacher Management, Effectiveness and Development***

Centrality of teacher management and development is considered as one of the key indicators to achieve quality school education and school effectiveness. Recent research in India and globally has shown that teacher effectiveness is the most important school-based predictor of student learning. The teacher quality can be placed in three broader format - supply and demand issues; preparation of teachers; and identifying and retaining teachers with greatest potential. The emerging teacher roles, their pedagogical understanding, practices of teaching, their working context and relationship with educational stakeholders necessitate a careful understating and examination of what we know about the realities of teacher development and management. Acknowledging the need for qualified teachers, department has been engaged with national level discourse and research studies on varied aspects of teacher management issues both at elementary and secondary levels. While continuing with these research agenda, the scope of the research and development would encompass teacher effectiveness and improvement, teacher performance management and evaluation, teacher accountability and code of conduct and continuing professional development of teachers.

#### **5. *Governance and Management of Teacher Education***

During the last one-decade teacher education system is struggling to address and improve the quality of its programme through curriculum

reform and implementing legal recommendations on duration, norms and standards etc. In spite of the heightened interest in and concerns for improving teacher education and improving teacher's quality, the system continues to be characterized by several deficiencies.

The department is contributing significantly in the policy formulation and planning of teacher education and development. Department not only contributed in the evaluative study of Centrally Sponsored Scheme of teacher education, but also supported formulation of teacher education policy in different plan periods. The preparation of J. S. Verma Committee report on teacher education and development of reports on National Mission on Teacher and Teaching (Pandit Madan Mohan Malviya Scheme) are significant policy interventions by the department and NIEPA.

The governance, regulation and quality assurance in teacher education has been continuing as neglected zone for research and development. Keeping this perspective in view, department is focusing on research, development and national deliberations to provide right policy viewpoints to transform teacher education.

#### **6. *School Leadership***

The role of school leadership for managing change and transformation in school quality and enhancing student performance is gaining momentum in India's policy discourse. Accordingly, department was earlier engaged with capturing the existing gap in the leadership development programme and evolving a framework on school leadership to be institutionalized by different states. The department contributed on a UKERI funded project in close collaboration with National College of School Leadership, Nottingham and extended support to establish a Centre for School Leadership in NIEPA. The Perspective Plan for the Centre has been prepared

separately. The department, while continuing its endeavour, would focus on 'Educational Leadership' by bringing 'Teacher Leadership' to the center stage.

#### **7. Education in Civil Strife Areas and Safe School**

Considering safe school as an important pedagogic tool for school transformation, the department is engaged in developing training materials, capacity development and deliberations to generate renewed understanding amongst different stake holders.

#### **8. Adult Education and Literacy**

The department continues to contribute significantly to policy making and planning of literacy and lifelong learning programmes.

The department has drawn these focal areas from the draft 'Perspective Plan' of NIEPA as long, medium- and short-term strategies. Though department is always following the recommendations given by different international goals like EFA, MDG and SDG, but major programmes are proposed as immediate need of the government and transformative agenda to improve education outcomes and quality education to all learners irrespective of their socio-economic and cultural background.

### **Higher and Professional Education**

The Department of Higher and Professional Education has, over the last quarter of a century, been constantly providing research support and policy advice to the Ministry of Human Resource Development, Government of India. The WTO cell in the Department played an important role in analyzing requests and firming up India's offers under GATS. The Department studied various dimensions of internationalization in higher education and organized seminars to debate and disseminate the same. The Department has been supporting the process of finalization of different five year plans for higher education and has been constantly

working with the Institute Grants Commission for holding seminars and conferences of experts, vice-chancellors, deans and registrars of the universities, directors of academic staff colleges and college principals. It has also provided academic support to the regional conferences of UNESCO, leading to the world conference on higher education, and Planning Commission and World Bank sponsored seminar on performance funding in Indian higher education. Among the annual features of the Department are regular training programmes for the principals of colleges of different categories. The Department has been providing academic support to the Universities and colleges in seminars on various dimensions of access, quality and academic reforms. The Department is actively engaged in the transaction of coursework for M Phil, PhD and diploma programmes on educational planning and administration and has been supervising research scholars on their dissertations.

### **Training and Capacity Building in Education**

The Department focuses on creating linkages at the national and international levels for improving the capacities of their administrators. The programmes are designed based on the needs of trainees at the induction and promotion level. It helps trainees to articulate the important programmes and policies of educational reforms which are in progress in the country and globally. For attaining this Department conducts two Diploma Programmes one for national and the other for international education personnel. At the national level a modular course – Post Graduate Diploma in Educational Planning & Administration (PG DEPA) and at the international level International Diploma in Educational Planning and Administration (IDEPA) are conducted annually. The Department also conducts one month international programme exclusively for the middle level educational administrators namely International Programme for Educational Administrators (IPEA) annually. In addition, all request programmes from Central and State Governments as well as international

request/sponsored programmes are organized by the Department drawing academic support from other Departments/individual faculty members, as required. The aim of the Department is to create a critical mass of trained teams at different capacity levels, including the capacity of individuals and state/UT/district-level teams and institutions in order to equip them with the knowledge and skills required to improve the design, implementation, monitoring and evaluation of educational policies, plans and programmes that constitutes an important component of the capacity development interventions. Capacity development is pursued through the provision of technical assistance and consultancy services to ministries, education departments of the State/UT governments and national and state/district-level institutions. The Department also carries out research in training and capacity building strategies in education besides conducting need assessment studies.

### **Department of Educational Management Information System**

The Department of Educational Management Information System undertakes research and capacity building activities while providing technical advice to strengthen the database and Management Information Systems (MIS) on education in India and across the world. The Department has been playing an important role in strengthening MIS and database on elementary education in India. It manages District Information System for Education (DISE), with support from the Ministry of Human Resource Development (MHRD) and the United Nations Children's Fund (UNICEF). In addition, the Department organizes conferences/seminars on issues relating to statistics on education as also on contemporary issues pertaining to education; and workshops/training programmes on quantitative methods in educational planning. It also undertakes consultancy, with focus on statistics and educational management information systems. The faculty members of the Department were recently actively involved with the Expert Group, constituted by the Ministry of HRD, on Creation of Unified

System of School Education Statistics. Accordingly, the Department made special efforts in this direction under Unified-DISE and data during 2012-2013 was collected for the first time by using uniform data capture format across the country. During 2015-16, data from about 1.5 million schools imparting school education was collected.

The themes of some of the programmes/seminars/workshops organized by the Department include 'Sensitization programmes and workshops on DISE through EDUSAT'; 'Using DISE Data in Educational Research'; and 'Unified System of School Education Statistics', etc.. The Department also offers a course on Quantitative Methods in Educational Planning as part of PGDEPA, besides tailor-made programmes on EMIS for developing countries. The Department faculty also provides policy advice to the Government of India besides several state governments on EMIS and related aspects of school education.

## **Special Chair**

### **Maulana Abul Kalam Azad Chair**

The Chair was instituted by the Ministry of Human Resource Development (MHRD) in NIEPA in 2008 to commemorate the contributions of Maulana Azad, who was the first Minister of Education, Science and Culture of independent India. The main research thrust of the chair is to look into the development of education, science and culture in a historical perspective, while exploring the contributions of Maulana Azad during the definitive decade of the 1950s. It also organizes Maulana Abul Kalam Azad Memorial Lecture every year on National Education Day. The Chair also organizes national seminars on issues related to Maulana Azad's vision and world views.

## Centres

### National Centre for School Leadership

The National Centre for School Leadership predominantly works on four different components viz. Curriculum and Material Development, Capacity Building, Networking and Institution building and Research and Development. Over the past seven years of its existence, the Centre has enabled the launch of the School Leadership Development programme in all states and union territories of the country.

In the year 2019-2020, NCSL was deeply engaged in NISHTHA- National Initiative for School Heads and Teachers Holistic Advancement- world's largest training programme for quality improvement in schools. This was MHRD's mega initiative aiming to build capacities of approx 42 lakh teachers and head teachers across the country. NCSL had generated a module on School leadership Development for school heads and system level functionaries in addition to detailed session details of the School Leadership Package. The NCSL faculty visited all those states

where the programme was implemented to build a strong state resource group for capacity building of school heads to transform their schools. There were around 80 rounds of training on school leadership and management across the states in which the NCSL faculty tirelessly participated and transacted the curriculum. To strengthen its presence in states, NCSL established School Leadership Academies (SLAs) in 27 states that act as an extended arm of the Centre. These SLAs conduct capacity building programmes, document leadership practices and also contextualize various resource materials. A new programme in the form of Live Streaming on School Leadership Development was conducted by NCSL Faculty in 2019-2020. These were episodes broadcasted on "Kishore Manch" DTH TV Channel#31 SWAYAM PRABHA and on "NCERT Official" You tube channel every Friday, 1645-1715 pm. Forty six live streaming sessions were delivered which was watched by the school heads, teachers and professionals. As an added feature, this year, NCSL conducted a request programme from the Ministry of Finance, Department of Economic Affairs for Probationary Officers of the IES-2018 batch and organized a National Consultative meet for school heads and system level officials from KVS, NVS, CBSE, Ashram Schools and KGBVs. Workshop on orientation to School leadership

Academies for Implementation Plan (2019-2020) and Assessment Framework was also organised.

The Centre's annual National Conference on Quality Improvement in Schools was also organized successfully which was inaugurated by Shri Amit Khare, Education Secretary, Higher Education and School Education and Literacy MHRD, Government of India and was chaired by Prof. N.V.Varghese, Vice Chancellor, NIEPA. Fifty school heads and fifteen educational professionals including NCSL faculty and staff participated in this conference.

### **Centre for Policy Research in Higher Education (CPRHE)**

The Centre for Policy Research in Higher Education (CPRHE) (<http://cprhe.niepa.ac.in/>) was established, as an autonomous specialised academic centre in the National Institute of Educational Planning and Administration (NIEPA) to promote research and empirical analyses; and to support policy and planning in higher education in India. The CPRHE aims to serve as a knowledge warehouse, a cutting-edge centre of research and analysis in the area of higher education; and as a think-tank on higher education engaged in promoting scholarly policy discourse on different aspects of higher education development

and management in India. The overarching mission of the CPRHE is to contribute to the generation, sharing and application of knowledge required for the formulation of policies, plans and programmes designed for development of education in India. The Centre will focus its efforts on the current national priorities in several inter-related areas: expanding and improving the provision of higher education; ensuring equity and inclusion; improving quality and relevance; and improving governance and management. It will foster excellence in all aspects of higher education to enable the higher education system in India to achieve global standards on the one hand and to remain locally engaged on the other.

### **CPRHE Activities, 2019-20**

The CPRHE programmes and activities are primarily integrated and centered around the research themes that are prioritized in the Perspective Plans of the Centre. The CPRHE activities planned for the year 2019-20 followed from the Programme Framework and Action Plan prepared and submitted to the UGC and MHRD in January 2017. The CPRHE activities in the year 2019-20 focused on completing the research projects, finalizing national synthesis reports and state research reports, organizing expert committee meetings and seminars. The regular publication

activities of the centre namely, India Higher Education Report (published by Sage), CPRHE Research Paper Series, preparation of Policy Briefs based on CPRHE research and CPRHE research reports were carried out in the year 2019-20. The details of the activities are described below.

## Research

Empirical research is the foremost core activity of the CPRHE undertaken by its faculty members. The CPRHE has successfully completed the first cycle of empirical studies that have covered themes pertaining to student diversity and social inclusion in higher education; teaching and learning in Indian higher education; governance and management of higher education in India; financing of public higher education institutions in India: flow of funds and their utilization; study of external and internal quality assurance at the institutional level and employment and employability of higher education graduates. These large-scale multi-institutional studies have been implemented in selected institutions located in 22 states of India. Close to 33 research reports have been prepared and are at various stages of finalization.

**Research Projects on Request by MHRD/UGC:** In addition to the CPRHE research studies, the Centre has carried out research and evaluation studies on request by the Ministry of Human Resource Development (MHRD) and the Institute Grants Commission (UGC). On request studies have been carried out in research areas that cover an analysis of National Eligibility Test (NET) results of 4.8 million candidates; evaluation of the implementation of the PMMMNMTT scheme; study of the oversupply and concentration of higher education institutions among different regions and states in India; evaluation of the National Research Professorship (NRP) scheme introduced by the Government of India in 1949 (at the request of MHRD) and prepared a concept note on National Higher Education Qualification Framework (NHEQF) for the UGC.

In the year 2019-20, at the request of MHRD, the CPRHE completed the study on issues related to Fixation of Fees in Private Deemed to be Universities in India. The project was implemented in the states of

West Bengal, Odisha, Maharashtra, Haryana, Uttar Pradesh, Tamil Nadu, Karnataka and Rajasthan. The report has been submitted to the MHRD and a CPRHE research paper is being prepared from the study.

At the request of the UGC, the Centre carried out a large scale evaluation study of the UGC coaching schemes for SC/ST/OBC/Minorities in universities and colleges. The project was implemented in the states of Uttar Pradesh, West Bengal, Jharkhand, Gujarat, Kerala, Punjab, Haryana, Maharashtra, Meghalaya, Tripura. The report writing is in progress.

On the request of the Indian Council of Social Science Research (ICSSR), the CPRHE is currently preparing modules on dimensions of managing student diversity in higher education institutions in India. The modules are primarily based on the CPRHE research study titled 'Higher Education for Civic Learning and Democratic Engagement: A Study of Diversity and Inclusion in Higher Education Institutions'. The aim of the modules is to sensitise faculty and administrators in higher education on issues related to student diversity, academic integration and social inclusion, including the role of higher education in civic learning and democratic engagement. The modules are being developed on the following themes:

Module 1: Student Diversity and Social Inclusion in Higher Education: Concepts and Approaches

Module 2: Classification of Student Diversity in Higher Education

Module 3: Approaches to Achieving Academic Integration on Campuses

Module 4: Forms of Discrimination in Higher Education

Module 5: Social Inclusion in the Campus

Module 6: Institutional Mechanism for Managing Student Diversity

Module 7: Student Diversity, Civic Learning and Democratic Engagement

The preparation of the modules is in progress.

**International Research Projects:** In the year 2019-20, the CPRHE also initiated research on two international collaborative projects. These are: (a) Planning for flexible learning pathways in higher education (in collaboration with IIEP-UNESCO, Paris) and (b) Inequalities and higher education: Between public policies and private sector development (in collaboration with ESPI, Paris).

**New Research Projects:** In the year 2019-20, the CPRHE faculty members developed and prepared research proposals on the second round of research studies which are in the areas identified in the CPRHE Programme Framework and Action Plan. The CPRHE research proposals for the second round of research were presented to the respected members of Executive Committee (EC) of the CPRHE that met in February 2020. Based on the suggestions received from the members of the EC, the new research proposals are being finalised on the following themes:

- i) College Readiness and Student Success in Higher Education in India
- ii) Language and Inequalities: A Study of Medium of Instruction in Higher Education in India
- iii) New Managerialism in Higher Education: The Changing Management of Public Higher Education Institutions in India
- iv) Financing of Technical and Professional Education: A Comparative Study of Public and Private Higher Education Institutions in India
- v) Integrating Digital Technology with Teaching and Learning in Indian Higher Education
- vi) Professionalisation of Academics in Higher Education

### **Publications**

In addition to research, there are four regular activities that were undertaken by the CPRHE in the year 2019-2020. These include preparing and finalising India Higher Education Report (IHER) published by Sage, publication of Research Paper Series, preparation of CPRHE Policy Briefs, and, organisation of international seminar on the theme of the CPRHE research.

**India Higher Education Report:** Four IHERs have already been published on themes pertaining to issues and challenges facing higher education in the country, including on equity, teaching-learning and quality, and, financing of higher education. In the year 2019-20, the fifth IHER on governance and management of higher education in India was finalized and now is in press with Sage. Also in the year 2019-20, the CPRHE initiated preparation for the sixth India Higher Education Report (IHER) 2020 which focuses on employment and employability of higher education graduates. The report is under-preparation to be published by Sage. The CPRHE also plans to prepare the next issue of India Higher Education Report 2021 (IHER 2021) on the theme 'Private Higher Education in India'.

**CPRHE Research Paper Series:** The Centre brings out a regular publication series titled 'CPRHE Research Papers'. The Centre has already published twelve papers under the series. In the year 2019-20, the CPRHE published its twelfth research paper on the theme: Equity and Inclusion in Higher Education in India. The thirteenth CPRHE research paper on analysis of fees in private higher education institutions is in press

**Policy Briefs:** In the CPRHE research cycle, preparing policy briefs on selected research themes is considered as an important mechanism towards a research-based engagement with the institutional level decision-making process for institutional change. Policy Briefs are primarily based on the research studies completed by the Centre and similar studies by other organizations. Based on the findings from the study on 'Higher Education for Civic Learning and Democratic Engagement: A Study of Diversity and Discrimination in Higher Education Institutions', in the year 2019-2020 the CPRHE policy briefs titled: CPRHE Policy Brief 1: Equalising Access to Higher Education in India; CPRHE Policy Brief 2: Achieving Academic Integration in Higher Education in India; CPRHE Policy Brief 3: Developing Socially Inclusive Higher Education Campuses in India were translated in Hindi and these were also uploaded on the UGC website. The link to policy briefs uploaded on UGC website is the following

[https://www.ugc.ac.in/pdfnews/8714294\\_CPRHE-POLICY-BRIEF-1-Diversity-and-Inclusion-in-HE.pdf](https://www.ugc.ac.in/pdfnews/8714294_CPRHE-POLICY-BRIEF-1-Diversity-and-Inclusion-in-HE.pdf)

[https://www.ugc.ac.in/pdfnews/4755136\\_CPRHE-POLICY-BRIEF-2-Diversity-and-Inclusion-in-HE.pdf](https://www.ugc.ac.in/pdfnews/4755136_CPRHE-POLICY-BRIEF-2-Diversity-and-Inclusion-in-HE.pdf)

[https://www.ugc.ac.in/pdfnews/0373387\\_CPRHE-POLICY-BRIEF-3-Diversity-and-Inclusion-in-HE.pdf](https://www.ugc.ac.in/pdfnews/0373387_CPRHE-POLICY-BRIEF-3-Diversity-and-Inclusion-in-HE.pdf)

**Research Reports:** Based on the research studies completed by the Centre, the CPRHE brings out research reports. 33 research reports have been prepared by the CPRHE including reports for on-request research studies by MHRD and UGC, and research reports and monographs for international Projects. In the year 2019-20, some of the state research reports were finalised and have been uploaded on CPRHE website.

### **Seminars and Meetings**

**International Seminars:** Every year the Centre organises one international seminar on a specific theme related to the research area being explored at the CPRHE. The objective of the seminar is to bring together researchers and experts working globally on the identified theme. Six international seminars in collaboration with the British Council have been organised by the CPRHE. In the year 2019-2020, the sixth international seminar on 'Governance and Autonomy in Higher Education' was organised on 20 and 21 February 2020. The CPRHE brings out a thematic report on each seminar and also plans for a substantive volume based on the selected papers presented in the seminar. Seven CPRHE Seminar Reports on the proceedings and themes emerging from the discussions taking place in the national and international seminars have been published. In the year 2019-20, the CPRHE Seminar Report of the international seminar titled 'quality and excellence in higher education' held in 2018 and the CPRHE Seminar Report of the international seminar titled 'Employment and Employability of Higher Education Graduates' held in 2019 were published.

**Nordic-India Higher Education Summit:** In collaboration with the Nordic Centre in India (NCI), the Centre organized the first Nordic-India Higher Education Summit on October 31, 2019. The event brought together educationists and policy makers from India and Nordic countries. The objective of the Nordic-India Higher Education Summit was to encourage and foster Nordic-India relationship on internationalisation of Higher Education opportunities.

**Research Workshops and Meetings:** In the year 2019-20, the Centre organised two peer review meetings of the authors of the IHER 2020 on Employment and Employability of Higher Education Graduates. In addition to peer-review meetings, and meetings related to each empirical research project at the CPRHE (such as expert committee meetings, research instrument development workshops, and research methodology meetings), the Centre has also organised regular consultative meetings with the State Higher Education Councils (SHEC). The State Councils of Higher Education have a central role in the implementation of RUSA and indeed in the broader development of higher education at the state level. The SHEC meetings are generally attended by vice chairpersons of State Councils, senior officials from the Directorate of Collegiate Education and Departments of Higher Education in the states. In the year 2019-2020, the SHEC meeting scheduled to be held on 24 and 25 March, 2020 had to be postponed due to the unfortunate Covid-19 pandemic situation.

### **Policy Support**

The CPRHE has been regularly extending policy support to decision-making bodies such as MHRD, UGC, NITI Aayog and other HE policy makers by undertaking research and evaluation studies at their request, through preparing policy documents and participating in policy level discussions. In the process of preparation of the draft National Policy on Education, the Centre prepared documents extensively on different topics for the TSR Subramaniam Committee (committee set up for preparation of the Education policy), participated in the discussions of the drafting committee for National Policy on Education (Kasturirangan Committee) and, helped

develop a Ranking Framework for Higher Education Institutions in India.

### Visiting Fellows Programme

The Centre has provision for inviting Visiting Fellows to stay with the Centre for fixed terms. The intention is to attract and host international faculty members and research scholars from India and abroad. The first visiting professor of the Centre was Professor William G. Tierney who is a globally renowned professor of higher education and is currently a Wilbur-Kieffer Professor of Higher Education and Co-director, Pullias Centre for Higher Education, Rossier School of Education, Institute of Southern California, USA. In the year 2019-20, the CPRHE hosted Professor William G. Tierney again as a visiting professor. CPRHE also hosted faculty members Dr Henderson, Institute of Warwick and research fellows Ms. Anjali Thomas from Institute of Warwick, UK, Mr. Shashank SR from Graduate Student of Public Policy and Governance, Tata Institute of Social Sciences (TISS) and Ms. Anjali Anil from Tata Institute of Social Sciences (TISS). In February 2020, CPRHE had the opportunity to host Professor Teboho Mohja who is a Professor and Program Director, Higher Education, New York Institute.

### List of CPRHE Publications for the Year 2019-20

The list of publications brought out by the CPRHE is given below. This list does not include numerous publications by individual faculty members in academic journals and books. Individual contributions of the faculty members start from page number 9.

#### India Higher Education Report

1. *India Higher Education Report (IHER) 2020: Employment and Employability of Higher Education Graduates in India* by N.V. Varghese and Mona Khare is under preparation to be published by Sage.
2. *India Higher Education Report (IHER) 2019: Governance and Management of Higher Education* Edited by N.V.Varghese and Garima Malik is in Press with Sage.

3. *India Higher Education Report (IHER) 2018: Financing of Higher Education*, Edited by N.V. Varghese and Jinusha Panigrahi, SAGE, New Delhi, 2019.

#### CPRHE Research Papers Series

The list of research papers are as follows:

1. *Fees in Private Higher Education Institutions: A Study of Deemed to be Universities in India* by Jinusha Panigrahi. CPRHE Research Paper 13, New Delhi, CPRHE/NIEPA (forthcoming).
2. *Equity and Inclusion in Higher Education in India* by N.V. Varghese, Nidhi S. Sabharwal and C.M. Malish. CPRHE Research Paper 12, New Delhi, CPRHE/NIEPA, 2019.

#### International Seminar Report Series

1. *Report on the International Seminar on "Governance and Autonomy in Higher Education"* by N. V. Varghese and Garima Malik. (Organized in Collaboration with British Council), CPRHE/NIEPA, New Delhi. (under-preparation to be published).
2. *Report on the International Seminar on "Employment and Employability of Higher Education Graduates"* by N. V. Varghese and Mona Khare. (Organized in Collaboration with British Council), CPRHE/NIEPA, New Delhi, 2019.
3. *Report on the International Seminar on "Quality and Excellence in Higher Education"*, by N. V. Varghese and Anupam Pachauri. (Organized in Collaboration with British Council), CPRHE/NIEPA, New Delhi, 2019.

#### CPRHE Policy Briefs

1. निधि एस. सभरवाल और मलीश सी. एम. (2019). भारत में उच्च शिक्षा की सुलभता में समानता. CPRHE नीति सार 1, प्रथम हिन्दी संस्करण, फरवरी, 2019. CPRHE/NIEPA. New Delhi.
2. निधि एस. सभरवाल और मलीश सी. एम. (2019). भारत में उच्च शिक्षा का शैक्षणिक समेकन. CPRHE

नीति सार 2, प्रथम हिन्दी संस्करण, फरवरी, 2019. CPRHE/NIEPA, New Delhi.

3. निधि एस. सभरवाल और मलीश सी. एम. (2019). भारत में उच्च शिक्षा के लिए सामाजिक समावेशन से संपन्न परिसरों का विकास. नीति सार 3, प्रथम हिन्दी संस्करण, फरवरी, 2019. CPRHE/NIEPA, New Delhi.

### CPRHE Research Reports

1. "Fixation of Fees in Private Deemed-to-be Universities in India" by Dr. Jinusha Panigrahi, CPRHE/NIEPA, Research Report submitted to Ministry of Human Resource Development (MHRD, Government of India, New Delhi, 2019.
2. Higher Education Development in India, Institutional Forms and Nature of Social Access, Inputs for the India Country Report by Dr Nidhi S. Sabharwal and Professor Henry Odile. CPRHE research report submitted to IRD-Ceped for ESPI (Enseignement Supérieur Privé et Inégalités) International Research Project, Paris. 2019.
3. Monograph of Private Higher Education Institutions (IESPs) A Case of Manipal Institute,

Karnataka, India by Dr. Jinusha Panigrahi, CPRHE/NIEPA. Monograph submitted to IRD-Ceped for the ESPI International Project- . 2020.

4. Monograph of Private Higher Education Institutions (IESPs) A Case of Manav Rachna International Institute, Haryana, India by Dr. Jinusha Panigrahi, CPRHE/NIEPA. Monograph submitted to IRD-Ceped for the ESPI International Project. 2020.
5. Monograph of Private Higher Education Institutions (IESPs) A Case of Jaypee Institute of Information Technology, Uttar Pradesh, India by Dr. Jinusha Panigrahi, CPRHE/NIEPA. Monograph submitted to IRD-Ceped for the ESPI International Project 2020.

### List of meetings and workshops organized by the CPRHE in the year 2019-20

1. First Peer Review Meeting of IHER 2020 on Employment and Employability of Higher Education Graduates on 20 June 2019.
2. Second Peer Review Meeting of IHER 2020 on Employment and Employability of Higher Education Graduates on 26 September 2019.
3. Nordic-India Higher Education Summit on Internationalisation for Improving Access,

- Equity and Sustainability in Higher Education on 31 October, 2019.
4. Interactive Session with a Group of 24 Students from New York Institute on 23 January 2020.
  5. International Seminar on Employment and Institutional Autonomy and Governance on organised on February 20 and February 21, 2020 at India Habitat Centre, New Delhi.
  6. CPRHE Executive Committee Meeting to be held on 26 February 2020.

## National Resource Centre for Education

The National Resource Centre for Education established at the National Institute of Educational Planning and Administration under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT) has been established on January 16, 2018. The NRCE, uniquely one such centre under the PMMMNMTT scheme, is envisaged as an apex body with the vision of developing teachers who are able to enhance their potentials and push the frontiers of knowledge through research, networking and sharing of existing resources in the competitive knowledge world.

The objectives of the NRCE range from developing the national repository of all resources for teachers for the use of teachers; developing the functional capabilities of teachers through the use of knowledge resources; enhancing the overall development of students through the advanced capabilities of teachers; and developing the networking among teachers in higher education in India and abroad. In its approach of assembling as well as creating resources, the NRCE, with its focus on four components- subject wise resources, teaching learning resources, research resources and Student Satisfaction Survey, and duly guided by the Committees for Advisory, Legal as well as IT Support, the NRCE has made significant progress in the year 2019-2020. The Centre fulfilled its goal of strengthening the team by recruiting four Joint Advisors, apart from also conducting Tier Two and / Finalization Workshops for Life Sciences Resources, Economics Resources, as well as Teaching- Learning and Research Resources.

The NRCE has contributed in a unique way in enhancing the sectoral understanding for teachers in higher education, and enhancing their capabilities and being a platform for evolved networking of teachers in higher education, apart from also bringing forth the stakeholders perspective (students).The Centre is also looking to expanding its reach by working towards developing the largest repository of resources for teachers in higher education, developing a directory of experts in subjects, and aligning it's objectives with the NEP, 2020.

## Units

### Unit on School Standards and Evaluation

The critical role of the schools in the changing education context in terms of its effectiveness and improvement is gaining key importance to provide quality education for all children. School as an institutional space for learning is now recognized as the key agency to improve learning outcome and to realize the educational objectives. Internationally and nationally, there is gradual shifting of focus towards schools to engage themselves in changing the schooling processes and practices. Therefore, to meet the demands for high quality education, a growing emphasis is being placed upon comprehensive and holistic school evaluation system as central to school improvement initiatives. The purpose of school evaluation needs to be understood in the context its role and contributions to the wider goal of improving the quality of school education.

The National Programme on School Standards and Evaluation (Shaala Siddhi) programme is a national initiative to institutionalize comprehensive school performance evaluation system in India. It visualizes 'School Evaluation' as the means and 'School Improvement' as the goal. The major objective for creating Shaala Siddhi programme is to establish and refer to an agreed set of standards and processes which all schools must strive to achieve in a sustainable

manner. This programme provides clear pathways for each school, for self and external evaluation towards school improvement with accountability. School evaluation therefore refers to the evaluation of an individual school-its performance in a holistic manner. It facilitates the schools to understand their strength, opportunities for improvement, prioritizing actions, decision making and creating evidence-based support for their improvement.

As a sequel to the formal launch of the Shaala Siddhi programme by former Hon'ble Human Resource Development Minister, all the states and UTs have implemented the programme effectively following a well designed strategic plan. In the four years of its implementation, the programme has substantially generated momentum towards school performance management leading towards improved performance of schools and improved learning outcomes.

The major objectives for creating Shaala Siddhi programme are:

- To establish and refer to an agreed set of standards and school evaluation processes;
- To develop a technically sound conceptual framework, methodology, instruments and

process of school evaluation to suit the diversity of Indian schools;

- To develop a strategic plan for desired preparedness for effective implementation and institutionalization of school evaluation;
- To build capacity for school evaluation in order to make collective professional judgment and action for continuous improvement;
- To empower schools and system to undertake self and external evaluation in rightful manner;
- To facilitate school and system to link self and external evaluation reports for action leading towards school improvement;
- To facilitate the system to be responsive to school specific needs through appropriate policy interventions;
- To enable evidence based decision making and policy formulation to build a transparent and accountable school education system.

The process of development of the Shaala Siddhi programme followed a very systematic approach. It is strongly supported by evidence- based national and international researches. The programme is based on

the notion of 'All children can learn' and 'All school can improve'. The programme further focused on methodology for 'How to evaluate the performance of 1.53 million diversified Indian schools and facilitate them to take action for improvement? Major phases followed the institutionalization of the programme are: Preparedness; Implementation of school evaluation by the states and UTs; Effectiveness and usability of school evaluation reports for quality improvement.

### **Phase-I: School Evaluation for Improvement: Preparedness for the Shaala Siddhi Programme**

1. Development of Concept, Tools, Methodology and Materials for School Evaluation (Shaala Siddhi)
  - i. **School Standards and Evaluation Framework (SSEF)** - The School Standards and Evaluation Framework is developed as a comprehensive instrument for school evaluation. It enables the schools to evaluate its critical performance areas against the well defined criteria in a focused and strategic manner. The Framework identifies 7 Domains as 'key performance areas' and 46 core standards' as reference points for evaluation and action for improvement.
  - ii. **School Evaluation Dashboard**- A Comprehensive evaluation report of school along with action for school improvement.
  - iii. **Guideline for School Self-Evaluation**- The guideline is intended to facilitate the school self-evaluation process in a sequential and guided manner. The schools need to follow the guideline to make accurate professional judgement.
  - iv. **Guideline for School External-Evaluation**- The guideline provides clear pathways for conducting effective external evaluation in a sequential and guided manner.
  - v. **Guideline for Evidence-based School Improvement**- The guideline supports the

schools to link school evaluation with school improvement. It facilitates the schools to undertake action oriented activities across key domains through prioritization in an incremental manner.

These documents are translated in 16 languages and distributed to all the schools by the states and UTs. Soft copies are also available in the web portal.

### **2. IT Enabled Support to the Shaala Siddhi Programme** ([www.shaalasiddhi.niepa.ac.in](http://www.shaalasiddhi.niepa.ac.in))

Shaala Siddhi is supported by a dedicated and interactive web portal. The web portal has all programme related documents which can be downloaded by all the users. The web portal has uploading provision for school self and external evaluation dashboards. A consolidated school evaluation report is generated online encompassing both self and external school evaluation reports. The practitioner, policy maker, all other stakeholder can access the information, thus ensuring transparency and accountability of quality school education.

### **3. Capacity Building Programmes**

Series of capacity building programmes are organized at national, state, district block and cluster levels to build preparedness to implement Shaala Siddhi programme in true spirit. Nearly 10 lakh teacher educators, education officials, head teachers and teachers have trained for preparedness, strategic planning and the implementation of the Shaala Siddhi programme over the last 3 years.

### **4. Institutional and Structural Arrangements**

Shaala Siddhi programme intends to reach all the schools of India and preparing them for the effective implementation of school self-evaluation processes and also make use of evaluation report for school improvement. On the basis of strategic planning for implementation, states and UTs have created:

- **Hand-Holding Approach:** The 'Core Groups' at State, District, Block and Cluster levels are constituted. The groups Hand-Holds each other

for effective implementation of the Shaala Siddhi interventions to reach each school. Approach each state and UT has a designated 'Shaala Siddhi Nodal Officers' who is responsible for connecting link between national and state components. Nodal officers are equally responsible for monitoring the effective implementation and progress.

- **Block Chain Approach:** Interconnectivity is created with the schools by creating WhatsApp Groups, videos in local languages and also using other software and connectivity.

## **Phase-II: Implementation of School Evaluation**

### **1. Shaala Siddhi: Self and External Evaluation**

School self-evaluation is an annual feature and it is implemented continuously by all the States and UTs for the three consecutive cycles (2016-18, 2018-19, 2019-20). External-Evaluation of 33 percent of schools in each state and UTs would complete in one-year cycle.

During the year 2019-20, 459583 schools have completed self-evaluation, where 420607 schools have uploaded the school Self-Evaluation dashboard. All States/ UTs have initiated external-evaluation in the year 2018-19. External-Evaluation of 50618 schools have completed, whereas, 49018 schools have uploaded school External-Evaluation dashboard. The timeline for conducting and uploading of self-evaluation (2019-20) and external evaluation (2018-19) was on the requests of States and UTs.

### **2. Capacity Building Programmes**

Series of capacity building programmes were organized for States/UTs to build preparedness and implementation of Shaala Siddhi programme in true spirit. Nearly 11 lakh teacher educators, education officials, head teachers and teachers have been trained for preparedness, strategic planning and implementation of Shaala Siddhi programme over the last 4 years.

### **3. Web portal Management**

Shaala Siddhi is supported by a dedicated and interactive web portal ([www.shaalasiddhi.niepa.ac.in](http://www.shaalasiddhi.niepa.ac.in)). The web portal has all programme related documents which can be downloaded by all the users. The web portal has uploading provision for school self and external-evaluation dashboards. A consolidated school evaluation report is generated online encompassing both self and external school evaluation reports. The practitioner, policy maker, all other stakeholder can access the information, thus ensuring transparency and accountability of quality school education.

## **Phase-III: Beyond School Evaluation: Evidence-based School Improvement**

### **1. Evidence-based School Improvement**

Shaala Siddhi programme visualizes school evaluation as the means to facilitate the school improvement process in a sustainable manner. As a sequel to the school evaluation processes (self and external), schools are prioritizing the area of improvement based on their performance levels against 46 Core Standards. In this regard, 'Guidelines for Evidence-based School Improvement' is already given to the schools to improve their performance level.

### **2. Supporting Schools towards Improvement: Strategic Planning for School Improvement**

The school evaluation report are used effectively by schools themselves, system and multiple stakeholders. School self-evaluation as nucleus to process of school evaluation facilitates school to identify its strength and opportunities for improvement. This process empowers the schools for better decision making, plan for improvement and incrementally ensuring accountability. The consolidated evaluation report of a school including both self and external is helping schools, blocks, districts and states for extending school specific support and resource management. This process is incrementally empowering the schools for self-evaluation and builds a culture of professional judgments with transparency.

### 3. Uses of School Evaluation Dashboards

The school evaluation dashboard provides the comprehensive information about a school relating to basic information (demographic profile, attendance rate, learning outcomes, performance in key subjects and teacher profile and attendance), school evaluation composite matrix (seven key domains and forty-six core standards) and action for continuous school improvement. At the outset, schools as the first user utilizing the self-evaluation report for improving the day-to-day activities and processes of the school. Further, schools are also using for evidence-based school improvement in a continuous and incremental manner. Secondly, the Self-Evaluation Dashboard is used as the core document for the external-evaluation process. The external evaluators link school level performance with overall performance and extend support for taking action for school improvement in the rightful manner.

### 4. School Performance Analytics, Narratives and Voices of Schools

School Performance Analytics are generated on the basis of school self-evaluation Dashboards at three levels:

1. Core Standards wise analysis of school self-evaluation reports (Level 1- 2-3)
2. Domain specific performance of schools (Consolidated core standards under each key domain)
3. Aggregated scores of schools on 46 core standards (7 key domains) at states and National level

Similarly qualitative analysis is generated based on narratives and voices of schools. More than 500 schools have shared their perspectives with states and NIEPA. All the reports have been shared with the states and UTs.

### 5. Scalability and Sustainability of Shaala Siddhi Programme

In order to reach 1.53 million schools and to make Shaala Siddhi as annual feature, there is need for scaling up the Shaala Siddhi programme. The scalability and sustainability of Shaala Siddhi programme necessitate financial resources, state ownership, human resource preparedness and above all understanding the “Concept of Shaala Siddhi –School Performance Evaluation is critical to School Quality Improvement”.

### Project Management Unit

The Project Management Unit (PMU) at the National Institute was set up with the objective of supporting and managing in-house and sponsored research. It functions as a centralized system of administration for proper coordination of all the externally funded and internal research projects of NIEPA, Ministry of Human Resource Development, Department of Education’s Grant-In-Aid Scheme for Studies, Seminars, Evaluation etc. for implementation of Education Policy and NIEPA’s scheme of assistance for Studies in the Area of Educational Planning and Administration (individual researcher).

While the Unit normally provides administrative support for managing various projects undertaken in NIEPA, including facilitating the project approval process, monitoring the progress in project implementation and providing related support services, it also handles all matters pertaining to funding and accounting of all expenditures of in house and NIEPA – sponsored projects besides issues relating to project recruitments and appointments.

The PMU takes care of all the work related to Completed and ongoing research projects/studies in the Institute apart from recruitment of project Staff, budgeting, accounting of various projects to the evaluation of completed studies.

The PMU manpower includes the Unit Head, who is nominated by the Vice-Chancellor, and five other academic and support staff. The latter consists of a Project Consultant, a Project Manager and a Junior Consultant.

## Unit for International Cooperation (UIC)

Given India's large higher education system and the growing pool of youth with nearly 1,000 universities and 40,000 colleges enrolling more than 36 million students, the country understands the need for quality higher education and internalises the role of internationalisation of the sector in enhancing the quality of its graduates. In fact, internationalization has always been an important aspect of higher education development in India with the country being the second largest sender of international students. However, India attracts only 46,000 students mostly from the South Asian region. India is also lagging behind in global rankings of higher education. Given this background, internationalisation is re-emerging as a major focus in the discussions on Indian higher education.

India plans to make itself a preferred destination for international students and eventually develop as an important educational hub for international education. The country is also keen to improve its research

ecosystem and has launched many important schemes and programmes viz. Study in India Programme, Scheme for Promotion of Academic and Research Collaboration (SPARC) and Global Initiative of Academic Networks (GIAN). Older programmes like the Colombo plan and ITEC have laid a solid foundation upon which to build current efforts. India already has educational cooperation activities with major international organizations, multilateral bodies and bilateral agencies. It is also playing an important role in the network universities that are already set up or are in the process of being set up.

### Overview of Unit for International Cooperation (UIC) in NIEPA

India's leadership potential in the area of international education cooperation can be realized when it is actively engaged, both in the planning and financing of global initiatives. To achieve the objective of playing a lead role in international cooperation requires a mechanism to provide an analysis of the context of specific cooperation arrangements, generation of empirical evidence, preparation of documents and a

regular feedback to the MOE. To facilitate this needs an institutional arrangement and it forms the context for setting up the Unit for International Cooperation (UIC) in NIEPA from August 2019 – 31.3.2020).

### Core Functions of the UIC

The overall responsibility of the unit is to extend support to MOE and other decision making bodies on matters related to international cooperation in education through its research and documentation, advisory and monitoring role. More specifically, the Unit has the following functions:

#### Functions

1. To analyze and document trends and patterns in international cooperation between India and other countries, bilateral and multilateral agencies in the field of education.
2. To help prepare background documents and briefs for official participation in the meetings in the area of international cooperation in education
3. To coordinate and strengthen India's network activities with intergovernmental, bilateral and multi-lateral agencies of cooperation in education.
4. To help design, implement and monitor programmes of cooperation as may be requested by the MOE.
5. To prepare a report on the international cooperation activities carried out by the MOE each year.

The UIC has one Advisor, five Deputy Advisers, one junior project Consultant and one Computer Assistant. The Advisor is in-charge of the Unit and coordinates its activities. Professor K. Ramachandran is the Senior Advisor to the UIC. The Unit is headed by the Vice Chancellor of NIEPA.

Based on various activities of the International Cooperation Cell (ICC) of MOE, the following functional responsibilities are assigned to the Advisor and the Deputy Advisors.

Sl. No.	Name of the vertical	Broad Responsibilities
1.	The Americas (Northern America and Latin America, and the Caribbean)	G-20, E-9, and supporting work/ matters relating to bilateral agreements/ MoUs with countries within the Americas.
2.	Europe	European Union, OECD, and supporting work/ matters relating to bilateral agreements/ MoUs with countries within Europe.
3.	Asia Pacific (Eastern Asia, South-eastern Asia, and the Pacific)	ACD, BRICS, ASEAN, IBSA, and supporting work/ matters relating to bilateral agreements/ MoUs with countries within Asia Pacific and member countries of ACD, BRICS, ASEAN and IBSA
4.	Other Asia region (Southern Asia, Caucasus, Central Asia and Western Asia)	Commonwealth, SCO, BIMSTEC, SAARC, and supporting work/ matters relating to bilateral agreements/ MoUs with member countries of SCO, BIMSTEC and SAARC.
5.	Africa (Sub-saharan Africa, Northern Africa)	African Union, supporting work relating to bilateral agreements/ MoUs with countries in Africa.
6.	UNESCO	UNESCO, ASEM

# Academic Support Service Units

## Library and Documentation Centre and Digital Archives

The National Institute maintains a state-of-the-art library having a wide and rich collection of books and other materials relating to the areas of educational policy, educational planning, educational administration and allied disciplines. The Library and Documentation Centre provides various services to its users viz. CAS, SDI, Reference Service, Web OPAC, Circulation, Xeroxing. The Library and Documentation Centre has been a member of Developing Library Networking (DELNET) to promote sharing of its resources, both at national and international levels. The Library presently has a collection of over 59,208 books/documents and 7,616 journals besides a rich collection of reports of International Seminars and Conferences organized by International Agencies like UNO, UNDP, UNESCO, ILO, UNICEF, World Bank, OECD etc.. The Library also receives 250 journals and magazines, both

national and international, in the areas of educational policy, planning and management and other allied fields. The Library has also subscribed to three on-line journals databases, like JSTOR, ELSEVIER and SAGE for its users. The Documentation Centre of NIEPA has about 17,993 volumes, comprising a unique collection of official reports, Central and State Government publications, Educational Surveys, Five-year plans, Census reports and non print materials etc.. The Documentation Centre also has very important international reports and surveys on education which are needed for educational research and policy – making. A digital archives has been set up in the National Institute to provide access to all documents in soft form in one place as a source of reference and research on all aspects, sectors and levels of education in India. The purpose is to create a community of users as an extended face of the National Institute. Latest ICT, including high-end fully automatic digital scanner, is used for the design, storage and retrieval of digital documents. User friendly software, with multiple search options, is an in-built feature of the digital archives.

A Digital Archives of education documents has been established in 2013. The aim is to place all education documents in one place in soft version. The collection of digital archives is already more than 11,000 and growing. The documents have been classified under 18 categories, and further sub-divided under Central and State and other such categories. The digital archives provides access to policy and other related documents covering all aspects, sectors and levels of education system since Independence, so that no policy analyst and planner, researcher, and others interested in education need to go anywhere else for reference and use of the data. The digital archives is intended to generate a community of users as an extended face of NIEPA.

## Computer Centre

The Computer Centre backs up the Information Technology needs of the Institute. It provides computing facilities and Internet services to all the trainees and staff members of the National Institute. Network

points have been provided to all the faculty and staff members to access the Network Resources. Individual email accounts have been provided to all the faculty and staff members on NIEPA Domain. 1 GBPS internet connectivity is provided to all the faculty members of the Institute. Desktop computers have been provided to all the staff members and laptops to all faculty members. Appropriate network security is being maintained in the Institute. The Centre is equipped with state of the-art computing facilities, which include IBM E-Series Server connected over a fast Ethernet. The present infrastructure consists of enhanced CAT 6 cabling; centralized computing facility, consisting of high performance servers and client PCs; uplink to internet and other services; appropriate power backup facility through heavy duty multiple UPS.

### **Publication Unit**

The National Institute has a publishing programme for dissemination of information on research and development in education. NIEPA's Publication

Unit plays a vital role in the Institute's commitment to disseminate knowledge and information relating to the areas of educational policy, planning and administration by bringing out materials of various training programmes, and other related content, in the form of reports, books, journals, newsletters, research papers and other publications. Some of the periodicals published by the National Institute include the Journal of Educational Planning and Administration, Pariprekshya, a journal in Hindi language, and ANTRIEP Newsletter. The Publication Unit of the National Institute also caters to some specific needs of the Ministry of Human Resource Development (MHRD), Government of India.

### **Hindi Cell**

The Cell offers academic support to research, training and dissemination through rendering in Hindi professional literature on educational planning and management. The cell also helps in implementing the official language policy.

# Governance and Management

The National Institute of Educational Planning and Administration (NIEPA) is a 'Deemed to be University' under Section 3 of the UGC Act 1956 and registered under the Societies Registration Act, 1860. The authorities of the National Institute include the President, the Chancellor, the Vice-Chancellor, the Council, Board of Management, the Academic Council, the Finance Committee and the Board of Studies and such other authorities as may be declared or nominated by the Board of Management of the Institute. The Vice-Chancellor of the Institute is the Principal Academic and Executive Officer.

**NIEPA Council:** The NIEPA Council is the apex body of the Institute headed by the President. The main function of the Council is to carry out the objectives of the National Institute as set forth in the Memorandum of Association. The Council is responsible for the general supervision of all the affairs of the National Institute. The Minister of Human Resource Development, Government of India is the President of the NIEPA Council. The Vice-Chancellor of the National Institute is its Vice-President. The ex-officio members of the Council include Secretary to the Government of India (GoI), Department of Higher Education, Ministry of Human Resource Development (MHRD); Secretary to the Government of India, Department of School Education and Literacy, MHRD; Chairperson, Institute Grants Commission (UGC); Director, National Council of Educational Research and Training (NCERT); and Financial Advisor, MHRD,

Government of India. Other members of the Council include three eminent educationists nominated by the President, five persons representing the States/UTs nominated by the President (one each from the five zones), and one member of the faculty of the National Institute nominated by the President. Registrar of the National Institute is the Secretary of the Council. A list of the members of the Council as on March 31, 2017 is given at Appendix I.

Department of Higher Education (PN I Section), Ministry of Human Resource Development, Vide their Letter No. 2-7/2016-PN-I Dated 16th January, 2020 has sent the Revised Memorandum of Association and Rules of NIEPA as per UGC Regulations, 2019 which states that the highest Governing Body of the Institute shall now be the **Board of Management**.

**Board of Management:** The Board of Management is the principal executive body of the National Institute. The Board of Management consists of the Vice-Chancellor of the Institute as the Chairman (ex-officio); three nominees of the President of the National Institute; one nominee of the MHRD, GOI; one nominee of the chairperson, UGC, Dean of Faculty of the Institute; and two members of the Faculty (Professor and Associate Professor or Assistant Professor) of the National Institute. The Registrar of the National Institute is the Secretary of the Board of Management. A list of the members of the Board of Management, as on March 31, 2020, is given at Appendix II.

# Organisational Structure

**Finance Committee:** The main role of the Finance Committee is to examine the accounts and to scrutinize proposals for expenditure. The annual accounts and financial estimates of the National Institute are placed before the Finance Committee for consideration and, thereafter, submitted to the Board of Management, together with the comments of the Finance Committee, for approval. The Finance Committee fixes limits of the total recurring expenditure and the total non-recurring expenditure of a given year, based on the income and resources of the Institute. The Finance Committee consists of the Vice-Chancellor of the Institute as the Chairman (ex-officio); two persons nominated by the President of the NIEPA Council; one person nominated by the Vice-Chancellor; Financial Advisor, MHRD; a representative of the UGC and the Finance Officer of the Institute who acts as the Secretary of the Finance Committee. A list of the members of the Finance Committee, as on March 31, 2020, is given at Appendix III.

**Academic Council :** The Academic Council is the principal academic body of the National Institute. It is responsible for the maintenance of standards of education, training, research and consultancy; inter-departmental coordination, examination and tests, etc.. The Academic Council consists of the Vice-Chancellor of the Institute as the Chairman (ex-officio); Dean of Faculty of the National Institute, Heads of Departments of the National Institute; three nominees of the President of the National Institute from among eminent educationists from the field related to the activities of the National Institute and who are not in the service of the National Institute;

one Associate Professor from the National Institute, other than the Head of the Departments, by rotation, nominated by the Vice-Chancellor; one Assistant Professor from the Institute by rotation, nominated by the Vice-Chancellor; and three members, who are not members of the teaching staff, co-opted by the Academic Council, for their specialized knowledge. The Registrar of the National Institute is the Secretary of Academic Council. A list of the members of the Academic Council, as on March 31, 2020, is given at Appendix IV.

**Board of Studies:** The Board of Studies of the National Institute comprises the Vice-Chancellor of the Institute as the Chairman (ex-officio); Dean of the Faculty; Head of Departments; one Associate Professor and one Assistant Professor nominated by the Vice-Chancellor; and not more than two persons co-opted for their expert knowledge by the Vice-Chancellor. A list of the members of the Board of Studies, as on March 31, 2020, is given at Appendix V.

**Task Forces and Committees:** Special Task Forces and Committees are constituted by the Vice-Chancellor from time to time for specific programmes. The Project Advisory Committees, consisting of experts, are constituted to advise and monitor the progress of various research projects. An Advisory Board of Research Studies is constituted, under the Chairmanship of Vice-Chancellor, consisting of, among others, all the Heads of Academic Departments as its members, and Registrar, as its Member-Secretary, considers the proposals received under the Scheme of Assistance for Studies in Educational Planning and Administration.

# Administration And Finance

The administrative set-up of the National Institute consists of three Sections and two Cells, namely Academic Administration Section, Personnel Administration Section, General Administration Section, Training Cell and M.Phil Ph. D Cell. Registrar is the overall in-charge of administration of the National Institute. He is also the Secretary of NIEPA Council, Board of Management and Academic Council. He is supported by an Administrative Officer, Training Officer and several Section Officers in carrying out the functions of the Administration.

Registrar is also responsible for the functioning of the Academic Support Service Units i.e. Library, Documentation Centre and Digital Archives, Computer Centre, Publication Unit, and Hindi Cell.

The Finance Officer is in-charge of the Finance and Accounts Section and is supported by Section Officer (Accounts).

## Staff strength (2019-20)

The total staff strength of the Institute as on March 31, 2020 was 167.

During the year 2019-20, the Institute received a grant of Rs. 4559.46 lakhs (under Recurring & Non-recurring Head). The Institute had an opening balance of Rs. 0.39 lakhs, under Recurring Head. The internal office and hostel receipts amounted to Rs. 39.88 lakhs during the year. The expenditure during the year under Non- Plan and Plan amounted to Rs. 4314.43 lakhs.

The Institute had a balance of Rs. 1054.92 lakhs and received additional funds amounting to Rs. 952.38 lakhs during the year 2019-20 for the sponsored programmes/studies from other agencies. The expenditure during the year on sponsored programmes/studies amounted to Rs. 704.41 lakhs. (Appendix VII).

# Campus and Building Infrastructure

The National Institute has a four-storied office building, a seven-storied hostel, comprising 60 fully furnished rooms with attached baths, and a residential complex having 16 Type I quarters, eight quarters each of Type II to V, and the Vice-Chancellor's bungalow.

Besides, the Institute also has 25 quarters of Type III in Bindapur, Dwarka, New Delhi. On Campus, the

Institute has well-equipped training halls, computer centre, international dining hall, gymnasium and classrooms etc.

The Institute has taken initiatives to construct a new academic building on the Campus in the newly acquired area of 2100 sq. meters, for which lease deed has been executed with Delhi Development Authority.

## Teaching and Professional Development Programmes

# Teaching and Professional Development Programmes

## M.Phil. and Ph.D.

### **Preparing Scholars for Educational Administration**

The National Institute is a feeder institution that develops human resources, with specialisation in educational policy, planning and administration, in accordance with the requirements of educational administration at both the macro-level of policy making and planning, and the micro-level related to primary, secondary and higher stages of educational administration. Such specialists are nurtured through an inter-disciplinary approach in various courses leading to M. Phil.-Ph. D. degrees so that they become well equipped with the skills of formulating educational plans and management strategies.

Indeed, through its MPhil and PhD degrees with special focus on educational policy, planning and administration, the Institute empowers young scholars, and prepares them for a career in educational

The M.Phil. and Ph.D. programmes are designed to build the research capacity of scholars from varied backgrounds while providing a strong knowledge and skill base in related areas of educational policy, planning, administration and finance.

administration and planning. NIEPA is well placed to contribute to the development of specialised human resources capable of supporting the design, implementation and monitoring of educational policies, plans and programmes. The scope of the pre-doctoral programmes follows an in-built dynamic and flexible approach, wherein it is gradually expanded with innovative multi-disciplinary courses linking education with other allied areas of social development.

The Pre-doctoral and Doctoral programmes offered by the Institute include (i) Full-time integrated M. Phil.-Ph. D. programme, (ii) Full-time Direct PhD programme, and (iii) Part-time PhD programme. These programmes were launched in 2007-08. The MPhil and PhD programmes are designed to build the research capacity of scholars from diverse backgrounds while providing a strong knowledge and skill base in related areas of educational policy, planning, administration and finance. Research studies

completed under the MPhil and PhD programmes are expected to make significant contribution towards enriching the knowledge base, while providing critical inputs for policy formulation, implementation of education reform programmes and capacity development activities. The broad areas of research, covered under the MPhil and PhD programmes include Educational Policy, Educational Planning, Educational Administration, Educational Finance, Education Management Information System, School Education, Higher Education, Equity and Inclusion in Education, Gender Issues in Education, Education of the Minorities, Comparative Education and Internationalisation of Education.

The two-year MPhil programme offered by the Institute consists of course work (16 credits) of one-year duration, followed by an internship (4 credits) for a duration of six weeks and dissertation work (16 credits) for one year. All scholars successfully completing the MPhil programme and meeting the

prescribed criteria (presently FGPA of 5 or above on the ten-point scale) are considered for admission and registration to the PhD programme. These scholars are eligible to submit their Doctoral thesis after two years from the date of registration to the PhD programme.

Scholars admitted directly to the full-time PhD programme are expected to complete the one-year course work before confirmation of their registration to the PhD programme. These PhD scholars are eligible to submit their thesis after two years from the date of confirmation for registration to the PhD programme.

Scholars admitted directly to the part-time PhD programme are expected to complete the one-year course work before confirmation of their registration to the PhD programme. A part-time PhD scholar is eligible for submission of his/her doctoral thesis after a minimum period of four years from the date of confirmation for registration to the PhD programme.

	<b>M. Phil.</b>	<b>Ph.D. Full-time</b>	<b>Ph.D. Part-time</b>	<b>Total</b>

# Diploma Programmes

The PG Diploma programme has six components/phases: (i) Preparatory Course Work, (ii) Face to Face Course Work, (iii) Project Work, (iv) Assessment of the Project Work and Award of Interim Certificate, (v) Advanced Course Work, and (vi) Final Evaluation and Award of PGDEPA.

## Post Graduate Diploma in Educational Planning and Administration (PGDEPA)

The Institute was conducting a training programme leading to Diploma in Educational Planning and Administration (DEPA) which was designed as a pre-induction course for District Education Officers (DEOs) from different States/UTs of India since 1982-83. However, from the year 2014-15, the programme has undergone transition from DEPA to Post-Graduate Diploma in Educational Planning and Administration (PGDEPA) while incorporating fundamental changes in its nature and content. One of the important considerations for redesigning the programme is the changed profile of the programme participants as also the requirements of the departments that they represent

such as: SCERTs/SIEMATs/DIETs and DEOs/BEOs of Directorates of Education of the state governments.

The one-year PGDEPA programme is a long duration intensive programme to ensure creating a cadre of professionally trained educational administrators in the country by:

- (i) acquainting the participants with fundamental concepts of educational planning and management;
- (ii) enabling the participants to develop planning and management skills for improved decision making in educational administration; and
- (iii) developing participants' capacities in monitoring and evaluation of educational programmes and projects.

**Table 2.1**

<b>Post-Graduate Diploma in Educational Planning and Administration (PGDEPA) State-wise Participation</b>			
<b>State-wise</b>	<b>5<sup>th</sup> PG-DEPA</b>	<b>6<sup>th</sup> PG-DEPA</b>	<b>Total</b>
Assam	3	3	6
Chhattisgarh	3	1	4
Haryana	3	3	6
Himachal Pradesh	2	2	4
Karnataka	1	2	3
Madhya Pradesh	1	1	2
Maharashtra	3	2	5
Manipur	4	1	5
Mizoram	2	-	2
Nagaland	1	-	1
Tripura	1	-	1
Tamil Nadu	-	2	2
Uttarakhand	3	3	6
Uttar Pradesh	-	1	1
West Bengal	1	-	1
Indian Air Force	2	2	4
<b>Total</b>	<b>30</b>	<b>23</b>	<b>53</b>

A basic concern while designing the PGDEPA programme was to ensure that the participants do not have to stay at NIEPA for a period longer than three months, and they learn at their own place of work. Accordingly, it has been envisaged as a twelve-month programme leading to a Post Graduate Diploma. However, keeping in view the difficulty of many of the education departments to depute their officials for a long duration programme, the PGDEPA has been planned in such a way that the face-to-face and residential part of the programme does not exceed three months. It involves a preparatory phase at the participants' place of work, face-to-face at NIEPA, project phase at work place, transacting advanced courses through open and distance learning mode and presentation of project work in a Seminar-cum-Workshop mode at NIEPA.

The Fifth PGDEPA was organised from September 2018, and was completed in July 2019. A total of 27 participants from 14 States/UTs/Organisations successfully completed the programme.

The programme was organised and coordinated by the Department of Training and Capacity Building in Education.

### **International Diploma in Educational Planning and Administration (IDEPA)**

The National Institute has been organising, since 1985, a 6-month programme leading to an International Diploma in Educational Planning and Administration (IDEPA) for professionals from developing countries. The students of International Diploma Programme in Educational Planning and Administration come from many countries of Asia, Africa, Central Asian Republics, South America and the Caribbean regions. The programme has three components: (i) intensive curricular work, (ii) applied work, and (ii) dissertation. The duration of IDEPA is six months and conducted in two phases. The first phase of the programme involves intensive curricular work for three months at the NIEPA, New Delhi. This phase is residential and participants are required to stay in the campus throughout this phase. The second phase involves

field-based research project work in the participant's home-country, under the guidance of one of the faculty members of the National Institute.

The IDEPA programme consists of the intensive curricular with an attempt to strike a balance between theory and practice. The broad form of the agenda includes lectures and group-work, practical exercises, educational and cultural field visits and a research project on a selected aspect of educational development, policy, planning, management, administration, supervision and leadership with the adoption of field-based and inter-disciplinary approach. In order to link theory and practice, applied work consists of (i) Country and Thematic Seminar Paper Presentations, (ii) Field Visits Programme covering field observations of various educational innovations being planned and managed in India, and (iii) Working out the Research Design for a Field Research Project.

During the second phase of the programme, which takes place in the participant's home-country, each participant is required to work on the field-based research project selected by him/her during the first phase of the programme. The participant, after completion of the research project (within three

months), is required to submit the dissertation to the National Institute. The Diploma is awarded only after receiving the dissertation and its subsequent evaluation by the faculty of the National Institute.

In the year 2019-20, the Institute completed the second phase of the 35th International Diploma Programme, the first phase of which was conducted from 1 February to 30 April, 2019 and attended by 31 participants from 23 countries. The second phase of the 35th International Diploma Programme was carried out during the period 1 May to 31 July, 2019.

The first phase of the 36th International Diploma Programme commenced on 1 February, 2020 and the teaching-learning activities within the first component/phase of the programme will be completed by 30 April, 2020. The 36th International Diploma Programme was attended by 27 participants from 14 countries. The second phase of the programme involving project work in the participant's country of residence will be carried out during the period 1 May to 31 July, 2020.

The IDEPA programme was organised and coordinated by the Department of Training and Capacity Building in Education.

# Professional Development Programmes

Professional Development Programmes for various categories of education personnel, aimed at strengthening institutional capacity for improved educational planning and administration, continues to be a major function of the National Institute. During the year 2019-20, the National Institute organised 86 orientation/training programmes, workshops, seminars, conferences and meetings relating to various education sector development issues and different aspects of educational policy, planning and administration. The themes covered by the programmes included planning and management of schools, planning and management of higher education, mapping school provisions at secondary level, planning and management of educational finance and school leadership, etc. The participant-groups of these programmes included district and state-level functionaries, directors of education and other state-level officials, heads of national/state/district-level educational institutions, heads of special category institutions such as minority managed educational institutions, vice-chancellors, registrars and other institute authorities, college principals and senior administrators from colleges and higher education institutions, early career teachers from universities and social science research institutions, etc. These programmes were organised by different departments of the National Institute. The training programmes, workshops, seminars, conferences and meetings coordinated by different Departments/Centres of the National Institute during 2019-20 include the following:

## Department of Educational Planning

- Consultative Meet of the Study on the Roles and Functions of SIEMATs, NIEPA, New Delhi, 6-8 June, 2019

- Training Programme on Analytical Framework and Techniques of School Education Sector Diagnosis, NIEPA, New Delhi, 15-19 July, 2019
- Results Based Planning Methodology in School Education: Implications for Developing District School Education Plan under the Samagra Shiksha in Odisha, Bhubaneswar, Odisha, 29 July-2 August, 2019
- Training Programme on Analytical Framework and Techniques of School Education Sector Diagnosis, Guwahati, Assam, 19-23 August, 2019
- Research Methodology Course on Large Scale Survey: Data Analysis and Tools, NIEPA, New Delhi, 26 August -6 September, 2019
- Results Based Planning Methodology in School Education: Implications for Developing District School Education Plan under the SSA in Assam, Guwahati, 16-20 September, 2019

## Department of Educational Administration

- Implementation of the Scheme of National Awards for Innovations and Good Practices in Educational Administration (Part-A), NIEPA, New Delhi, April 2019-March 2020
- Involvement of Teachers in Non-teaching Activities and its Effect on Education, NIEPA, New Delhi, 8-10 May, 2019

- Review of Third All India Survey Report, NIEPA, New Delhi, 13-14 May, 2019
- Workshop on Structure and Functioning of Educational Administration in UTs, NIEPA, New Delhi, 22-23 July, 2019
- Programme on Leadership in Educational Administration for Academic Administrators in Universities and Colleges, NIEPA, New Delhi, 24-26 July, 2019
- Workshop on Innovations and Good Practices in Institutional Governance of Higher Education, NIEPA, New Delhi, 19-21 August, 2019
- Orientation Programme on Management of Skill Development at Higher Education, NIEPA, New Delhi, 9-13 December, 2019

- Orientation Programme on Planning and Management of College Finances, NIEPA, New Delhi, 6-10 January, 2020

### **Department of Educational Policy**

- Global Report on Violence in Childhood: Dissemination Workshop, NIEPA, New Delhi, 4 April, 2019
- Orientation Workshop on Education of the Disadvantaged and Economically Weaker Section Children under RTE: Policy Issues and Programme Interventions, NIEPA, New Delhi, 29 April-3 May, 2019
- Workshop on Critical Assessment of State Level Capacity Building Institutions in Education, NIEPA, New Delhi, 24-28 June, 2019
- National Workshop on Qualitative Research Methods and Policy Analysis in Education, NIEPA, New Delhi, 1-12 July, 2019

- Internship Programme for MEd Students – RIE, Bhopal, Madhya Pradesh, NIEPA, New Delhi, 25-29 November, 2019
- Internship Programme for MEd Students – Jamia Millia Islamia, New Delhi, NIEPA, New Delhi, 1-15 January, 2020

### **Department of Educational Finance**

- National Workshop on Gender Budgeting in Education, Hyderabad, Telangana, 4-6 March, 2020
- Training Programme on Financial Planning and Management in Education, NIEPA, New Delhi, 19-23 August, 2019

- Orientation Programme on Public Policy Making in Education: Focusing on Implementation of Inclusive Education, NIEPA, New Delhi, 13-17 August, 2019
- National Discussion Meet on Education Relevance of Gandhian Educational Ideas: Implication for Policies and Practices, NIEPA, New Delhi, 4-5 October, 2019
- Workshop for Project - A Critical Assessment of State Level Capacity Building Institutions in Education, NIEPA, New Delhi, 2-3 December, 2019
- Orientation Workshop on Functioning of Local Authority and Autonomous District Councils under Sixth Schedule of the Constitution in Management of Elementary Education in the North Eastern States, Aizawl, Mizoram, 25-29 November, 2019

### **Department of School and Non-formal Education**

- Workshop on Improving Participation of Children in Elementary Schools in India, NIEPA, New Delhi, 27-31 May, 2019
- Workshop on Systemic Reforms for Management of Quality Early Childhood Care and Education (ECCE) in India, NIEPA, New Delhi, 6-8 January, 2019

- National Consultative Meet on Transforming Teacher Education: Critical Role of School of Education, Central University, IHC, New Delhi, 20-21 January, 2020

### **Department of Higher and Professional Education**

- Consultative Meet on Developing Tools for Research Project on Library Facilities in Indian Undergraduate Colleges and Its Impact on Students' Academic Performance, NIEPA, New Delhi, 27-28 June, 2019
- Workshop for Finalisation of Modules on Governance in Higher Education and Faculty Management and Development in Higher Education, NIEPA, New Delhi, 26-30 August, 2019

- Faculty Development Programme of Academic Faculty of Utkal University, Bhubaneswar, Odisha, NIEPA, New Delhi, 2-6 March, 2020
- Leadership Academic Development Programme (Under LEAP), DELNET, New Delhi, 13-22 March, 2020

### **Department of Educational Management Information System**

- Training Programme on Using Indicators in Planning and Monitoring of School Education, Puducherry, 10-14 June, 2019
- Training Programme on Using Indicators in Planning and Monitoring of School Education, NIEPA, New Delhi, 16-20 December, 2019

## Department of Training and Capacity Building in Education

- Thirty-fifth International Diploma in Educational Planning and Administration (IDEPA) (Phase-I), NIEPA, New Delhi, 2 February-30 April, 2019

- 5th PGDEPA (Phases – IV & V), NIEPA, New Delhi, 22-26 April, 2019 and 29 April-3 May, 2019
- 5th PGDEPA (Phase - VI), NIEPA, New Delhi, 8-12 July, 2019
- International Programme for Educational Administrators, NIEPA, New Delhi, 15 July-9 August, 2019
- Sixth Post Graduate Diploma in Educational Planning and Administration (PGDEPA - Phase-II), NIEPA, New Delhi, 1 September-30 November, 2019
- International Programme in Educational Management for Educational Administrators from Myanmar (2nd IPEM), NIEPA, New Delhi, 1-23 November, 2019
- Thirty-sixth International Diploma in Educational Planning and Administration (IDEPA) (Phase-I), NIEPA, New Delhi, 1 February-30 April, 2020

### National Centre for School Leadership

- Consultative Workshop for Collaboration with KVS-ZIETs, NVS, KGBV, CBSE Excellence Schools, NIEPA, New Delhi, 11-13 December, 2019

- Workshop on Orientation to School Leadership Academies for Implementation Plan (2019-20) and Assessment Framework, NIEPA, New Delhi, 9-11 September, 2019
- Regional Review and Planning Workshop 1, NIEPA, New Delhi, 30-31 July, 2019
- Leadership and Management in School Education: Request Programme for IES Probationers - 2018 Batch, NIEPA, New Delhi, 19-23 August, 2019
- National Conference on Leadership for Quality Improvement in Schools, IHC, New Delhi, 27-28 February, 2020
- One-day National Advisory Committee Meeting, NIEPA, New Delhi, 4 March, 2020

### State Components

- One-month Certificate Course on School Leadership and Management in Nagaland, 6 June-6 July, 2019
- One-month Certificate Course on School Leadership and Management in Manipur, 15 July-8 August, 2019
- One-month Certificate Course on School Leadership and Management in Uttarakhand, 1-30 June, 2019
- One-month Certificate Course on School Leadership and Management in Sikkim, 27 June-24 July, 2019

- One-month Certificate Course on School Leadership and Management in Andhra Pradesh, 1-30 May, 2019 and 16 July-14 August, 2019 (in two Phases)
- One-month Certificate Course on School Leadership and Management in Rajasthan (Ist Batch), 28 December 2018-11 January, 2019
- One-month Certificate Course on School Leadership and Management in Rajasthan (IInd Batch), 10-24 July, 2019

### **IT Services**

- Faculty Development Programme to Design, Develop & Deliver MOOC Courses through SWAYAM Platform, NIEPA, New Delhi, 1-6 July, 2019
- Faculty Development Programme to Design, Develop & Deliver MOOC Courses through

SWAYAM Platform, NIEPA, New Delhi, 5-10 August, 2019

- Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries, NIEPA, New Delhi, 25-30 November, 2019

### **National Resource Centre for Education (NRCE)**

- Tier-Two Workshop on Economics Resources for Teachers in Higher Education, NIEPA, New Delhi, 13-14 January, 2020
- Tier-Two Workshop on Teaching Learning Resources for Science and Social Science Teachers in Higher Education, NIEPA, New Delhi, 15-16 January, 2020
- Finalisation Workshop on Life-Science Resources Teachers in Higher Education, NIEPA, New Delhi, 16-17 January, 2020
- Two-day Workshop on Research Methodology Resources for Teachers in Higher Education, NIEPA, New Delhi, 30-31 January, 2020

During the year 2019-20, besides the Diploma Programmes, the Institute organised 86 Orientation/ Training Programmes, Workshops, Seminars, Conferences and Meetings, etc. at the national and international levels.

Out of total 3704 participants, 3621 (Table 2.4) were Indian participants and 83 (Table 2.3) from other countries and international agencies.

## Institute's Foundation Day

The Institute celebrates its Foundation Day on August 11 every year. The First Foundation Day Lecture in 2007 was on “Alternative Perspectives on Higher Education in the Context of Globalization” by Prof. Prabhat Patnaik, Vice-Chairman, Kerala State Planning Board. The second in 2008 was on “Designing Architecture for a Learning Revolution Based on a Life Cycle Approach” by Prof. M.S. Swaminathan, Member of Parliament (Rajya Sabha), UNESCO Chair in Ecotechnology, M.S. Swaminathan Research Foundation, the third Lecture in 2009 was on “Universities in the Twenty-First Century” by Prof. Andre Beteille, National Research Professor and Professor Emeritus of Sociology, University of Delhi. The Fourth Lecture in 2010 was on “Education, Autonomy and Accountability” by Prof. Mrinal Miri, Chairman, Governing Body, Centre for the Study of Developing Societies. The Seventh Foundation Day Lecture was on “Education and Modernity in Rural India” by Prof. Krishna Kumar, Professor of Education, University of Delhi. The Eighth Foundation Day Lecture in August 2014, was on “Imagining Knowledge: Dreaming Democracy” by Prof. Shiv Visvanathan, Professor at the School of Government and Public Policy at the O. P. Jindal Global University. The Ninth Foundation Day Lecture in August 2015 which was on “Education as an Instrument of Social Transformation: The Role of Mother Tongue” by T. K. Oommen, Professor Emeritus, Jawaharlal Nehru University, New Delhi. The Tenth Foundation Day Lecture in August 2016 which was on “Am I an Educated Person? Reflecting on 'Becoming' and 'Being'” by Prof. T.N. Madan, Honorary Professor, Institute of Economic Growth, University of Delhi, Delhi. The Eleventh Foundation Day Lecture in August 2017 which was on “Changing Perspectives: Neo-liberal Policy Reforms and Education in India” by Prof. Kuldeep Mathur, Former Director, NIEPA and Professor, Centre for Law and Governance, JNU, New Delhi. The Twelfth Foundation Day Lecture in August 2018 which was on “The Poor B. A. Student: Crisis of Undergraduate Education in India” by Professor Manoranjan Mohanty, Professor of Political Science, Delhi University (Retd.), and Distinguished Professor, Council for Social Development, New Delhi. The Thirteenth Foundation Day Lecture in August 2019 which was held on the reporting period of this report, was on “Governing Academic: With in and Without” by Professor Pankaj Chandra, Vice-Chancellor, Ahmedabad University, Ahmedabad.

# National Education Day

National Educational Day is celebrated on 11th November every year to commemorate the birth anniversary of Maulana Abul Kalam Azad who served as the Union Minister of Education from 15 August, 1947 to 2 February, 1958. On the auspicious occasion, NIEPA organizes an academic event every year by hosting Maulana Abul Kalam Azad Memorial Lecture on his birth anniversary. In this Lecture series, eminent scholars such as Professors K.N. Panikkar, Mushirul Hasan, Amiya Bagchi, Peter DeSouza, Zoya Hasan, Kapila Vatsayayan, Aparna Basu, Furqan Qamar and Faizan Mustafa have delivered lectures in this series.

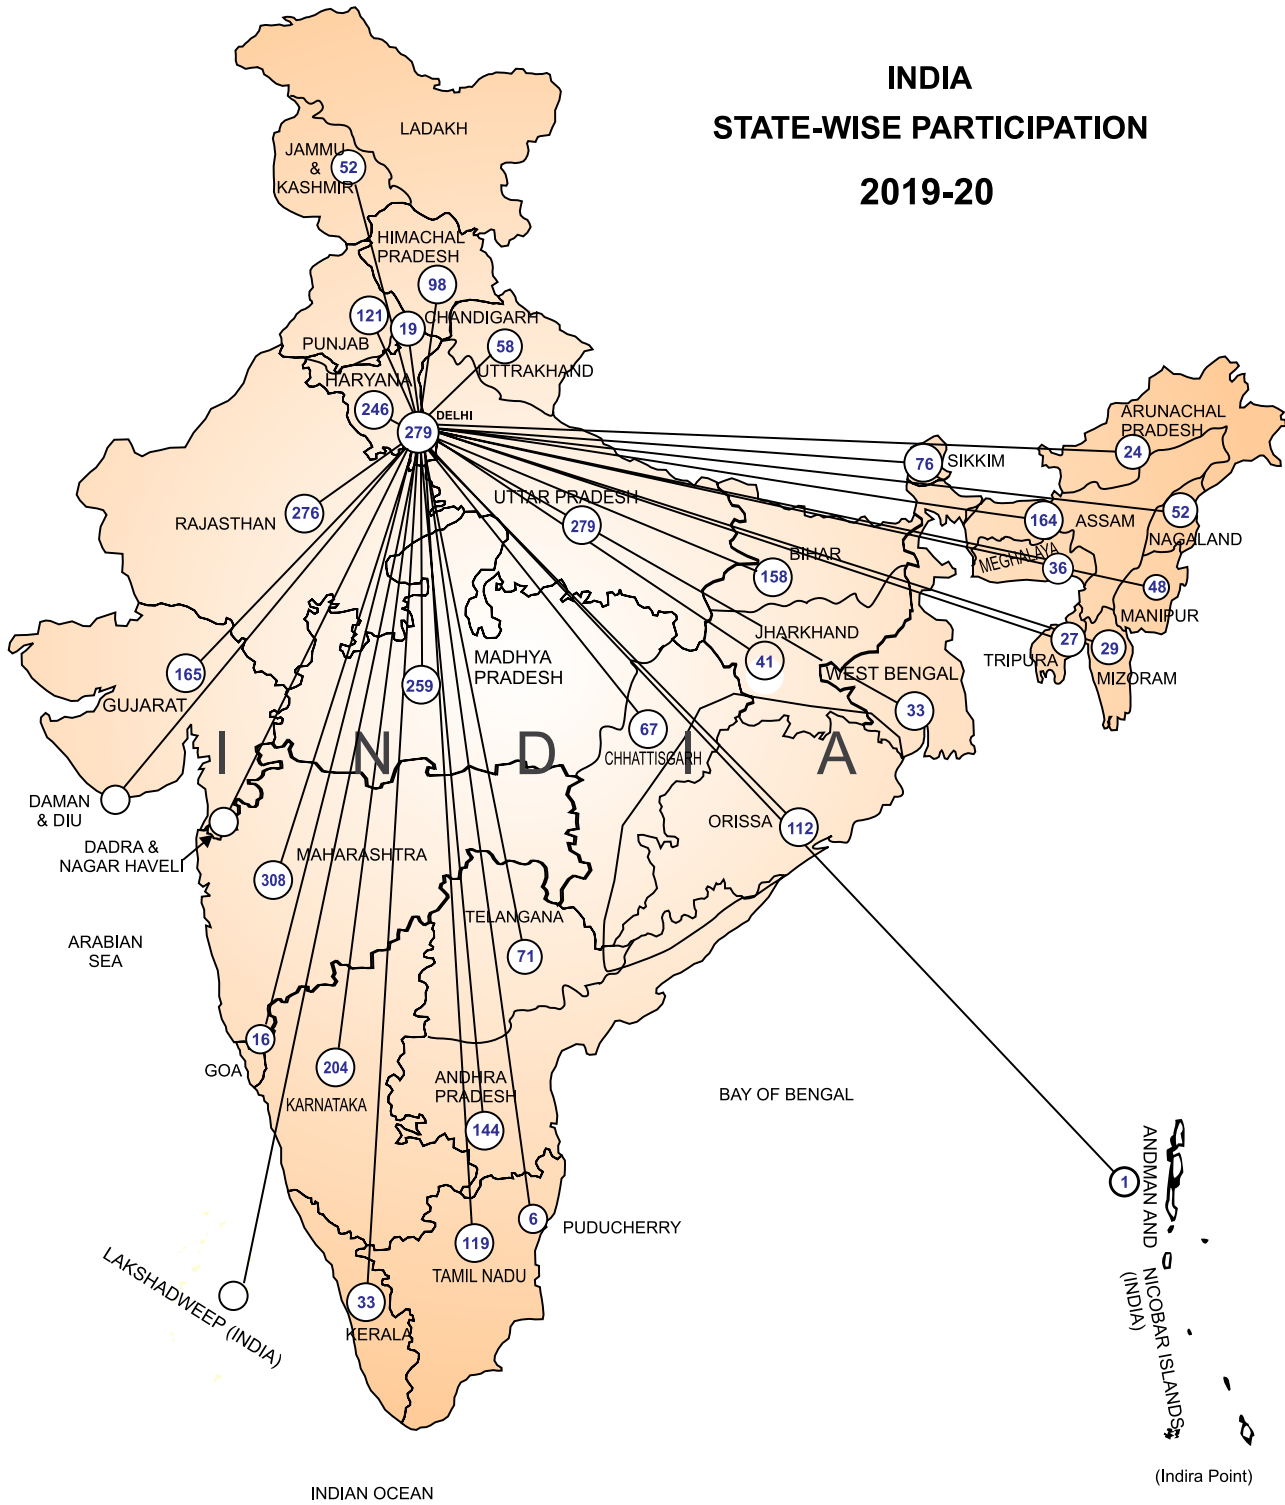

The 10th Maulana Azad Memorial Lecture was delivered on November 11, 2019 at India Habitat Centre by Prof. Neera Chandhoke, Former Professor of Political Science, University of Delhi, Delhi. The theme of the Lecture was 'Education and the Complex world of Culture'. The Lecture was chaired by Prof. T.K. Oommen, Professor Emeritus, Centre for the Study of Social Systems, School of Social Sciences, Jawaharlal Nehru University, New Delhi. The event was attended by NIEPA students, faculty members and invited guests, besides scholars and students from other institutions in Delhi.

Research

# Research

**T**he National Institution has been undertaking, aiding and promoting inter-disciplinary research and studies, with particular focus on educational policy, planning and management, in order to generate new knowledge for formulating evidence-based options and strategies to ensure achievement of the education sector development goals. The National Institution undertakes both quantitative and qualitative research, review and evaluation of existing policies, plans and programmes, comparative studies in educational planning techniques and administration structures and procedures in different states of India and also in other countries. Emphasis is placed on action research, including longitudinal

studies, which could generate new knowledge in key areas for improving educational policy, planning and management.

Besides M.Phil. and Ph.D. programmes, the research programme supported by the National Institution covers research studies by faculty members; research sponsored by other agencies; international collaborates studies; programme evaluation studies; and data management studies. The research studies deal with priority issues likely to emerge in the education system or issues that the Indian educational system is actually confronted with. During the year under report, 13 research studies were completed, while 30 studies were in progress.

# Completed Research Studies (as on March 31, 2020)

## 1. Fixation of fees in Private Deemed to be Universities

*Investigator:* Dr. Jinusha Panigrahi

Project completed in March 2019

## 2. Governance of Higher Education in Bihar

*Investigator:* Prof. Sudhanshu Bhushan

The Study completed. The draft report was submitted to Vice Chancellor and subsequently a meeting was held with expert committee to review the draft. Their suggestions have been incorporated.

## 3. Inequalities and Higher Education: Between Public Policies and Private Sector Development (ESPI International Project in collaboration with CEPED\_AFD\_Paris Descartes University)

*Investigator:* Dr. Jinusha Panigrahi & Dr. Nidhi S. Sabharwal

Project completed in February 2020

## 4. A Study on Policy and Practices for Inclusion Of children with 'Specific Learning Disability' In Schools

*Investigator:* Dr. Veera Gupta

Study Completed

## 5. Participatory Action Research for Improvement of School Participation of Children at the Elementary Level in India

*Investigator:* Dr. Madhumita Bandhopadhyay

Completed

## 6. A Study of Private Franchises Providing Pre-School Education in Delhi

*Investigator:* Dr. Savita Kaushal

Completed

## 7. Causes of 'Non Enrolment and Dropout among Muslim Children at Elementary Stage: A Comparative study of Andhra Pradesh and Uttar Pradesh'

*Investigator:* Dr. Vetukuri P. S. Raju

Completed

## 8. Study of Indian Private University Acts and Regulations of Fees

*Investigator:* Dr. Sangeeta Angom

Completed

**9. A Critical Assessment of State Level Capacity Building Institutions in Education**

*Investigator:* Prof. Najma Akhtar and Dr. Savita Kaushal

Completed

**10. Women in Educational Administration: A Study of their Status, Issues & Challenges in Select States of India**

*Investigator:* Dr. Manju Narula

Completed

**11. A Spatial Perspective on the Causes and Consequences of Higher Educational Out-Migration: A Case Study of Himachal Pradesh**

*Investigator:* Dr. Suman Negi

Project has been completed and the final report is being prepared.

**12. Evaluation of GIAN Scheme**

*Investigator:* Dr. Suman Negi

The project 'Evaluation of GIAN Scheme' has been completed

**13. Action Research Project on Development of District Secondary Education Plan under RMSA in Selected States in India**

*Investigator:* Prof. K. Biswal & Dr. N. K. Mohanty

Study Completed.

# Research Studies in Progress (as on March 31, 2020)

**1. Third All India Survey of Educational Administration & Thematic Studies**

*Investigator:* Prof. Kumar Suresh

The Department of Educational Administration had proposed to conduct the Third All India Survey of Educational Administration. The survey work commenced in December 2014. All the states were requested to nominate nodal officers to undertake the work of educational administration in states. They were also provided tools for collecting information and data as well as format and contents for preparing the report. Majority of the states had completed the survey work and submitted the Reports of their respective states.

However, survey work in six states (Jharkhand, Delhi, Jammu & Kashmir, Rajasthan; Tripura; Meghalaya) could not progress much. These states were once again persuaded to undertake the survey work.

The survey of educational administration in Delhi, Jharkhand, Jammu & Kashmir, Meghalaya, Rajasthan and Tripura was launched with the workshop of the Nodal officers in NIEPA in April 2018. In order to familiarize the nodal officers with the process and method of the survey and preparation of state report orientation -workshop was organized for the new nodal officers and their team members on 12-13 April 2018. 17 officers from these states participated in the workshop. The nodal officers and the team members were oriented about the survey coverage, methodology, content and format of report preparation. It paved the way for the formal launch of the second phase of the survey in six states.

Progress made towards the survey in six states (Delhi, Jharkhand, Jammu & Kashmir, Meghalaya, Rajasthan and Tripura).

Survey work has progressed well in all the six states. As a part of the methodology of conducting survey in states, state level workshops in Jharkhand, J&K, Meghalaya, Rajasthan and Tripura have been completed. A series of Meetings of the officers from NCT, Delhi on survey was conducted in NIEPA. As per the survey design, data and information have to be gathered from state, regional, district block and institutional levels covering the organizational set-up, roles, functions and activities of the education department at secretariat, directorates, regional, district, block and institutional levels of educational administration. It covers both the secondary and primary data and information. Primary data would pertain to the year 2017-2018. Sample of the survey include three districts- one educationally advanced, one middle ranking and one backward; three blocks –one from each district of the sample; and 24 schools- eight schools from each of the district which include 2 primary, 2 upper primary, 2 secondary and 2 senior secondary. The survey work started in five states.

In state level workshops and meetings in five states- Jharkhand, J&K, Meghalaya, Rajasthan and Tripura, various aspects of the survey as stated above were discussed. Four states, namely Meghalaya, Jharkhand, Rajasthan and Tripura have completed the draft of the state reports. Delhi has provided all the relevant documents and materials for preparing the report to the Department. Report is under preparation. Delhi Report is being prepared based on the input from the Deptt. Of Education, NCT. A review meeting was conducted on 13-14 May 2019 in NIEPA to discuss and finalise the Report. The review meeting was attended by Nodal coordinators and few team members of the Survey. Final draft from Meghalaya and Rajasthan received. Reports from other states yet to receive.

## **2. Study of Structure and Functions of Educational Administration (Thematic Study as part of 3rd All India Survey of Educational Administration)**

**Investigator: Prof. Kumar Suresh, Dr. Manju Narula and Dr. Vineeta Sirohi**

The study is intended meet out the resource-data gaps on the aspect of structure and function of educational administration. There is hardly information available on the structure and functions of educational administration across the states and union territories. The websites of the Education Department, of course, include basic information on the structure of educational administration of respective states and union territories but these are mainly restricted to the Secretariat and Directorate levels. In most of the cases information on the educational administrative structure below the Directorate level is scanty.

Needless to mention there are considerable variations in the designation, status and role of the officers at the district and below the district level. The status, role and functional responsibilities of the field level educational administration have important bearing on efficient and effective delivery of educational services. The educational administration at the district and below the district level is loaded with the responsibilities of implementing policies and programmes of educational development. Moreover, policy initiatives for educational development in recent years have necessitated certain degree of standardization in the status, role and functions of educational administration at the field level. Indeed, there is no evenness in the structures and functions. There are number of issues and problems related to educational administration. The state reports of the third All India Survey of Educational Administration indicate them. There are new set of challenges of educational administration. As to what extent the administrative structure in place is responding adequately to the new demands and challenges needs exploration.

It is important to note that many states have introduced reforms in their administrative structure at various levels, especially at district and block levels. Bihar along with many other states is example in this respect. The reform measures introduced in some states may be instructive to others. Many times reforms introduced in the administrative structure and corresponding functional responsibilities in a state open up possibilities of learning for other states. Due to lack of precise information available in public domain, there is hardly possibility of mutual learning. Besides non-availability of information on structure of educational administration across the levels and across the states/ union territories; there is no information available on the functional responsibility attached to each and every level of educational administration. It is in this context that the present study has been undertaken. In order to fill the remaining gaps in the third all India survey as well criticality of information the present study has undertaken four important levels of educational administration: educational administration at the union level, educational administration in union territories, educational administration in states; and educational administration in NCT of Delhi.

Secondary sources of data collected have been collected on each of the levels of the educational administration. Preliminary compilation of information is under progress. The preliminary write-up has to be shared and discussed in three workshops to be held in NIEPA addressing three levels- union, states, and UTs. A workshop for UTs was held on 22-23 July 2019. Work under progress.

### **3. Status, Role and Responsibilities of District and Block Education Officers in Educational Administration (Thematic Study as part of 3rd All India Survey of Educational Administration)**

**Investigator: Prof. Kumar Suresh, Dr. Manju Narula and Dr. V. Sucharita\***

District and Block Education Officers are key educational functionaries at field level. They are

instrumental in ensuring the effective functioning of schools. As educational administration at district and block level is closely connected to the schools in terms of their monitoring and support; they are important links between schools and higher level of educational administration. Implementation of policies and programmes of the government at school level turns out to be important functional responsibilities of these officers. It is important to understand the whole gamut of expanding role and responsibilities and also as to how these officers discharge the responsibilities assigned to them in the capacity of officers at field level. It is in this context that this study has been undertaken. The study is based on both primary and secondary sources of data. The study is primarily based on the available data base built on the Third All India Survey of Educational Administration; data collected in the state level conferences of DEOs and BEOs as well as field based data collection related to district and block level education officers. The State Reports of Third All India Survey of Educational Administration include some basic information about district and block level education administration including status, role and functional responsibilities as per the descriptive format. However, analytical dimensions are not included. Descriptive data will be analysed from a critical perspective. The present study is primarily based on the analysis of these data in addition to the data and information collected through field studies. In order to add value to the descriptive data in terms of analytical rigours, qualitative dimensions is also being added through field based study of six districts and six blocks representing different regions and states of India. On the basis of the analysis of both the available data and field based data status, role, responsibilities and challenges of the District and Block Level Education Officers is to be studied.

Secondary sources of data collected have been collected. Primary data is yet to be collected. Research tools for capturing field level dynamics are under finalisation. The report will be prepared after gathering and collating both the primary and secondary sources of data. The completion of study may require some time.

#### 4. Federalism and Union-State Relations in Educational Governance in India

**Investigator : Prof. Kumar Suresh**

Governance of education in federal systems is based on constitutionally mandated jurisdictional specification and assignment of responsibilities to the constituting levels of government- usually between the two levels government- federal and the constituent units. In some cases the responsibility of governing education rests exclusively with the constituent units. Policy and financial autonomy to the federal units is inherently linked to the patterns of distribution of responsibilities. This, in turn, determines the nature of relationship between the federal governments and constituent units in the governance of education.

Governance of education in India has its own dynamics deeply rooted in the logic and context of its federal diversity. The constitutionally defined responsibilities and reasonably demarcated jurisdictional competence of the union and the states as two levels of government is the hallmark of a formal model of federal governance of education in India. The model of federal governance is based on an underlying stipulation of autonomy of the federal units at one level and organic linkage with the larger federal order on the other. The federal government is expected to play an enabling role in educational endeavour of the states and also in harmonising national (federal) priorities with the given nature of federal diversity.

Governance of education in India is a shared responsibility between the union and the states. The reference to shared responsibility is an extension of the logic of the concurrency clauses of constitution effected by the forty second amendment to the constitution. This aspect of governance necessitates certain degree of cooperation between the union and the states. The language of cooperative partnership between the union and states is frequently used to describe the model of federal governance of education in India. How far this usage of cooperative partnership

(cooperative federalism) has been able to come to the level of symmetrical relationship of a coordinate structure of governance with corresponding competence is a question that requires exploration. Undoubtedly, the original schema of the constitutional arrangements had envisaged a relatively autonomous domain for the states in the governance of education. The post constitutional developments in the forms of constitutional amendments, subordinate legislations and policy initiatives by the federal government for reforming education have, however, substantially impacted the union- state relations; and also the competence of the states in governing education. A number of policy reforms have been enacted in the field of education during the past many decades but more specifically in the decade 1980s onwards. A number of centrally sponsored schemes, proliferation of central regulating agencies, central government's Guidelines are important developments of this period. These are at time construed as instruments of expanding role of the federal government and shrinking competence of the state governments. This is in this context that the study is being conducted.

The study is a combination of both desk and field based research based on both primary and secondary data. It has three components. First is the study of constitutional and post constitutional developments impacting union-state relations? Here the major points of reference will be Acts, subordinate legislations and policy initiatives and reforms including centrally sponsored schemes. Second will be focusing primarily on the school education and the third will focus on higher education. For empirical insights few states will be taken as case for the study. The details of the dimensions to be covered in the study will be worked out in consultation with the experts and members of the Project Advisory Committee.

The study has commenced w.e.from January 2019. Secondary literature and materials have been collected. The proposed duration of project is two years starting from January 2019? In the meantime data and analysis will be disseminated at various stages of the project.

## 5. Spatial Dynamics of Comparative Educational Advantages in India

**Investigator:** Prof. Mona Khare

**Main project features:** Secondary data-based research study to identify determinants of Inter State differentials in Educational Development in India; To develop multivariate index of educational development after identifying indicators of educational development.

**Activities performed:** Tabulation and data analysis for School Education Development completed. First three draft chapters ready. Indicators of higher education development have been identified and data compilation from secondary sources is in progress. Indicators for constructing the Composite Index of spatial development identified and data compilation is under progress. Three papers drawn from the research study, presented in seminars, accepted for publication, expected to be published in few months.

State level analysis is completed.

Data at district level has been collected; compiled and final tables have been prepared. District wise composite indices for education development and socio-economic development for three states have been completed. Now the analysis of these district level multivariate indices is being done.

## 6. Modules: Diversity and Discrimination in Higher Education Institutions

**Investigator:** Dr. Nidhi S. Sabharwal and Dr. C.M. Malish

The objective of this project funded by the Indian Council of Social Science Research is to prepare modules on Student Diversity, Discrimination and Civic Learning. The modules will be to sensitize faculty and administrators in higher education on issues related to student diversity and the role of higher education in civic learning and democratic engagement.

A detailed proposal with framework on the modules was prepared. An Expert Group has been constituted with academics and representative from ICSSR, MHRD and NITI Aayog. After preparing draft outline of modules, first meeting of the Expert Group was organized on 7 January 2017. Each module was presented before the committee.

The first meeting of authors' of the modules was held on 16th March, 2017. The meeting helped to develop a collective understanding of overall approach and content of each module.

The areas identified for the modules included:

Module 1: Student Diversity and Social Inclusion in Higher Education: Concepts and Approaches

The major objectives of the module will be to discuss the concept of student diversity, equity and social inclusion in higher education; to discuss the approaches to achieving student diversity, equity and social inclusion in higher education; to discuss the existing programs to address student diversity, equity and social inclusion in higher education and areas of action / interventions.

Module 2: Classification of Student Diversity in Higher Education the module will discuss the stages of student diversity in higher education and introduce the method to assess student diversity in higher education institutions.

Module 3: Approaches to Achieving Academic Integration on Campuses

The objectives of the module are to develop and understanding on diversity in student social characteristics and pre-college academic backgrounds; to develop a clear understanding on the link between social and pre-college academic background, choice of discipline and transition to higher education and; to discuss the approach towards academic integration and successful transition to higher education.

Module 4: Forms of Discrimination in Higher Education

The objectives of the module are to develop an understanding on the concept of discrimination and symbolic violence on campus; to know the forms of discrimination in higher education institutions and; to understand the consequences of discrimination on academic and social integration.

#### Module 5: Social Inclusion in the Campus.

The major objectives are to develop comprehensive understanding of social inclusion in higher education campuses; to discuss the challenges of social inclusion faced by student's diverse backgrounds; to know features of social inclusive campus.

#### Module 6: Institutional Mechanism for Managing Student Diversity

The objectives are to understand why it is important to institutionally manage student diversity in a massified system; to know existing institutional mechanisms and structures for managing student diversity; to introduce approaches to develop and institutional culture for social inclusion and Strategies for managing student diversity.

#### Module 7: Student Diversity, Civic Learning and Democratic Engagement

Objectives are to introduce the concept of Civic learning in higher education; to develop a clear understanding on the link between student diversity as a resource for Civic learning; to know approaches to and types of diversity initiatives to promote civic learning. Completing the draft version of the modules.

### **7. Governance and Management of Higher Education in India**

#### ***Investigator: Dr. Garima Malik***

The objectives of the research project are firstly to map out the evolution of the governance structure and processes at the national, state and institutional levels and examine the role and functioning of governing bodies at universities and colleges. The study is being implemented in institutions located in

the states of Uttar Pradesh, Tamil Nadu, Rajasthan and Maharashtra.

The present research study has examined the governance structures and processes in central universities, state universities and their affiliated colleges. The framework developed and relied on by the study was to analyze: (a) Government-university relations; (b) Within-university relations and (c) University-college relations. The study relied on interviews with institutional leaders, administrators, and questionnaire based information collected from teachers and students.

The study shows that government university relation has evolved over time from direct control and monitoring to steering from a distance and devolving authority to institutions. While Central universities enjoy relatively more autonomy, the State Universities are subject to more control and enjoy less autonomy. Even the funding given to Central universities is at a higher level as compared to the share of funding from state government to State universities. Hence state universities face more resource crunch than central universities.

Further the study finds that the universities, in general - Central and State Universities - enjoy more autonomy in academic matters and less of administrative and financial autonomy. Thus designing academic programmes and curricula are done by the universities and approved by their Board of Studies.

Additionally the governing bodies in the State universities have government officials and representatives from the Legislative Assembly and Legislative Council. For example in the Universities of Rajasthan, Bharathiar University and Savitribai Phule Pune University one finds these trends. However central universities do not have representatives from political parties. This pattern of representation has important implications for the way control is exercised by these functionaries on the University.

Institutional autonomy is a necessary but not a sufficient condition for decentralization of decision making

within the university. It is observed that in Central and State universities there is over centralization of power and decision making at the level of offices of Vice Chancellors. It shows that the autonomy enjoyed by the university has not necessarily translated into decentralized and participative decision making process within the university.

It can be concluded that there is a decline in the bargaining power of the professoriate. New governance arrangements have clearly reduced the collective influence of academics over decision making in the institutions.

It is observed that a move to outcome - based measures from being purely input - based measures need to be strengthened. Internal Quality Assurance cells need to function effectively. Thus quantitative metrics like the Academic Performance Index (API) are being used extensively though many teachers expressed their dissatisfaction with the metric. Governance structures are in need of reform and there is a sense that a form of managerialism is gripping the institutions under study. Recruitment of teachers has not taken place for several years in some cases so there is an excessive reliance on adhoc and guest teachers.

The study also shows that the universities are not in a position to provide academic leadership to colleges due to the large number of affiliated colleges in the State universities.

The field based data collection and data analysis is completed and draft reports have been finalized. Third research methodology workshop was organised on 11-12 September, 2017 where the draft state reports and synthesis report was presented for comments from the peers.

The synthesis report and the State reports have been submitted to the expert committee. Third expert committee meeting to discuss the reports was organized in July 2018. Policy briefs and policy dialogues will be prepared. Synthesis report is being revised for final submission and state reports are being prepared for uploading.

Research paper titled “Governance and Management of Higher Education Institutions in India” published as CPRHE Research Paper Series 5 in February 2017.

**Project Output:** (a) 4 State Reports, (b) 1 Synthesis Report, (c) CPRHE Research Paper

Malik, Garima “Governance and Management of Higher Education Institutions in India”, CPRHE Research Paper Series 5, February 2017.

## **8. Employment and employability of Higher Education Graduates in India**

**Investigator: Professor Mona Khare**

India has one of the largest education systems in the world, employability of the educated graduates is often quoted as one of the biggest challenges the country faces today. India's growth story is unique in the sense that it has defied the widely accepted model of economic development i.e shifting from agriculture to industry and then services. The manufacturing led growth of the early years of Independence was soon taken over by the tertiary sector predominance. Also the feature of poor employment growth of the 1960's to 1980's and the increasing number of educated job seekers during the period was repeated in the jobless growth of 1990's during the liberalised era. While the Indian economy clearly bypassed the industrial sector and moved directly from agriculture to services sector that today contributes to 3/4th of India's GDP, the same does not hold true on the employment front, where still a majority is occupied in the agriculture and allied activities, a major section of which is subsistence level traditional agriculture. However, future projections reveal that 60% increments in the jobs would be in the service sector. The problem of graduate employability has both supply and demand side aspects. Also the problem of employability and skills deficit cannot be completely delinked from the employment, unemployment and labour market conditions. The present study tries to combine the impact of both external and internal as well as demand and supply factors affecting and influencing graduate

employability. The study proposes to understand the issue of graduate employability and higher education in India along three interlinked domains at macro, institutional and individual levels which are: macroeconomic dimensions of educated employment/unemployment trends.; changing industry demands and dimensions of university/ higher education; individual stake holders' changing perceptions/ expectations regarding higher education participation and provision in terms of employment readiness. The study aims to answer the following research questions: a) what are the employers' perceptions regarding employability skills of HE graduates; b) what are the experiences of new employees regarding their employability readiness during university education vis-à-vis their work place requirements; c) what are the students' expectations from HEIs on developing skills for employability; d) what is the response of university faculty and administrators to the role of higher education sector in preparing industry ready graduates? e) is a graduate employability skill policy need of the hour? Perspectives of the major stakeholders such as the employers and the new employees, students and teachers are explored to answer the research questions. It is a multi-level, multi-state study covering multiple cities in the country. The six cities identified are four Tier I cities of Mumbai, Delhi, Bangalore, Hyderabad; Lucknow as a lead employment provider among Tier II cities; and Udaipur as one among the first three employment providers in the Tier III category of cities.

The major objectives of the study are to analyse perceptions of all stakeholders on graduate employability; to understand the variations between the perceptions of employer-employee community and academic community (students and teachers) on graduate employability skills; to measure employability skill gap differentials across gender, social groups and regions.; to study the existing on campus/ off campus employability support in Indian universities and colleges; and to identify institutional barriers in imparting gainful employability skills to higher education graduates.

The Analysis Framework workshop was organized on January 18 and 19, 2018. Review of the 5 State Reports ( Maharashtra, Rajasthan, UP, Karnataka and Telangana) for CPRHE study on Employment and Employability of Higher Education Graduates being done.( Reviewed four , received two final versions). Preparation of synthesis report of CPRHE study on Employment and Employability of Higher Education Graduates (under preparation to be finished soon).

## **9. Quality of Higher Education in India: A study of external and internal quality assurance at the institutional level**

**Investigator: Dr. Anupam Pachauri**

There is very little empirical evidence to show whether or not there has been any change in quality of the institutions that have accredited by the National Assessment and Accreditation Council (NAAC) and internal quality assurance (IQAs) have been in operation. The broad objectives of this research aimed to understand how external quality assurance (EQA) and IQA enhance quality at the institutional level; how the EQA agencies impact the higher education institutions and programmes and to analyse the structure and function of IQA at the institutional level. Five universities in the 2nd or subsequent cycle of NAAC accreditation and an accredited college affiliated with each of the selected universities were selected from the five states namely, Karnataka, Madhya Pradesh, Meghalaya, Rajasthan and Telangana.

The principal investigator closely followed the progress implementation of the project and helped state teams to draft the research reports. This involved help in coding and analysis of quantitative and qualitative data and writing the first draft of the state report. The first draft of the state level reports was prepared by the five institutional teams from the institutions selected for the study. During the process of report writing detailed feedback on drafts of each chapter was provided to each team. This was followed by editing and review of each report sent to the teams for revision before the final submission of the report. Research methodology workshop material was developed for the research teams from ten institutions (four state universities and

one affiliated college with each of these universities and one central university and one of its affiliated colleges) of the research project. The material included detailed review booklets containing comments on the draft reports submitted by each of the five institutional teams. The booklet also contained suggestions for respective teams to improve the research report so as to highlight and analyse the changes in their respective institutions due to external quality assurance and internal quality assurance. Third research methodology workshop was organised where the draft state reports and synthesis report were presented for comments from the peers. Each presentation was followed by review comments by one of the peer team leader assigned the task to review the research report. This was followed by remarks and comments from all other team members. Finally, detailed review comments were made by the Project coordinator and the Principal Investigator of the research project Dr. Anupam Pachauri. The review comment booklet was further revised in view of the comments and discussions at the research methodology workshop and was shared with all the teams so as to facilitate the finalisation of the state team reports. A preliminary Draft of Synthesis Report was prepared and presented at the research methodology workshop for the project to receive the feedback from the institutional teams.

Currently, the state team reports are being edited by the Principal Investigator/Project Coordinator for web upload and the synthesis report is being finalised. One research paper and Policy briefs will be developed on the theme of IQA and EQA.

Project Output: (a) 5 State Reports, (b) 1 Synthesis Report (c) 1 Research Paper (d) 2 Policy Briefs

## **10. Higher Education Success and Social Mobility: A Study on Coaching Schemes for SC/ST/OBC and Minorities in Universities and Colleges**

**Investigator: Dr. C. M. Malish and Dr. Nidhi S Sabharwal**

On request of UGC, CPRHE/NIEPA has undertaken a study to assess the efficacy of coaching schemes sponsored by the UGC. The following are those

coaching schemes: 1. Remedial coaching for SC/ST/OBC and Minorities; 2. Coaching for NET/SET for SC/ST/OBC and Minorities; and 3. Coaching for entry into the service for SC/ST/OBC and Minorities. Major objectives of the scheme are to provide additional learning input in the form of special coaching classes for disadvantaged groups to facilitate the successful completion of the academic courses and career mobility. Research instruments were developed by the CPRHE team in consultation with the coordinators of UGC coaching schemes and faculty members involved with academic empowerment of disadvantaged groups in Delhi colleges and universities. Case study was carried out in selected higher education Institutions receiving grants for coaching schemes. Both qualitative and quantitative methods were adopted for the collection and analysis of data / information. It involves collection of secondary data, administering questionnaire among the students currently attending coaching classes and passed out, focus group discussions with students and interviews with faculty coordinator faculty members / instructors of coaching classes and institutional leaders.

The first research methodology workshop with research coordinators of the case study institutions was organised on 2-3 May 2017 to develop a shared understanding on the research instrument and the research implementation process. Field visits by the CPRHE research coordinators were completed. It includes Pune University, Maharashtra, Government College Tripura, North Eastern Hill University Meghalaya, SBMPG College, Fazilnagar, Kushinagar, UP, Maharaja Sayajirao University, Baroda, Gujarat, Gaya College, Gaya, Bihar, Doaba College, Jalandhar, Punjab and Chaudhary Devi Lal Sirsa University, Haryana. The research coordinators monitored the data collection and took part in data collection along with case study coordinators and project staff.

Data analysis is complete and draft of the two major empirical chapters is being finalised. Three of the introductory chapters including review of literature are

in advanced stage of completion. Preliminary draft of the report will be ready by end of July 2020. Research methodology workshop (virtual) will be organised for case study coordinators in August 2020 to seek the comments and suggestions on draft report. Report will be revised and finalised soon after the workshop and same will be submitted to UGC.

### **11. Public-Pvt Mix in Secondary Education in India: Size and in School Facilities and Intake Profile**

**Investigator: Dr. N.K. Mohanty and Prof. S.M.I.A. Zaidi**

Keeping in view the role of private sector in education in general and the public-private mix in the delivery of education service in particular, this study aimed at looking into the structure and size of the secondary school network by management and region, their characteristics in terms of facilities, staffing pattern and student profile in terms of social background across the major states in India. In the first phase, the study made use of secondary data collected from SEMIS/ UDISE, NSSO, 8th AISES, plan documents and other official records of major states. The preliminary findings based on the analysis of secondary data shows that educational facilities were not available in the schools at the secondary level which is the main obstruction and hindrance in acquiring quality education. The study further revealed that schooling facilities in terms of school building, boundary wall, play ground, library, laboratory, computer and related facilities like electricity facility, generator set, internet and computer laboratory, sanitary facilities particularly separate urinal and lavatory facilities for boys and girls including female teachers, female teachers including the qualifications and training status of teachers, who are directly involved in the pedagogy and the likes vary widely between the states and between the management types within the states. It was also found out that there is a very close relationship between the availability of educational facilities and the academic attainment of students at secondary level across regions and states in India. Hence, the reform programmes like RMSA and other centrally sponsored schemes should focus

their attention in providing the basic infrastructure facilities and staff in the existing secondary schools/ sections so as to make them conform to norms and standards. This effort would certainly go a long way in improving and strengthening secondary education as well as improving the overall performance of the students and institutions at secondary school level in India.

The study is being implemented in two phases. In the first phase, it attempted to profile the secondary school networks in major states and trace the institutional and other factors contributing towards different models of delivery of secondary education in states. In the second phase, the study would attempt to profile government, government aided and private unaided secondary level institutions in terms of intake size, in-school facilities, participation rates and the socio-economic characteristics of clientele groups. It would provide insights into secondary education delivery systems in states and their implications for improving equity and quality.

The Phase I of the study has been completed and the Report of the Phase I of the Research Project is submitted herewith for necessary action. The report of Phase I of the study, while highlighting the findings and their implications for policy planning, also has identified the areas which need further investigation in Phase II of the study.

Since the Phase II of the study will be mainly based on primary data and information and as Prof. S.M.I.A. Zaidi has retired and residing outside Delhi, I would start the data collection from the sample states (to be selected) once the Covid 19 situation comes under control and I am able to go there.

### **12. An Educational Atlas on Gender: A District Level Representation**

**Investigators: Dr. Suman Negi and Prof. Mona Khare**

The research project - An Education Atlas on Gender: A District Level Representation was initiated in March 2015. The main purpose of conducting this study was

to support the dissemination of this educational data that NIEPA collects for schools. Therefore map based information dissemination in the form of an Atlas, as an effective medium with an endeavor to map out education with gender as a backdrop was thought of. The information will be represented through data sets, with an aim to capture the nuances of educational inequality and development within gender lines. This initiative is also an endeavor to facilitate those concerned with educational Planning, from the perspective of Gender as there is a scarcity of available resources and this document will spell out the existing regional variations and disparities. The main objectives of the study are (i). to use the DISE and UDISE data to represent the selected indicators related to gender; (ii). to represent some temporal trends at the national level and (iii). to represent a comparative picture of existing regional disparities.

Data has been collected and arranged. Maps have also been generated. Chapters are being prepared and the project should be submitted by March 2020.

### **13. A Study of Scholarship Scheme and Educational Mobility among the Scheduled Caste Children at the Secondary Level in Odisha**

*Investigator: Dr. S.K. Mallik*

#### **Objectives of the study**

1. To find out the nature and extent of implementation of the scholarship schemes for promoting education of the SC children at the secondary level;
2. To examine the effectiveness of the scholarship scheme for the SC children on the school completion and their mobility to higher levels of education;
3. To find out the problems and constraints faced by the students in availing and utilizing the scholarship for their studies;

4. To find out problems and constraints faced by the government and school administration authorities in implementation of the schemes and;
5. To explore and identify suitable measures for effective implementation of the schemes.

The present study is being conducted in the state of Odisha. There are thirty districts. The literacy rate will be the basis of selection of district for the purpose of the study. Out of present thirty districts, two districts with having highest literacy rate of Scheduled Caste population were selected to conduct the study. Out of two selected districts (Jagatsinghpur and Khordha), two blocks from each district were selected on the basis of high enrolment of Scheduled Caste children at the secondary level. From each block, 5 Government secondary schools were selected having high enrolment of Scheduled Caste children at the secondary level. The respondents of study are teachers including headmasters, students, ex-students, administrators and parents. Review of Literature Completed. The report writing is in progress and the final report will be submitted by September, 2020.

### **14. Study of the implementation of the Provision of 25 per cent seats to the Children of the Weaker Sections and Disadvantaged Groups in Private Schools under the Right to Free and Compulsory Education (RTE) Act, 2009 in selected states: Policy and Practices**

*Investigator: Prof. Avinash Kumar Singh*

#### **Background and Objectives**

With the implementation of The Right to Free and Compulsory Education (RTE) Act, the states under Section 12 (1)(c) of the Act have begun to provide 25% free seats for children belonging to weaker sections and disadvantaged groups (EWS) in private unaided elementary schools. Although, the Act is in its fourth year of implementation, there is not much

clarity among the functionaries with regard to how the rules and regulations relating to the provisioning are being implemented. For example, how eligibility criteria for identification and selection of the children are being followed? How private schools are following the rules and regulations in fulfilling the constitutional commitments and provisions in different states? What problems and constraints are being faced by the parents and children in securing these rights? Both inter and intra-state variations have been reported in implementation of the RTE provision. It is in this context, an exploratory study is being conducted to develop an understanding of the policy and practices of education of the disadvantaged children under Right to Education Act-2009 in selected 10 states spread over 5 different zones of country. The main objectives of the current study are: a) to assess the nature and extent of the implementation of the reservation provision under RTE Act in different states in terms of policy and practices; b) to find out the level of awareness about the reservation provisions among the children and parents belonging to the categories of disadvantaged and economically weaker sections; c) to examine the issues related to the adjustment of the children from diverse socioeconomic backgrounds in the school and classroom; d) to identify the innovative practices regarding the implementation of the reservation provisions in schools in different states; e) to identify problems and constraints faced in the implementation of the RTE provisions by different stakeholders, parents, children, teachers and education functionaries; and f) to suggest suitable measures to make the planning and implementation of RTE provision of reservation in private schools more effective.

The above research project is under early stage of implementation involving collection and review of literature related to the theme and development of research tools. Under literature review, profiles of the selected states and compliance of RTE norms in the states, based on secondary official data are being prepared. The 10 states selected on the criteria devised

under study include: Kerala, Karnataka, Delhi, Uttar Pradesh, Madhya Pradesh, Gujarat, Maharashtra, Jharkhand, Bihar and Assam. Furthermore, formats of the tools of data collection are under preparation. The following tools have been designed.

Household Information Schedules

School Information Schedule

Schedule for the Head Teacher and other Teachers

Schedule for the Children belonging to Disadvantaged Groups and Weaker Sections

Schedules for Parents of those Children and other Community Members

Schedules for the members of the school governing committees

Checklists for Education Functionaries at different levels (Cluster, Block, District and State)

Pilot field visits have been made to schools in Delhi and Jharkhand, during which besides trial of the draft tools, initial data collections have also been done. State specific fieldwork plans are being worked out in consultation with the selected States. The research project is at a stage when with deployment of research project staff, intensive data collection will be started in the coming months.

## **15. The Political Economy of Higher Education Reform in India: Comparative Perspective on the Principles, Policies, and Institutions for Reform (1991-2012)**

**Investigator: Dr. Manisha Priyam**

Report: This Project has formally commenced on June 20, 2018, following appointment of Junior Project Consultant. The research entails the use of a case comparative method to study the political economy of higher education, using the case of the University of Mysore and the University of Patna. Visits have been

made by me (PI) to both field sites: the University of Mysore, and the University of Patna, in order to familiarize myself with the context, draw up a list of persons to meet, formulate the interview schedules for key informants, and prepare a bibliography of relevant secondary literature and policy documents.

I have completed interviews with the following:

#### UNIVERSITY OF MYSORE:

Key functionaries of the University of Mysore and of the Maharaja's College which was the nucleus institution for the foundation of the University.

Old teachers and alumni of the University of Mysore and of the Maharaja's College.

I have also collected official documents of the University of Mysore, and some publications on the history and functioning of the University of Mysore

I have also collected data on enrolments in Maharaja's College—by social caste category. This data is being analysed to see the nature of enrolments, variations if any, state policy schemes which support equity issues in student access.

The interviews have helped me put together the historical background in which the University was set up as a part of the state of Mysore's efforts to impart modern education, and at the same time counter colonialism. It has helped me understand the nature of knowledge imparted at the moment of foundation, faculty characteristics, alumni diversity and activities in college.

The following substantive reflections came out from the preliminary field work:

The University of Mysore has traditionally been a hub of liberal art and humanities, whereas the University of Bangalore specializes in the Science.

The Maharaja of Mysore has had an important role in setting up the University. It had started as Maharaja's free School, then become Maharaja's College, and is now the Manasa Gangotri Campus of the University of Mysore.

The University faculties of Philosophy, Psychology, Sociology, Kannada Literature, and Oriental learning (Sanskrit) Centre has received critical acclaim nationally or internationally.

The University today is a centre for scholarly learning in the Kannada medium

The University Professors include Padma Awardees and Gyan Peeth awardees.

I have read the History of the University of Mysore, written by Professor Sheikh Ali, and published by Prasara—the University Press; and Mysore Modern by Professor Janaki Nair. Based on these readings, and key informant interviews with Ichanoor Kumar, historian journalist in Mysore, I have compiled the bibliography of archival material.

What Remains to be done in Mysore and Bangalore:

Interviews with policy functionaries in the University of Mysore on themes of governance and policy reforms

Collection of data on enrolments, by gender and social caste diversity; teacher appointments and vacancies; university finances; and institutional diversification of the University of Mysore

Collection of archival material from Government archives, Bangalore

Perusal of reports on backward classes' commission reports of the Government of Mysore/Karnataka in Bangalore

Focus Group Discussions with students, perusal of hostel facilities

Key informant interviews on Role of University leadership, Vice Chancellor and the main challenges, role of Governor in the University

#### UNIVERSITY OF PATNA:

Two visits have been made to Patna. Due to teacher's involvement in elections and their training, and campus closure on account of elections, it has been

difficult to make sufficient advance here on account of non-availability of faculty staff, and government officials. Floods in the city have further delayed field work here. Visits will be made after the local festival of Diwali and Chath are over in early November 2019.

Focus group discussions have been done with students in Patna College and Patna University. These require to be transcribed.

Interview Schedules have been prepared for all further interviews with key informant etc.

Work Profile: Research Assistant for the Research Project Political Economy of Higher Education Reforms

The proposed assistance for the RA is in the nature of Bibliography and archival research assistance—RA will be sent to the field in November

Transcribing of interviews of key functionaries—is in progress.

Field Assistance for Focus Group Discussions, transcribing and coding the data.

## **16. Revisiting Equity under RTE: Policy Perspectives and Popular Perceptions**

**Investigator: Dr. Naresh Kumar**

The study presents a detailed description of the field area and the visited schools. The Study also informs in detail about the working of the schools in coherence with the community. The study points out major reason for the failure of the government schools are the 'Deficit Social Trust'. There is no way of trust building mechanism and the private school system, mainly LBS has realized this-and therefore they are utilizing this for taking leverage. The study urges to relook into private school system. Until now we have been arguing against the private school system (especially LBS) but we never tried to understand this system. Field insights inform me if there are 10 LBS in a locality –each school would try to exhibit different quality. Because of competition each school runs in a survival mode, therefore, tries to expertise in some areas which can impress the parents.

The study shows that to a great extent private schools are able to establish a close relation with the parents than the government schools. This way LBSs have come up as an epiphenomenon in the Indian history-which could create vibrant 'public sphere' where children from diverse background participate. The project's methodology needed many field visits which I have completed after rigorous engagement. The final field visit was conducted recently to fill the gaps in the data. The draft report of the project is ready. Report will be submitted in the month of March 2020.

## **17. Autonomy in Indian Higher Education Institutions**

**Investigator: Dr. Neeru Snehi**

- The issue autonomy of higher education institutions has become important part of agenda for bringing reforms in Indian higher education system. Granting autonomy appears to indicate that autonomy is a panacea to myriads of problems confronting them. The objectives of the study were to explore as to what extent autonomy prevails in Indian higher education institutions in general and undergraduate colleges in particular, what is the role of the stakeholders in granting autonomy to undergraduate institutions and to compare the functioning of affiliated colleges with those of autonomous affiliated colleges.
- In reference to these objectives, a sample of four/ five colleges affiliated to two universities from 5 regions were selected and visited. Field work consisting of interviews, focus group discussions and data collection from the sample colleges affiliated to these state universities is over. Entry of data is done. Based on the research questions and the data, report has been divided into five chapters. These chapters deal with the theoretical framework, comparative analysis of autonomy to colleges through University Acts, autonomy and its impact on autonomous colleges and regulation and control of autonomy by other statutory bodies

and a concluding Chapter. At present draft report Writing and finalization of analysis for the Draft Report is in progress. The Report is expected to be finalized by March 2020.

### **18. A Pilot Study Geo-Spatial Information System of School Education**

**Investigator: Mr. Anugula N Reddy**

The pilot project to develop Geo- Spatial information system for school Education has two objectives. The first one is to review the experiences of different state governments in developing geo- spatial information systems school education, in collection of geo-spatial data of schools and using them in educational planning and monitoring. The second objective is to develop a prototype of geo-spatial information system for school education in block and demonstrate the methodology and applications of geo- spatial data in educational planning at the local level. The state experiences are being reviewed by visiting GIS websites and examining the content of websites, and availability of different tools on the website that can be used in planning of school location and monitoring. This would be followed by visits to states for in-depth discussions on practices adopted to develop GIS for education and using the same for planning and monitoring. Attempts are also being made to develop a prototype geographical information system.

- GIS websites and examining the content of websites, and availability and functionality different tools on the website that can be used in planning of school location, and monitoring. A draft review report is prepared.
- A paper on algorithm on teacher transfers (Haryana) using GIS data is prepared and is under active consideration of World Development (Elsevier).
- Two more chapters-on segregation across schools and school location in progress
- Investigator has not been submitted any progress report for the year of 2019-20.

### **19. An Intensive Study to Critically Examine the Present vis-a-vis Futuristic Role and Functions of Educational Administrators in order to Identify Training Needs**

**Investigator: Prof. B. K. Panda and Dr. Mona Sedwal**

#### **Background and Review**

Human Resource Management at all levels has undergone a significant change. Organizations are attaching tremendous importance towards the management and development of their people. It has also been felt that there is a need to build not only the teachers but also the capacities of the educational administrators on continuous basis on whom vests the success of managing the educational institutions efficiently which are under their purview. There are several training institutions established across various states in the country. Yet most of them focus their training either on pre service or on in service teacher training. Furthermore, there are no specific programmes of professional development that have been chalked out for the benefit of the educational administrators who are functioning at the district and sub-district levels. These cadres of educational administrators are left mostly neglected and lack the opportunity to upgrade their all round professional skills and competencies to handle the challenging new policy, programmes and projects of the government. Absence of proper professional development programmes has affected the implementation of national and state level programmes for the professional development of the educational administrators.

#### **Focus on Training Model for Educational Administrators**

Looking at the present status of the training institutions of the country with very little or no scope for training these educational administrators, there is a need for developing a National Training Framework for the Educational Administrators working at the state,

district and block level in order to equip them from time to time with the latest dimensions of policies and programmes on education that are in progress. This framework might cater to the educational administrators on a continuous basis with proper effective professional development programmes through recognized training institutions established with the respective states. These can adapt certain guidelines to impart quality training programmes at the entry and middle level of service period as well as have a wider outreach.

In this context, it is proposed to develop the Capacity of the Educational Administrators through developing a National Training Framework for the Educational Administrators. The Framework is designed to cover the issues such as: (a) What type of Training Institutions needs to be developed for these Educational Administrators, (b) To identify the Cadre of Educational Administrators that needs to be trained, (c) What kind of professional competencies and skills are to be built among these educational administrators (d) Gearing up the existing training institutions to national and state level and their development to be planned.

### **Objectives**

- To identify the futuristic dimensions of training to be imparted to the educational administrators;
- To identify the areas requiring priority for building the capacity of educational administrators;
- To understand the existing training facilities and the capacities of such institutions which impart training to the educational administrators;
- To develop a model training framework for the Professional Development of Educational Administrators both in terms of academic and administrative areas; and
- To develop a model programme that is feasible in terms of resources and effective in terms of delivery, sustainable in implementation of

training and to make cost effective and outreach feasibility of use of the e-learning methods.

As a curtain raiser we have worked on the basis of the information provided by the three levels of educational administrators (senior, middle and junior) from the States of India in order to understand what is expected by each of the category as well as from each other in terms of learning the nuances of educational administration. In addition, a review of literature was also done and what we obtained from the review has been taken into account. Combining the discussions and what the reviews speak about, a preliminary first part of the report has been developed. This will form the foundation of the main report which will be carried out soon by on line interviews and discussions. Attempt will be also made to understand the areas which the educational administrators would like to be trained, the modes of training, process of trainings, training providers and sustainable training programmes. A preliminary report is readied for submission before August 2020.

### **20. A Comparative Study of Social Dynamics and School Management in Educationally Backward Block and Non-Educationally Backward Block of Rajasthan**

**Investigator: Dr. Mona Sedwal**

The Right to Education Act (RTE), 2009 has played a significant role in getting children to the schools across the nation. In Rajasthan too the RTE has made an impetus by fostering major responsibilities on the school Management Committee (SMC) and other educational institutions working at the grassroots level to make it a reality. On the same lines Government of India has identified the Educationally Backward Blocks (EBBs) where the concerted efforts are made to make education for all a reality.

Keeping above discussion in the backdrop the present study propose to examine the impact of composition of the SMC in the light of the caste dynamics in the school management. According to the scheduled

Caste and Scheduled Tribes orders (Amendment) ACT, 1976 Rajasthan has 59 to the SCs in the state. Rajasthan comprises of 17 per cent SCs and 13 per cent STs in the state. According to the census 2011 the literacy is 53 per cent.

The main objectives of the study are as follows:

- To assess the kind of social composition, its relation and impact on school management in the EBB and non EBB village.
- To study the functioning of school management and the attitude of the members of the school management and the Head Master towards the children coming from the Sc community in the EBB and non EBB.
- To study the involvement of the school management in developing the SDP and implementing it with the help of the educational inputs provide by the BEO, DEO, DIET and SIERT in the EBB and non EBB.
- To study how inclusive is the functioning of the school management at the village level for the SC population in the EBB and non EBB.
- To evaluate the content and methodology as well as impact of the training programmes for the SMCs and to assess participation rate of the Sc members in the training programmes in the EBB and non EBB villages.
- Delayed as unable to go to the field for conducting the research due to the annual IDEPA training programme and COVID Pandemic.
- Current Status of the Study: The introduction chapter as well as the draft design of the study has been drafted. Secondary data analysis is conducted for the research work.
- Data Collection: Tools for conducting research as questionnaires have been developed for the execution in the field. The data is yet to be collected in the specific format based on the FGD and personal interviews.

## 21. Critical Assessment of Participation of children in Education in Urban slums in India

*Investigator: Dr. Sunita Chugh*

- Data has been collected from all the forty six slums of ten sampled cities (Delhi, Bhubaneswar, Mumbai, Kolkata, Hyderabad, Ludhiana, Raipur, Lucknow, Kanpur and Ludhiana)
- Data Entry of the information collected through three types of questionnaire – Questionnaire I pertaining to profile of slums (50 slums from 10 cities), Questionnaire II pertaining to the basic information collected (26,630 questionnaire with 15 indicators), Questionnaire III pertaining to detailed socio- economic, educational characteristics of the households having children of 6-14 years of age (8849 questionnaire with 232 indicators); which includes profile of school going children and profile of drop out children.
- Data entry and data cleaning for all the data collected from the households was completed by February 2020.
- Reports based on the analysis of data from the secondary sources which includes demographic profile of cities , composition of population on religious and social indicators was prepared, participation of children based on Census 2001 and 2011 was done. Data analysis of primary data collected from households was completed for three cities (Kanpur, Lucknow and Kolkata) by March 2020.
- April to June reports of the seven cities (Bhopal, Delhi, Ludhiana, Hyderabad, Bhubaneswar, Raipur, Mumbai) by analyzing secondary and primary data was finalized and completed. Copy editing of the reports is in progress for submission.

## 22. Library Facilities in Indian Undergraduate Colleges and its impact on Students' Academic Performance

**Investigator: Dr. Sangeeta Angom**

Library is very important source of learning for the teachers, researchers, students as well as the public. Most of the libraries in the universities & colleges are for the students and teachers, but some of the university libraries are open for the public also. In India the situation of colleges, college libraries and college librarians is in a poor condition as compared to the advanced countries in the world. Most of the colleges do not have proper library facilities and wherever libraries are available, there is no properly maintained library managed by properly trained manpower. There are many reasons for this problem including budget, space, resources, manpower, lack of national policies and standards. The college library plays an important role on the overall development of the students to transform them into knowledgeable persons. Their reading skills, information seeking skills and the knowledge about the library resources can be improved due to well maintained college library. However, there is little empirical data about conditions of college libraries, about electronic/digital resources are being used by undergraduates bearing in mind that most colleges in India have not fully digitized their library resources.

It is evident from the literature review that quite a few studies have been carried out on the use of academic libraries or facilities in the college library. But most of the studies were confined to a particular state and there are hardly any study being conducted at National Level on library facilities of higher education institutions especially the under graduate colleges. The present study is being undertaken with two specific aims: i) to study the various facets of library facilities in Indian colleges keeping in view the NAAC parameters relating to library facilities; and ii). To assess the impact of college library on its user's (student) academic performance.

### The objectives of the study

- To examine the library facilities provided by the colleges in terms of -library building, total collection and other facilities
- To find out the fund allocation on college library
- To find out the qualification and working condition (such as education and training, working atmosphere, entitlements-leave, salaries etc) of the library
- To examine the extent of uses of library resources in the colleges
- To explore whether college libraries are managing or extending its services to the users as per the NAAC parameters for enhancing quality of education
- To find out the status of libraries and their impact on the quality of higher education
- To find out the academic performance of students in relation to their engagements in the library
- To find out the challenges faced by the colleges with regards to library- facilities, fund allocation and management of services to the users and to offer measures for improvement.

### Research Methodology

This study will be a survey research with analytical approach. The population of the study will comprised of all Undergraduate general degree colleges in India. The sample of the present study will comprised of 20 states from five regions- East, West, North, South, and NE region of the country. 10 Colleges from each sample states will be selected randomly from the sample states. Both Government and Private Colleges will be selected. Both secondary and primary data will be used for the study.(i) Primary data will be collected through constructed tools, such as, questionnaires and interview schedules from college administrators, librarians/library in charge, teachers and students and (ii) secondary data will be collected from the college documents.

So far the pilot study was conducted during the month of February to beginning of March, 2020. Four colleges affiliated to Delhi University were selected as sample colleges for conducting the pilot study. It was possible to interact and meet with few students and teachers from only three colleges. The constructed tools (students, teachers, librarian and principal) were tested during the pilot study and the original tools were being reviewed accordingly. The First phase of field survey for collecting data from the sample colleges were scheduled during March end to May, 2020. However, due to present pandemic, it has been postponed till the situation improves.

Currently, the data collected during the pilot study is in the process of analyzing using SPSS. It is also plan to send by email to the sample colleges for furnishing the questionnaires from the respective college principals as well as from the librarians.

### **23. Governance, Regulation and Quality Assurance of Teacher Education in India**

**Investigator: Prof. Pranati Panda**

Ensuring quality teachers and quality teacher education programmes have been persisting as fundamental national concerns over the decades. The teacher education sector in general and teacher education programmes /courses in particular are witnessing series of changes in terms of duration, course structure, dominance of private providers, etc. Whilst the high quality teacher education is considered key to preparing effective and competent teachers, it is also central in laying foundation for developing the teacher as a professional.

The demand for high-quality teachers cannot be met without high-quality teacher education. Empirical evidence have suggested that inadequate preparation to teach has an impact on student achievement outcomes, teaching effectiveness, teacher attrition rates and school collegiality. The need for quality assurance in teacher education has remained as the weakest zone in the Indian teacher education sector. The major

challenge is 'How the quality of teacher education can be assured fostering a quality culture and improved performance of each institution?' Investigator has not been submitted any progress report for the year of 2019-20.

### **24. Decision-Making Process at the DEO office in Gurgaon district in the State of Haryana: A Pilot Study**

**Investigator: Prof. Vineeta Sirohi**

The Project remained suspended temporarily for the period 31.04.2019 to 31.07.2020 after the approval of the Competent Authority. The project has been restarted w.e.f. 01.08.2020.

### **25. Planning for Flexible learning pathways in India higher education**

**Principle Investigator: Dr. Garima Malik**

UNESCO International Institute for Educational Planning (IIEP) launched its research project on Flexible Learning Pathways (FLP) in Higher Education, a topic that is an essential component of Sustainable Development Goal (SDG) 4 in the Education Agenda 2030. This project is launched by the IIEP, Paris.

As higher education systems are expanding fast, and they are becoming much more diversified in terms of types of institutions, modes of delivery and backgrounds of students. SDG 4 emphasizes the need for flexible learning pathways that allow students to enter through alternative admission systems, to transfer between types of provision and to accumulate credits.

The overarching objective of the new IIEP research project was to strengthen flexible learning pathways as an area of future reform. To achieve this objective, this research project conducted two main activities: (i) an international survey addressed to ministries of (higher) education in all UNESCO member states to collect evidence on existing policy frameworks and instruments; and (ii) a series of in-depth case studies

from countries that are in the process of developing or have already developed flexible learning pathways in higher education. Instruments to support flexible learning pathways would be national qualifications frameworks, quality assurance, recognition/validation of prior learning, credit accumulation and transfer systems, and information and guidance services. A major objective of the country case studies was to analyse how policies and tools impact on the realities of higher education institutions.

The first research methodology seminar was organized in IIEP, Paris on June 17-19, 2019 and 13 representatives from 7 countries (including India) attended the seminar. Second Research Methodology seminar for the project was planned in June 4-5, 2020 at Paris for a peer-review meeting to discuss draft reports however due to the pandemic it was then conducted online in June 2020. The data collection is complete for the National level and case study institutions IIT-Delhi and Bharathiar University. A series of 8 webinars including all the 8 country teams was conducted in June 2020 by IIEP attended by all research teams. The India case study presentation was made on June 19 following which peer review comments were made by the U.K. Research team. The U.K. Report was peer-reviewed by India and comments presented at the June 23 webinar. The final report is to be submitted to IIEP on July 31.

## **26. Leadership Structure, Practices and Models for Small Schools: Challenges and Evolution**

**Investigator: Dr. Kashyapi Awasthi**

This project is funded by IUCTE, Department of Education, The Maharaja Sayajirao Gaekwad University of Baroda.

### **Research Questions are:**

- What are the contextual needs and challenges of head teachers in small schools?

- What are the leadership structures, processes and practices of participation for small schools?
- What new theories or models of leadership emerge from the field?

The project follows positivist and interpretive approaches, using survey design in phase 1 to understand the leadership needs and challenges in small schools and study the leadership structures, processes and practices if any. Phase two is designed to gain greater insight into the leadership processes and practices of participation and effectiveness of these in school transformation and Case study method was used. Gujarat was selected as the sample state and using the data from U-DISE two districts namely Chhota-Udepur and Kutch were selected as sample districts, further in consultation with the district authorities two blocks from each district have been selected viz. Sankheda and Nasvadi from Chhota-Udepur and Bhuj and Lakhpat from Kutch. Since the third research question is about evolving research models for small schools; there was an added indicator in the selection of small schools. The Gunotsav record both for academic and non-academic performance were considered in the selection of schools at primary and upper-primary levels and board pass percentage were considered in the selection of schools at secondary and senior secondary levels.

The data collection from both the districts is completed and the quantitative information is compiled in excel sheet for analysis while the records of interviews with school heads have been transcribed for content analysis. The first draft of the chapter conceptualizing the research problem, the review of related literature and methodology has been done. The analysis of data is in progress and it would take two more months to give a final shape to the report. The report would be submitted by September, 2020.

## **27. School Management Committees: A move towards Open Government in Education In India**

**Principle Investigator: Dr. Sunita Chugh**

The following sections have been completed

- *Framework for the Present Study*
- *Method adopted for the present study*
- *Community Participation in Education: Trajectory towards Open Education*

Genesis of Community and its Participation in Education in India Open Government Initiatives in India: Towards Decentralization Right to Education Act (2009) and School Management Committees: Open Education in India.

## **28. Involvement of Teachers in Non- Teaching Activities and its Effect on Education: An All India Study of Time Spent By Teachers on Election and Election Related Duties**

**Investigator: Prof. Vineeta Sirohi**

MHRD requested NIEPA to conduct a study to obtain real time spent by teachers on election and election related duties from all states and UTs. Therefore, a draft proposal was sent to MHRD and later was revised as per the comments from MHRD. The letter from MHRD regarding the approval of revised proposal along with budget was received by NIEPA on 12th April 2019.

The study was initiated by NIEPA selecting 2 districts from each State/UT. Thus, the sample consists of all teachers teaching in primary and upper primary levels in selected government schools of 69 districts. 10 schools from primary and upper primary level were selected from each district using U-DISE data. Separate questionnaires for Teachers, Head Masters and District Education Officers were developed in consultation with the experts to collect information related to the

time spent by teachers in non-teaching activities. Questions were also formulated for interaction with the teachers and administrators during the field visit.

The states were requested to send nominations of district education officers from selected districts to participate in the study and orientation workshop. The orientation workshops were organized on 8th and 10th May 2019 in which 30 district education officers participated. They were oriented about the study, procedure for data collection and other related activities. The questionnaires were also discussed in detail and a set of questionnaires were handed over to the participants during the workshops.

A Research Advisory Committee consisting of experts in the related field was formed and a meeting of the Research Advisory Committee was held on 23rd May 2019. The minutes of the meeting were sent to MHRD.

Field visits to the states of Uttarakhand and Tamil Nadu were also conducted to interact with the teachers and administrators to study their perception about the involvement of the teachers in non- teaching activities. One of the mandates of this study was, to also look into the effect of teachers' involvement in non-teaching activities on teaching learning in schools. The interaction with teachers and educational administrators at the institutional level and the district level revealed the adverse effects of involvement of teachers in these non-teaching activities particularly BLO duty on teaching learning. Confronted with the various problems and challenges, majority of the school teachers are not in favour of performing these duties as most of their teaching time is lost and they are not able to focus on the main task of teaching for which they are appointed. As a consequence of their involvement in these duties they do not get adequate time to plan and prepare their lessons and due to fatigue working beyond school hours also they are not able to concentrate on teaching, leading to poor quality of teaching learning experiences. The students' academic performance is also adversely affected in such situations.

## **29. A Comparative Study on Girls' Education in Himachal Pradesh, Haryana and Madhya Pradesh**

**Investigator: Dr. Madhumita Bandyopadhyay**

Project has started and Tools are being prepared for primary data collection. Currently, working on literature review related to this project. Also secondary data are being collected from different reports.

A paper has been prepared jointly on “women’s education and development” based on secondary data and sent for publication as a chapter in a book. A webinar has been conducted on 28 June, 2020 to consult with the field level officers, selected school Heads and teachers to understand how they are addressing learning needs of children including girls in different states. All project staff along with project in-charge was engaged in this webinar. The Webinar helped in gathering information related to ongoing project as well. A report is being prepared based on the discussion on webinar.

## **30. Instructional design in Indian Higher Education: Status, Review, Challenges and Recommendations**

**Investigator: Prof. K. Srinivas**

Use of ICT in any form (simple to complex) has impacted all three modes of educational delivery: formal or highly structured traditional mode, non-formal or openly structured and flexible mode, and informal which is completely unstructured. The new age learner with access to internet technologies and computing devices does not remain dependent on any one mode of this educational delivery. Popularity of flipped classrooms and other avenues of learning like Khan academy, MOOCs, OER etc.

have empowered learners to switch from one mode to another or going trans-mode. The transformation from industrial society to digital society and the increasing internationalization of education, globalisation and mobility of learners has created a need for anywhere anytime learning and working. The pedagogy of the digital society is collaborative and constructivist in nature with its focus on transforming learners as creators of knowledge.

An effective learning design should consider both cognitive and affective learning outcomes and the affective states of learners as they engage with learning. The course design decisions must include a variety of approaches to social learning design by creating collaborative and individual learning environments.

This would primarily be a survey design approach study. Survey research is a quantitative and qualitative method with two important characteristics. First, the variables of interest are measured using self-reports. In essence, survey researchers ask their participants (who are often called respondents in survey research) to report directly on their own thoughts, feelings, and behaviours. Second, considerable attention is paid to the issue of sampling. In particular, survey researchers have a strong preference for large random samples because they provide the most accurate estimates of what is true in the population.

Literature Review on Indian Higher Education System and Instructional Design has been completed and designing the Survey Instrument and its reliability/validity also completed.

Due to COVID-19 problem Online Survey Forum developed and shared with the Institutions of Higher Education for collection of data.

4

## Library and Documentation Services

# Library and Documentation Services

## Sharing of knowledge and information

The institute has undertaken a series of initiatives designed to provide accessibility to existing and new knowledge relating to educational policies, planning and management. The Library and Documentation services of the institute continue to play an important role in the documentation and dissemination of knowledge and information in the areas of educational policy, planning and management. Key activities carried out by the Library and Documentation Centre during the year 2019-20 included the following:

# Library and Documentation Services

The Library and Documentation Centre of the institute has been acting as a crucial resource and learning centre to meet the information needs of its clientele, including faculty/staff members of the institute, research scholars from India and abroad, MPhil and PhD scholars of the institute, participants of various national/international training/diploma programmes, organised by the NIEPA, and other visiting faculty and users. The library is equipped with modern teaching and learning aids, computer facilities and electronic facilities such as WiFi.

For the past over 6-7 years, the library has changed its collection development strategy. The library currently subscribes to over 80% of its journals in both print and online formats. However, the books are still preferred in print only.

For the convenience of the readers, the entire collection of books and other materials has been organised into four major sections - general, reference, serial and area-study collection. During the period under report, 205 books/documents were added to the library. The library, presently, has a collection of 62,890 books/bound journals/articles/thesis/documents, besides a rich collection of reports of international seminars and conferences organised by international agencies like UNO, UNESCO, OECD, ILO, UNICEF, World Bank, etc. During the year 2019-20, the Library and Documentation Centre also received 216 national and international journals and 16 magazines, in the area of educational planning and administration and other allied fields. Indexing of 2,792 important articles

appearing in these journals was also done. The journal databases, procured by the library, include four online journal databases from a number of reputed publishers such as Elsevier, Sage, Emerald, and JSTOR together with one statistical database “EPWRF India Time Series” from EPWRF. Besides, the library has also access to 523 e-books of Sage Education Collection. The library is a multi-media resource centre. The non-print materials available in the library include video-cassettes, audio-cassettes, films, microfilms, microfiches and CDs. The NIEPA library provides some new online information services such as ‘News Flash’, “NIEPA in the Press”, “SDI (the circulation of the academic works of NIEPA faculty) and “New Arrivals”. The library has also prepared bibliographies for various activities and training programmes/seminars undertaken by the institute. Photocopying services are provided to users of reference materials, articles, reports, etc.

All in-house activities in the library, including Acquisition, Cataloguing, Circulation and Serials Control are fully computerised using the latest version of the Libsys7 Software Package. Web OPAC can be accessed Intranet and Internet, either directly using computers connected to the LAN in the NIEPA or through the Internet using the Web OPAC on the website of NIEPA through the URL. It facilitates browsing and searching the databases of books, journals and articles available in the NIEPA library.

The NIEPA Library and Documentation Centre had joined Developing Library Networking (DELNET) to promote the sharing of resources at the national and international levels. This has given a facility of recognising the invaluable nature of the large collection of official documents pertaining to educational planning and administration that are available in NIEPA’s Library and Documentation Centre. A project for digitising all such documents and records, using modern technology, has been undertaken. It is hoped that this will result in a comprehensive online archive information source for education in the country.

# NIEPA Documentation Centre

The NIEPA Documentation Centre has a wide and rich collection of about 20000 volumes on educational planning, management and administration. Its collection comprises of Central/State Governments' and other research organisations' publications such as State and District Census Reports, State and District Gazetteers, Acts and Statutes of Central and State Universities, District Primary Education Programme (DPEP) and Sarva Shiksha Abhiyan (SSA), Statistical Handbooks of States, All India Educational Surveys, Economic Survey, Commissions and Committees Reports, State Economic Surveys, State Educational Plans, State Human Development Reports, Five Year Plans, etc. Besides various publications of the Institute such as Research Studies, Occasional Paper Series, Annual Reports of the University (1962-2019), Training Programme Reports, Annual Reports of various Ministries, Publications of International Institute of Educational Planning (IIEP), Paris are also available. The Centre holds a rich collection of theses, and dissertations of NIEPA's MPhil and PhD Programme and other universities, dissertations of Postgraduate Diploma in Educational Planning and Administration (PGDEPA) and International Diploma in Educational Planning and Administration (IDEPA). It has a repository of the International Institute of Educational Planning (IIEP), Paris publications. It has a collection of non-book material such as indexing databases, Census of India, State Human Development Reports and other publications on education and its allied areas.

## **Area of the activities and major thrust areas**

The Documentation Centre, in collaboration with Prof. ICT, conducts one Faculty Development Programme (FDP) on Applications of ICT in Academic and

Research Libraries for the faculty of all disciplines every year. During 2019-20, it conducted 6 days' FDP on **MOOCs and Applications of ICT in Academic and Research Libraries** from 25-30 November, 2019. The Documentation Centre has computerised its operations by using integrated software LibSys 7 (Release 1.0). Moreover, Online Public Access Catalogue (OPAC) and access to electronic databases with a wide variety of information resources and services has been extended to the users at their desktops. Moreover, its rich collection, wide array and variety of services and facilities attract and encourage the users from all corners of the country and abroad to use its information resources and services. It offers comfortable, peaceful and conducive environment of reading and is equipped with air-conditioned, good lighting and generator backup facilities to its users. The reading facilities are heavily used by the faculty, research scholars of the Institute, project staff, research scholars from universities of India and abroad, participants of PGDEPA, IDEPA and visiting faculty. As a member of DELNET (Developing Library Network), the Centre has strengthened the interlibrary loan and resource sharing activities. Documentation Centre remains open from Monday to Friday between 9.00 AM and 5.30 PM throughout the year.

## **Access to digital resources and services**

It has developed and strengthened intranet activities in the Institute to connect, handle, share, leverage and disseminate various types of information among faculty and research scholars. It captures, stores, generates, transmits and integrates information and knowledge. Its digital resources such as books, articles, research studies, occasional paper series, training programme reports, conference/seminar proceedings, Eminent Scholar Lecture Series, audio-visual lectures, Committee and Commission reports are available on intranet. Digital archives of NIEPA offers access to about 11500 policy documents on education and allied areas. These documents can be accessed through intranet as well as on Internet <http://www.niepa.ac.in/darch.aspx> or <http://14.139.60.153/>

Moreover, **online information resources and documentation services** have been extended to the readers through **intranet** to provide round-the-clock access such as List of New Additions; List of Journals Subscribed; Current Contents of Periodicals; Full Text Access of Online Journal Databases and JSTOR; Bibliographic Service - on demand; Literature Search; and Electronic Document Delivery Service (EDDS). It offers access to about 300 print journals both national and international, and online databases such as Sage Knowledge, Sage Education Collection Online, Elsevier and JSTOR. Moreover, access of open educational resources has been provided to the readers such as National Digital Library of India (56,053,815 resources), Directory of Open Access Journals (DOAJ) about 15633 full-text journals (54,72,114 articles) published from 123 countries, Directory of Open Access Books (DOAB) about 33843 academic peer-reviewed books from 408 publishers, Networked Digital Library of Electronic Theses and Dissertations (NDLTD), more than 5 million ETDs (59,78,731 ETDs) and Shodhganga (2,80,000 ETDs) as on 16 December 2020 and other national and international full-text databases, indexing databases, current contents of periodicals, newspapers and full-text reports, both national and international. It has strengthened the Interlibrary Loan (ILL) and resource sharing activities in meeting the requirements of users by digital books, documents, articles, etc. Intranet

facilities are heavily used by the research scholars of NIEPA, other universities of India and abroad, project staff, participants of PGDEPA, IDEPA, IPEA and training programmes.

- iv. Delivered a lecture on 'Role of school librarian in digital era' in a 3-day **Training Programme on Applications of ICT in School Libraries** on 19 August, 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- v. Inaugurated the 3-day **Training Programme on Applications of ICT in School Libraries** on 19 August 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- vi. Delivered a lecture on 'Role of intranet in managing resources' in a 3-day **Training Programme on Applications of ICT in School Libraries** on 19 August, 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- vii. Delivered a lecture on 'Virtual Learning Environment for teaching and training institutions' in a 3-day **Training Programme on Applications of ICT in School Libraries** on 19 August 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- viii. Delivered a lecture on 'Information literacy and access to open educational resources' in a 3-day **Training Programme on Applications of ICT in School Libraries** on 21 August, 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- ix. Delivered a speech on *the valediction of a 3-day Training Programme on Applications of ICT in School Libraries* on 21 August, 2019 for the Librarians of Delhi Public Schools, organised by the Delhi Public School Society at Delhi Public School, Mathura Road, New Delhi from 19-21 August, 2019.
- x. Delivered a lecture on 'Virtual Learning Environment for teaching, training and research institutions in India: Focus on SWAYAM Quadrant-1' in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 25 November, 2019 at NIEPA, New Delhi.
- xi. Delivered a lecture on 'MOOCs in education and research: SWAYAM an innovative teaching-learning tool for new generation of learners' in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 25 November, 2019 at NIEPA, New Delhi.
- xii. Delivered a lecture on 'Information literacy: An indispensable tool for sustainable quality education' in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 25 November, 2019 at NIEPA, New Delhi.

- xiii. Delivered a lecture on *'Role of librarians in academic and research libraries in digital era: Focus on SWAYAM Quadrant-2'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 26 November, 2019 at NIEPA, New Delhi.
- xiv. Delivered a lecture on *'Role of intranet to manage resources'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 27 November, 2019 at NIEPA, New Delhi.
- xv. Delivered a lecture on *'Role of intranet to manage resources: HTML 5 (Hands-on practice)'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 27 November 2019 at NIEPA, New Delhi.
- xvi. Delivered a lecture on *'Plagiarism: An obstacle to real learning for developing quality MOOC content'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 28 November, 2019 at NIEPA, New Delhi.
- xvii. Hands-on practice on *'Design, development, delivery, transaction, motivation and engagement of MOOC'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 29 November, 2019 at NIEPA, New Delhi.
- xviii. Group work/Hands-on practice on *'Video content development and access to creative commons video on YouTube and Google open educational resources'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 30 November, 2019 at NIEPA, New Delhi.
- xix. *'Group work presentation and individual presentation'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 30 November, 2019 at NIEPA, New Delhi.
- xx. *'Group work presentation and observation and feedback'* in a 6-day **Faculty Development Programme on MOOCs and Applications of ICT in Academic and Research Libraries**, organised by National Institute of Educational Planning and Administration (Deemed to be University), New Delhi (25-30 November, 2019) on 30 November, 2019 at NIEPA, New Delhi.

### **Consultancy and Academic Support to Public Bodies**

Arranged information for the preparation of Annual Report of Ministry of Human Resource Development, Government of India

- i. Collected information from all Heads of Departments, Student Cell, Training Cell, and Project Management Unit about activities of NIEPA such as research studies completed/ongoing, enrolment in MPhil and PhD

programmes, MPhil and PhD Degrees awarded and training programmes and conferences/seminars/, organised every year for the preparation of the Annual Report 2019-20 of the Ministry of Human Resource Development.

### Other Academic and Professional Contributions

Member in different Administrative and Academic Committees:

- i. Member of the **NIEPA Digital Learning Monitoring Cell for Implementation of Digital Initiatives at NIEPA.**
- ii. Authorised Academic Institute Officer to coordinate with M/s CDSL Ventures Limited (CVL) for **Implementation of National Academic Depository (NAD) mandated by MHRD and UGC** for creating safe electronic store-house for all academic awards in the institute/university.
- iii. Institute Coordinator for the activities related to **Shodhganga and interaction with INFLIBNET (Information and Library Network) of the University Grants Commission.**
- iv. Member of the Committee for **Development of Institutional Code of Ethics to Check Plagiarism and Malpractices** to strengthen the governance process of NIEPA and to formalise NAAC evaluation.
- v. Member of the Committee for **Professional Development Programme in the areas of ICT, E-governance, managing Finances etc. for staff** to strengthen the governance process of NIEPA and to formalise NAAC evaluation.
- vi. Member of the Committee for **E-governance and ICT use in different activities** to strengthen the governance process of NIEPA and to formalise NAAC evaluation.
- vii. Member-Secretary to finalise the **format of the**

**MPhil and PhD Degrees for NIEPA** and to upload on the National Academic Depository (NAD).

### ICT and Learning Management System (LMS) Skills:

Learning Management	MOODLE (Modular Object-Oriented Dynamic Learning System (LMS) Environment) Learning Management System
Plagiarism Detection Software (PDS)	URKUND PDS
Video creation and editing	ScreenCastify, OBS Studio, ShotCut Editing, YouTube Software Presentation, Screen-Cast-O-Matic Software, etc.
Computer proficiency	Windows 2000, Hypertext Markup Language (HTML), FrontPage 2002
Working knowledge of Library software/packages	LibSys 4, TECHLIBplus, GYANODAYA, Vidya, CDS/ISIS 3.0.

### Developed and Updated Intranet

Created and updated the Website of the Library and Documentation Centre of the NIEPA and developed intranet to access and disseminate various types of digital and online resources available in the Library and Documentation Centre such as Indian and foreign journals subscribed to, non-book material items, contents alert of periodicals, digital resources, online databases of books and journals, open educational resources, electronic theses and dissertations (ETDs), indexing databases and Massive Open Online Courses (MOOCs). Moreover, documentation services offered by Documentation Centre such as list of research studies, dissertations, theses, occasional paper series, training programme reports, dissertations of PGDEPA and IDEPA, Online Public Access Catalogue (OPAC) and other full text documents of research studies,

occasional paper series, training programme reports and NIEPA Documentary, Eminent Scholar Lecture Series are also available on intranet.

### **Membership of Eminent Bodies outside NIEPA**

- i. Indian Library Association (ILA), Delhi.  
(Life Member)
- ii. Government of India Librarians Association (GILA), New Delhi.  
(Life Member)
- iii. Comparative Education Society of India (CESI), New Delhi  
(Life Member)

### **Any other information relating to activities of the Department during 2019-20 which the HOD wishes to add**

- i. **Institute Coordinator** to check the similarities of theses, dissertations and other academic and

research publications produced by research scholars, faculty and staff on **URKUND Plagiarism Detection Software** and send thesis to uploading on **Shodhganga**.

- ii. **Authorised Academic Institute Officer** to coordinate with M/s CDSL Ventures Limited (CVL) for **Implementation of National Academic Depository (NAD) mandated by MHRD and UGC** uploading all academic awards of the institute/university to NAD.
- iii. **Member-Secretary** for the preparation of the format of the MPhil and PhD Degrees awarded by the NIEPA. To accomplish the task, various meetings were organised/arranged, Committees formed, visited 3 Central Universities, 2 firms for the selection of paper, check security features and got quotations and finally submitted minutes/report.

# Computer and Information Technology Services

# Computer and Information Technology Services

## IT Services

The Computer Centre backs up the information technology needs of the institute. The network as the backbone of the institute and its active components are administered, maintained and controlled by the Computer Centre. The Computer Centre is equipped with dedicated 1GBPS Optical Fibre Internet Connectivity provided by NKN/MTNL under the project NMEICT to ensure availability of Internet connectivity 24x7x365. The Computer Centre provides Computing facilities and Internet services to all the research scholars, programme participants, project staff, trainees, faculty members and staff members.

High speed internet connectivity and WiFi network access have been provided to all the faculty and staff members to access the network resources for optimal use of resources available in the institute. Individual email accounts have been provided to all the faculty and staff members on NIEPA Domain. Desktop/Laptop computers have been provided to all the faculty members. Every staff member of the institute has been provided a desktop computer on his/her desk. Computer Centre facilities are available non-interrupted for almost 12 hours. The Computer Centre with the help of 3rd party company is responsible for maintenance of the institute-owned computer systems and peripherals.

The Computer Centre provides support in Information Technology extensively in its day-to-day activities, both academic and non-academic, to the university. The Computer Centre is well equipped with various types of latest desktop computers, laptops and multifunction printers.

The Computer Centre also provides the high-speed internet connectivity from the NIEPA building to the hostel. Authenticated and secured Wi-Fi internet connectivity is made available in all the rooms on all the floors of NIEPA hostel to be used by the guests staying in there.

The Computer Centre provides support to the Academic Departments by training, research, quantitative data analysis, system level management issues and other activities. Support is also provided to the non-academic units of the institute like Library, Administration, and Finance sections. Besides catering to in-house software development, data processing and word processing needs of the institute, computer awareness and appreciation modules and other specialised computer services are rendered for various training activities/programmes.

Support is also provided for the software applications for the Accounts section. This includes tasks such as salary processing, income tax calculations, pension, provident fund computations, etc. A server with a network version of Statistical Package (SPSS) is installed to enable users to run statistical applications on the network. The Computer Centre also promotes

the use of Open Source software in the day-to-day activities.

A dedicated state-of-the-art Data Centre is set up in the university to strengthen the day-to-day needs of the institute. The Data Centre is equipped with high-end Data servers, Blade servers, Web servers and SAN storage which are online 24x7x365 for the users. The Data Centre is empowered with dedicated parallel UPSs providing power backup to the servers.

The Computer Centre maintains the servers for the well known project - Unified District Information System for Education (U-DISE) - under the flagship programme of Government of India's Sarva Shiksha Abhiyan (SSA) and Rashtriya Madhyamik Shiksha Abhiyan (RMSA). The Web Portal for National Programmer on School Standards and Evaluation (NPSSE) - Shaala Siddhi - is also maintained in the Data Centre which is managed by the Computer Centre.

### NIEPA Data Centre Network Architecture

- Data Centre network architecture consists of the Firewall, core switches Wireless Wi-Fi controller and ISP Router.
- There are 8 IBM servers which are associated with many web applications like UDISE, Shaala Siddhi, Oracle Server, SD MIS, Data Visualisation, niepa.ac.in, Student Management Information Systems, School Directory Management System and School Report Card.
- There are two Dell servers which are associated with digital archives and Database servers.
- HP servers are associated with Moodle Portal, NCSL Portal, Quick Heal endpoint security and printing server.
- IBM tower server for Libsys (OPAC).

Applications running at NIEPA Data Centre – managed and controlled by the in-house Technical Team:

Roles & Responsibilities of the Department of ICT

- Data centre and server hardware were monitored regularly
- The issues related to network and Wi-Fi were regularly managed. The network performance of the organisation was tuned regularly by inspecting the network latency.
- Ensuring of 24x7 network connectivity to the Data Centre of the organisation as also in the NIEPA hostel.
- Management of Institute Social Media (Twitter & Facebook)

- YouTube and Facebook Live Streaming of the Events
- Organising the Live Webinars with available NIEPA digital infrastructure
- Organising the Video-conferencing for the Meetings and Webinars
- Cyber threats monitoring and mitigating the attacks to the NIEPA Data Centre and digital infrastructure
- Operating system licenses management
- Facilitated and implemented the E-Wizard for E-Tendering
- Technical Bid Evaluation in Gem
- Websites of the organisation were monitored and updated frequently
- Management of server AMC
- The security patches of entire servers were updated regularly
- The server backup of the NIEPA Data Centre was carried out at regular intervals
- The backup of online courses was regularly done
- Creation of online courses and the enrolment of users in NIEPA LMS
- Pushing the Anti-Virus Patches centrally from the server to the clients
- The online UPS is maintained and monitored repeatedly
- Managing institute CCTV surveillance
- Monitoring all the domains
- Managing the niepa.ac.in mail domains
- Monitoring and managing the online recruitment (permanent and temporary)

<b>New Initiatives taken in the last One Year for using IT as a Preventive Vigilance Tool</b>		
<b>S. No.</b>	<b>Targets/Objectives/Goals</b>	<b>Achievements</b>
1.	We have planned to cover all the systems under cloud-based Anti-Virus Solutions for end-point security	Yes, we have covered all the systems under cloud-based Anti-Virus Solution
2.	We have planned to create the National Academic Repository for the centralised E-Marks card	We have facilitated to implement the National Academic Repository for the institute
3.	We have planned to implement the E-Wizard portal that facilitates for E-tenders	We facilitated to implement the E-Wizard portal for the institute
4.	We planned to implement the Central Public Procurement Portal for E-tenders	We facilitated to implement the Central Public Procurement Portal for high value tenders
5.	We planned to change the existing Cat 5 to Cat 6 Cabling in the hostel with POE Cisco Switch	We changed the Cat 5 to Cat 6 Cabling in the hostel with POE Switch
6.	We planned to use the old HP DL 380 Server after repairing from OEM	We have utilised the old server has Anti-Virus Server with Genuine Windows 2012 standard operating system
7.	We planned to procure a video-conferencing system	Yes, it was procured and used for video-conferencing
8.	We planned to facilitate users to use the Google Drive for synching the system data to drive	We educated the usage of the Google Drives
9.	We planned to facilitate implementing PFMS for the Finance Section	Yes, we facilitated to implement PFMS for the Finance Section
10.	We planned to facilitate the meetings online	Yes, we facilitated to use Google Meet for online meetings
11.	We have planned to procure the SPSS Software	Yes, we have procured and installed in the Network Mode

<b>S. No.</b>	<b>Targets/Objectives/Goals</b>	<b>Achievements</b>
12.	42 New All in one desktops were procured	New All in one desktops installed and replaced the old systems
13.	4 Heavy duty printers procured	Installed heavy duty printers floor-wise
14.	Payroll application deployment on a server	Installed the payroll software in the server
15.	Planned to conduct the MPhil, Phd 2020 Exam Online	Yes, we have successfully conducted the online exam
16.	Procurement of laptops	12 laptops installed and facilitated work from home during pandemic
17.	Planned to conduct the meetings and webinar online during pandemic	Conducting online meetings and webinars
18.	Planning to live streaming the webinars	Yes, we have live streamed the events

# Publications

# Publications

The Publication Unit of the National Institute continued to support the functions relating to knowledge sharing through documentation and dissemination of the outcomes of research and development activities, undertaken by the National Institute, to the wider public. In furtherance of the objectives of the National Institute, the Publication Unit publishes Occasional Papers, Journals/Periodicals, Newsletters, Books, Prospectus of MPhil and PhD Programmes, Calendar of Training Programmes, etc. It also brings out a series of Survey Reports on Educational Administration in various States and Union Territories. The Publication Unit is equipped with computers and printers to carry out various DTP jobs of the institute.

Some of the important publications brought out by the institute during the year 2019-20 included Journal of Educational Planning and Administration, Pariprekshya, a Hindi journal, CPRHE Research Papers, M.Phil. and Ph. D Prospectus and Curriculum Guide. The Institute also published several research and seminar/conference reports in the form of Books and Monographs. The major publications brought out by the National Institute during the year 2019-20 included the following:

## Journals

- Journal of Educational Planning and Administration, Volume XXXII, No. 2, 2018; Volume XXXII, No. 3, 2018; Volume XXXII, No. 4, 2018; Volume XXXIII, No. 1, 2019 and Volume XXXIII, No. 2, 2019
- Pariprekshya (a Hindi Journal on socio-economic context of Educational Planning and Administration), Volume XXIV, No. 3, 2017; Volume XXV, No. 1, 2018 and Volume XXV, No. 2, 2018

## ANTRIEP Newsletter

- ANTRIEP Newsletter (July-December 2018)

## CPRHE Research Papers

- CPRHE Research Paper 12 – “Equity and Inclusion in Higher Education in India by N. V. Varghese, Nidhi S. Sabharwal and C. M. Malish; New Delhi: NIEPA, 44 pages

## Priced Publications

- India Higher Education Report 2018** - Financing of Higher Education edited by N. V. Varghese and Jinusha Panigrahi; Sage Publications, 1595.00 (Hb)
- Governance and Management of Education in India** by K. Sujatha and R. S. Tyagi; Shipra Publications, 800.00 (Hb)
- Education, Democracy and Development** edited by N. V. Varghese and Madhumita Bandhyopadhyay; Shipra Publications, 1600.00 (Hb)

## Un-priced Publications

- CPRHE Report 2018-19

2. MPhil and PhD Curriculum Guide 2019
3. MPhil and PhD Programme Schedule 2019-20
4. Publications for MHRD/ School Standards and Evaluation Unit, NIEPA –
  - A) SHAALA SIDDHI: Guidelines for Evidence Based School Improvement (English Version)
  - B) SHAALA SIDDHI: Guidelines for Evidence Based School Improvement (Hindi Version)
5. Governing Academic: Within and Without by Prof. Pankaj Chandra (NIEPA XIII Foundation Day Lecture)

# **Grants-in-Aid Scheme at NIEPA**

# Grants-in-Aid Scheme at NIEPA

The implementation of various parameters of the National Policy on Education (NPE), including its further elaboration in the Programme of Action (POA), requires wide dissemination of its objective as a close association with agencies and social activist groups. With a view to promoting greater coordination in implementation of the policy, it is necessary to develop inter-disciplinary approach, with support systems at the national as well as local levels.

In this context, it is necessary to (a) generate wider awareness of Educational Policies and Programmes in the country; (b) initiate policy-oriented studies and seminars enabling mid-course corrections, modifications and adjustments of policy interventions; (c) involve associations of teachers, students, youth and women as well as media in the process of formulation of various programmes through sponsored seminars on related themes and topics; (d) facilitate dissemination of innovative and good practices as well as successful experiments in the field of education; and (e) facilitate review of NPE and POA.

For the above purposes, the Ministry of Human Resource Development (MHRD), Government of India has implemented a Grants-in-Aid Scheme which is intended to provide financial assistance to deserving institutions and organizations, on the merits of each proposal so as to approve financing of a variety of activities having a direct bearing on the management and implementation of aspects of the Education Policy. This would include sponsoring of seminars, conducting of impact and evaluation studies, making consultancy assignments in order to advise the

Government on the best alternatives and models for making the system work, making of video films, etc.

The MHRD, Government of India administers the above scheme through this university which operates this scheme through a specially-constituted Grants-in-Aid Committee (GIAC). The committee has been constituted for appraising and approving the proposals received from various institutions/organizations under the Grants-in-Aid Scheme of MHRD, Government of India. The following is the composition of the committee as on March 31, 2020:

Professor A.K. Singh	- Chairman
Professor A.K. Sharma	- Member
Professor Uma Medury	- Member
Professor N.R. Bhanumurthy	- Member
Professor Neelam Sood	- Member
Professor Kumar Suresh	- Member
Professor Veera Gupta	- Member
Professor Pramila Menon	- Member
Professor K. Biswal	- Member
Professor Kumar Suresh	- Member-Secretary

The GIAC decided to develop a database of all the proposals received under the GIA Scheme to maintain a record and keep track of proposals and, accordingly, the database was developed and produced in the meetings of the GIAC.

## GIAC MEETINGS HELD DURING THE PERIOD 01.04.2019-31.03.2020

Sl. No.	Name of the Organization	Title of the Seminar/Conference/ Research Study	Date of the Meeting	Amount Sanctioned (in Rupees)
1.	Bharathiya Women and Rural Development Society, Kurnool, A.P.	Universalizing Secondary Education in India: Problems of Access and Equity	01.07.2019 41st GIAC	270000
2.	Council for Social Development, New Delhi	Social Sector Development in North-East India Problems, Issues and Challenges		300000
3.	Indian Social science Academy, Allahabad, U.P.	Human Future in Digital Era		300000
<b>Total Amount Sanctioned in the year 2019-20</b>				<b>₹ 8,70,000/-</b>

**8**

# **Administration and Finance**

# Administration and Finance

## Administration

**T**he Institute has the following sanctioned posts besides manpower of outsourced services for housekeeping and security.

The Administration and academic-cum-technical support services, controlled and coordinated through

administration, consist of sections established on functional basis and as depicted in the organogram.

Besides the sectioned posts, there are 93 officials engaged in various projects of NIEPA in different academic and secretarial positions on project basis.

<b>Ex-Cadre Posts</b>	<b>Number</b>
Vice-Chancellor	01
Registrar	01
<b>Cadre Posts</b>	
Faculty (Professors, Associate Professors, Assistant Professors)	42
Academic Support Staff	07
Administration, Finance, Secretarial and other Technical Staff	79
Auxiliary Staff (MTS)	37
<b>Total</b>	<b>167</b>

During the year 2019-2020, following retirements have taken place:

## Retirement

### Group 'A'

Sl. No.	Name	Designation	Date of Retirement
1.	Prof. A. C. Mehta	Professor	31.08.2019
2.	Dr. Subhash C. Sharma	Hindi Editor	31.12.2019
3.	Dr. Manju Narula	Assistant Professor	31.01.2020

### Group 'B'

Sl. No.	Name	Designation	Date of Retirement
1.	Shri Rajesh	LDC	30.04.2019
2.	Shri Parshu Ram Rawat	Library Attendant	29..02.2020
3.	Shri Vijender Kumar	MTS	15.03.2020 (Expired) (Retirement due on 31.12.2024)

## New Joining

Sl. No.	Name	Designation	Date of Appointment
1.	Shri Rajeev Verma	Finance Officer	24.10.2019

## FINANCE AND ACCOUNTS SECTION

The Finance and Accounts services at NIEPA are managed through Accounts Section, which is headed by Finance Officer and managed by Section Officer, Accountant and eight members of office and secretarial staff. This section is responsible for preparation of budget, monthly salaries and pension bills, other personal claims, such as medical reimbursement, LTC bills, Advances etc., processing of bills for supply of goods, works, contracts etc., pre-auditing, coordination with external audit and all other matters related to

finance and accounts. It plays a significant role in providing timely guidance on all financial matters and effective assistance in examining all proposals with regard to financial involvement, audited statements, utilization certificate etc.. The Finance Officer is the Member Secretary of the Finance Committee, which exercises general supervision over the finances of the Institute, gives directions and lays down limits for various categories of expenditure. The details of Grants received from MHRD during the last five years is given in the table below:

**Details of Grants Received (2015-2020): (Rs. in lakh)**

Sl. No.	Head	2015-16	2016-17	2017-18	2018-19	2019-20
1.	Grant-in- Aid (Plan)	1425.28	1010.87	26.12.95	3184.71	4559.46
	Grant-in- Aid (Non-Plan)	1769.80	1816.11			
	Internal Receipts	131.70	74.47	59.32	34.69	39.15
	<b>Total</b>	<b>3326.78</b>	<b>2901.45</b>	<b>2672.27</b>	<b>3219.4</b>	<b>4598.61</b>
2.	Expenditure (Plan)	1239.97	1078.42	2956.09	3491.89	4314.43
	Expenditure (Non-Plan)	1690.36	1721.81			
	<b>Total</b>	<b>2930.33</b>	<b>2800.23</b>	<b>--</b>		<b>4314.43</b>
3.	Internal Receipt as % of Expenditure	1%	1%	1%	2%	0.91%
4.	Grant-in-Aid as % of Expenditure	100%	96.51%	100%	100%	94.63%

It may be observed from the above Table that the NIEPA Grant has been increasing significantly from 2015-16 to 2019-20 and its expenditure has also increased proportionately, and is directly linked with progressive increase in magnitude and scope of activities in NIEPA in the preceding years.

# Official Language Implementation/ Hindi Cell

## Hindi Cell

The Hindi cell provided translation facilities in research, training and administration. The cell not only helped in bringing out the various publications in Hindi but worked for implementing the official language policy.

The Hindi cell of NIEPA dealt with several major works apart from the routine work during the year under review:

1. Three issues of Hindi journal 'Pariprekshya' were brought out. The Hindi journal 'Pariprekshya' deals with socio-economic concept of education. The journal provides a platform for original Research work in Hindi.
2. The following items were translated into Hindi:
  - I. Translation of questionnaires, training materials etc. for faculty members
  - II. Translation of circulars, letters, notices, invitation cards etc.
3. Meeting of official language implementation committee of the institute was organised to review the activities of Hindi implementation.
4. Four quarterly reports regarding official language implementation were sent to ministry.
5. Hindi day celebration: To commemorate Hindi day various programmes were organised:
  - I. One day Hindi workshop was organised for officers and staff of the institute
  - II. Hindi competitions such as essay writing, noting and drafting, translation, Hindi 'prashan manch' and typing were organised. Hindi sulekh competition was also organised for 'MTS' employees
6. Hindi cell also assisted in organising 'Yoga' day and 'Swachta' -pakhwara programmes.

Member of the Interview Board for Admission to MPhil/PhD programme of NIEPA.

### **Research Studies**

Undertaken the **Action Research Project on Development of District Secondary Education Plan under RMSA in Tamil Nadu and Odisha.** Phase I of the study was completed and the report was finalised in 2014. In Phase II of the action research, model DSEPs were developed by the Action Research Teams of the four sample districts of Odisha and Tamil Nadu. These model plans as well as the key findings of the research were shared in the National Level Sharing Workshop held at NIEPA, New Delhi from 4-6 June, 2018. Thereafter, the Action Research Teams took quite some time for finalising the model DSEPs and submitted the same to NIEPA in February 2020. The final report of the action research (Phases I & II) is being finalised, and will be submitted to NIEPA by February 2021.

Provided technical support to various States and UTs for preparation of State and District Secondary Education Plans (Perspective and AWP & B) under

Samagra Shiksha for facilitating implementation of the Samagra Shiksha by the MHRD, GOI.

As a member of the **Study Group VIII (Social Infrastructure) of NCR Planning Board**, prepared the Report of Study Group on Education, along with Prof. Avinash Singh of NIEPA, New Delhi and submitted to NCR Planning Board for inclusion in the Regional Plan 2041 for NCR.

### **Other Academic and Professional Contributions**

Supervised and evaluated the PGDEPA 2019 dissertation entitled “**A Study of Best Practices in the Implementation of Akshara Dasoha (Mid-day Meal) Programme through Public-Private Partnership in Mysore District, Karnataka**”, of Sri S. B. Dhananjaya, Lecturer, DIET-Mandya, Karnataka.

As a member of the MPhil/PhD Admission Committee, assisted in processing applications and other related activities for admission to MPhil/PhD Programme 2019-21.

Assisted in the conduct of the entrance test for admission to MPhil/PhD Programme 2019-21.

### **Research Studies**

Undertaken the **Action Research Project on Development of District Secondary Education Plan under RMSA in Tamil Nadu and Odisha**. Phase I of the study was completed and the report was finalised in 2014. In Phase II of the action research, model DSEPs were developed by the Action Research Teams of the four sample districts of Odisha and Tamil Nadu. These model plans as well as the key finding of the research were shared in the National Level Sharing Workshop held at NIEPA, New Delhi from 4-6 June, 2018. Thereafter, the Action Research Teams took quite some time for finalising the model DSEPs and submitted the same to NIEPA in February 2020. The final report of the action research (Phases I & II) is

being finalised, and will be submitted to NIEPA by February 2021.

Undertaken a research project on **Public-Private Mix in Secondary Education in India: Size, In-School Facilities and Intake Profile**. Till now, related literature has been reviewed; secondary data and information from U-DISE and other sources have been collected. The data analysis and report writing is in progress and the Phase I is expected to be completed by March 2020.

## **Suman Negi**

### **Consultancy and Academic Support to Public Bodies**

Established School Leadership Academy in Kerala by identifying SIEMAT as the School Leadership Academy (SLA) with due consultation with Secretary, SPD and SIEMAT Directors and other Samagra Shiksha consultants and officers.

School Leadership Academy was also established at Andhra Pradesh this year by recognising SCERT as the School Leadership Academy for carrying out SLDP activities in the state. The SLA conducted two one-month certificate programmes of SLDP for the newly recruited school heads as part of their induction to the school leadership responsibilities in their respective schools of posting.

Academic consultancy on pedagogical leadership is being given for CBSE to develop Pedagogical Leadership Framework Module for training principals and a format of annual pedagogical plan for pedagogical leadership of school principals working in CBSE schools.

### **Other Academic and Professional Contributions**

#### ***Tool Developed for Assessing Process Change of SLDP***

Developed a tool to study the process change of School Leadership Development and presented it in a workshop held on 9-11 September, 2019. The tool is in the form of manual for the states to use. It is called “A Handbook on Capturing Most Significant Change (MSC): School Leadership Development Programme”.

#### ***Research Proposal Developed and Submitted for Academic Council***

Developed and submitted a research proposal titled “Impact of School Leadership on Student Learning” to Academic Council seeking approval on 5 March, 2020. It was submitted to National Advisory Group meeting of NCSL on 4 March, 2020 under the leadership and support of Dr. Sunita Chugh for NCSL before submitting to Academic Council, NIEPA.

#### ***MPhil and PhD Programme***

Evaluation of answer scripts of the MPhil and PhD entrance examination.

Invitation for talks and lectures

“School Leadership: Concepts and Applications” in the National Workshop on “Orientation for Teacher Educators”, organised by University Grants Commission, at HRDC, JNU, New Delhi in January 2020.

Delivered a talk on the occasion of Mother’s Language Day on 21 February, 2020 at Delhi Karnataka Sangha, R.K. Puram, New Delhi.

#### ***Article Published on the Blog of SAGE***

Mythili, N. (2019). Article published on SAGE publisher’s blog that referred to women school

leaders on the occasion of National Education Day - 2019. <https://blog.sagepub.in/2019/11/national-education-day-and-women-school.html>

### Membership of Eminent Bodies outside NIEPA

Life Member of Comparative Education Society of India

### Subitha G.V.

#### Publications

Published Chapter: Continuous Professional Development (CPD) and Teacher Change in India and South Asian Nations: An Analysis of Literature and Policy Documents. In *Teaching and Teacher Education: South Asian Perspectives*. **Setty, R., Iyengar, R., Witenstein, M., Byker, E.J., Kidwai, H.** (Eds.) 2019. Palgrave Macmillan

#### Participation in Seminars/Conferences/Workshops (National/International)

Participated in the National Conference on 'Leadership for Quality Improvement in Schools' (27-28 February, 2020); presented a session on 'Continuous Professional Development of Teachers for School Transformation'

#### Workshops/Conferences/Training Programmes Organised

Coordinated and organised the National Conference on 'Leadership for Quality Improvement in Schools' (27-28 February, 2020). The role included coordinating with state level officials for nomination of school heads, coordinating with experts in school leadership, short-listing the case studies on best leadership practices, preparing the brochure for the conference, handling administration and logistics related to the conference.

NISHTHA training programmes organised by NCERT and NIEPA across the country:

Conducted sessions in the area of school leadership development for the NISHTHA training programmes. The details are given below:

Sl. No.	State	Dates
1	Haryana	28-29 September, 2019
2	Bhubaneswar, Odisha	4-5 November, 2019
3	Guwahati, Assam	14-15 November, 2019
4	Hyderabad, Telangana	20-22 November, 2019
5.	Bhubaneswar, Odisha	1-2 December, 2019
6	Hyderabad, Telangana	5-6 December, 2019
7	Hyderabad, Telangana	11-12 December, 2019
8	Mysore, Karnataka	20-21 December, 2019
9	Pune, Maharashtra	6-7 January, 2020
10	Ranchi, Jharkhand	12-13 January, 2020
11	Bhopal, Madhya Pradesh	24-25 January, 2020
12	Bhubaneswar, Odisha	31 January-1 February, 2020
13	Allahabad, Uttar Pradesh	13-15 February, 2020

#### Training Material and Courses Developed/Transacted

Developed online course material for the Intermediate Course on School Leadership and Development on the theme 'Transforming Teaching-Learning Processes'.

#### Courses transacted:

Undertook courses for PGDEPA participants on the topic:

- Building effective teaching-learning environment in school
- Coaching and mentoring
- Building learning communities

Undertook courses for IDEPA participants on the topic:

- CPD and its role in improving teaching-learning process
- Developing professional learning communities

## Other Academic and Professional Contributions

Contributed as a Resource Person for sessions on school leadership at NCERT-CIET Live Streaming Channel. The themes of presentation are as follows:

- School and purpose of education
- Observation, feedback and supervision
- Developing effective teacher leadership in schools
- Teachers as reflective practitioners
- Teachers' continuous professional development
- Approaches to teacher learning in the school context

## Charu Smita Malik

### Participation in Seminars/Conferences/Workshops

Presented a paper on '*Significance of Developing Self for School Leadership*' in National Conference on 'Leadership for Quality Improvement in Schools', organised by NCSL, NIEPA on 27-28 February, 2020

### Workshops/Conferences/Training Programmes Organised

# SCHEDULE 15

## SIGNIFICANT ACCOUNTING POLICIES

### 1. BASIS FOR PREPARATION OF ACCOUNTS

- 1.1 The accounts are prepared under the Historical Cost Convention unless otherwise stated and generally on the Accrual method of accounting.

### 2. REVENUE RECOGNITION

- 2.1 Fees from Students, sale of tender forms, sale of admission forms and royalty are accounted on cash basis.
- 2.2 Income from hostel rent is accounted on cash basis.
- 2.3 Interest on interest bearing advances to staff for House Building, Purchase of Vehicles and Computers is accounted on accrual basis every year, though the actual recovery of interest starts after the full repayment of the principal.

### 3. FIXED ASSETS AND DEPRECIATION

- 3.1 Fixed assets are stated at cost of acquisition including inward freight, duties and taxes and incidental and direct expenses related to acquisition, installation and commissioning.
- 3.2 Books received as gifts are valued at selling prices printed on the books. Where prices are not available the value is based on assessment. They are set-up by credit to Capital Fund and merged with the Fixed Assets of the Institution. Depreciation is charged at the rates applicable to the respective assets.
- 3.3 Fixed assets are valued at cost less accumulated depreciation. Depreciation on fixed assets is provided on Straight line method, at the

following rates:

1	Buildings	2%
2	Office Equipment	7.5%
3	Computers and Peripherals	20%
4	Furniture, Fixtures and Fittings	7.5%
5	Vehicle	10%
6	Library Books	10%
7	Journals	10%
8	E-Journals	40%
9	Computer Software	40%

- 3.5 Depreciation provided for the whole year on additions during the year as this is preferred method for autonomous organization. Further, the acquisition of assets is usually spread over the whole year and hence depreciation gets evened out.
- 3.6 Where an asset fully depreciated, it will be carried at a residual value of Re.1 in the Balance Sheet and will not be further depreciated. Thereafter, depreciation calculated on the additions of each year separately at the rate of depreciation applicable for that asset head.
- 3.7 Electronic Journals (E-Journals) are separated from Library Books in view of the magnitude of expenditure. Depreciation provided in respect of E-journals at a higher rate of 40% as against depreciation of 10% provided in respect of Library Books.
- 3.8 Expenditure on acquisition of software has been separated from computers and peripherals, as the rate of obsolescence in respect of these is very high. Depreciation is provided in respect of software at a higher rate of 40% as against depreciation of 20% provided in respect of Computer and Peripherals.

#### **4. STOCK**

- 4.1 Expenditure on purchase of stationery, publications and other stores is accounted as revenue expenditure, except that the value of closing stocks held on 31st March is set up as inventories by reducing the corresponding Revenue Expenditure on the basis of information obtained from General Administration Department.

#### **5. RETIREMENT BENEFITS**

- 5.1 Retirement benefits i.e., pension, gratuity and leave encashment were provided on basis of actuarial valuation in last year annual accounts (2018-19). Hence this year, the current year provision is calculated by increasing 5% the previous year evaluation.
- 5.2 Capitalized Value of pension and gratuity received from previous employers of the University's employees, who have been absorbed in the University, credited to the respective Provision Accounts. The actual payments of Pension, Gratuity and Leave Encashment are debited in the Accounts to the respective provisions. Other retirement benefits pertaining to New Pension Scheme, Medical reimbursement to retired employees and Travel to Home Town on retirement is accounted on accrual basis (actual payments plus outstanding bills at the end of the year).

#### **6. GOVERNMENT AND UGC GRANTS**

- 6.1 Government Grants and UGC grants are accounted on realization basis.
- 6.2 To the extent utilized towards capital expenditure, government grants are transferred to the Capital Fund.
- 6.3 Government grants for meeting Revenue Expenditure (on accrual basis) are treated, to the extent utilized, as income of the year in which they are realized.
- 6.4 Unutilized grants (including advances paid out of such grants) are carried forward and exhibited as a liability in the Balance Sheet.

#### **7. Fellowship to Ph.D and M.Phil Students**

- 7.1 Fellowship to Ph.D and M.Phil Students are paid out of plan grant provided by Ministry of Human Resource Development (Department of Higher Education) and it is accounted as Academic expenses of the University.

#### **8. MEDICAL CONTRIBUTION**

- 8.1 Medical contributions received as per medical scheme of NUEPA are taken as receipts in Plan A/c, as medical reimbursement is paid from Plan A/c.

#### **9. GRANTS TO NGOS**

- 9.1 Grants/Financial Assistance to NGOs having similar objective is being accounted as expenditure under Plan Account.

#### **10. SALE PROCEEDS OF CONDEMNED ITEMS**

- 10.1 Sale proceeds of unserviceable and obsolete items are taken as incomes under "Other income" as the value of items condemned have already depreciated fully.

#### **11. SPONSORED PROJECTS**

- 11.1 In respect of ongoing Sponsored Projects, the amounts received from sponsors are credited to the head "Current Liabilities and Provisions-Current Liabilities – Other Liabilities – Receipts against ongoing sponsored projects." As and when expenditure is incurred/ advances are paid against such projects, or the concerned project account is debited with allocated overhead charges, the liability account is debited.
- 11.2 Some projects receipts and payments and interest earned on them were wrongly posted in Schedule 2(a) of Annual Accounts 2018-19. The rectifications have been carried out in preparation of current year Annual Accounts.
12. As per audit observations, Schedule 13 is added in Annual Accounts and change in Fixed Assets Schedule 4 has been carried out as to categorize into sub-division of Fixed Assets – Intangible assets, patents and copyrights, other (sponsored projects).

# SCHEDULE 16

## CONTINGENT LIABILITIES AND NOTES TO ACCOUNTS

### 1. FIXED ASSETS

- 1.1 Fixed assets are created out of Plan grant only. Additions in the year to Fixed Assets in Schedule 3 include Assets purchased out of Plan Funds (₹ 2,46,49,671) and Library Books and other assets of the value of (₹22,936) gifted to the University. The Assets have been set up by credit to Capital Fund.
- 1.2 In the Balance Sheet as on 31.03.2020 and the Balance Sheet of earlier years, Fixed Assets created out of Plan funds. The additions during the years from 01.04.2019 to 31.03.2020 from Plan and other funds, and the depreciation on those additions respectively have been exhibited distinctly (Schedule-3).

### 2. CURRENT LIABILITIES AND PROVISIONS

- 2.1 Expenditures which were due as on 31st March 2020, but were not paid is provided for, as outstanding liability and salary payable,
- 2.2 In view of no taxable income under Income Tax Act 1961, no provision for income tax has been considered necessary.
- 2.3 The provision for liability payable towards retirement benefits of employees and provisions for liability towards lump-sum payment in lieu of encashment of accumulated leave at credit were made based on assumption till last year. This year, the actuarial valuation as on 31.03.2020 was got done and provisions made earlier were set off by debit to prior period expenses, to cover all the previous years. Based on actuarial valuations as on 31.03.2020

and taking into account the payments made in 2019-20 and the net provisions existing, further provisions were made in accounts for 2019-20 by debit to Income and Expenditure Account for 2019-20.

### 3. CURRENT ASSETS, LOANS, ADVANCES AND DEPOSITS

- 3.1 In the opinion of the University, the current assets, Loans, Advances and Deposits have a value on realization in the ordinary course, equal at least to the aggregate amount shown in the Balance Sheet.

### 4. PROVIDENT FUND ACCOUNT

- 4.1 As the Provident Fund Accounts is owned by the members of those funds and not by the University, the PF account is separated from the University's Accounts as per the instructions pertaining to Govt. of India on the subject regarding preparation of accounts on accrual basis. However, a Receipt and Payment Account, an Income and Expenditure Account (on accrual basis) and a Balance Sheet of the Provident Fund Account are attached to the Annual Accounts of the University.

### 5. NEW PENSION SCHEME ACCOUNT

- 5.1 All the employees covered under New Pension Scheme have been PRA number and the employer and employee contributions pertaining to them are regularly transfer to National Securities Depository Limited (NSDL)-Central Recordkeeping Agency (CRA). There are no outstanding amounts to be transferred.

## 6. RETIREMENT BENEFITS

- 6.1 Retirement benefits, i.e. pension, gratuity and leave encashment are provided on basis of actuarial evaluation. Capitalized value of pension and gratuity received from previous employers of the University employees who have been absorbed in the University, is credited to respective provision accounts.

## 7. GRANTS

- 7.1 In the previous years, Plan Grants received were treated as Income, except to the extent, they were utilized for Capital Expenditure though Bank Balances of Plan Grant Accounts and Advances Paid out of Grant Funds and outstanding adjustments as on last date of

financial year were exhibited on Assets side of Balance Sheet. The unutilized grants as on 31st March, 2020 has been carried forward and exhibited as a liability in Balance Sheet.

8. The details of Balances in Saving Bank Accounts are enclosed as attachment 'A' to the Schedule of Current Assets.
9. Previous Year's figures have been re-grouped wherever necessary.
10. Figures in the Final accounts have been round off to the nearest rupee.
11. Schedules 1 to 13 are annexed and form an integral part of the Balance Sheet at 31st March 2020 and the Income and Expenditure account for the year ended on that date.

# AUDIT REPORT

## SEPARATE AUDIT REPORT OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA ON THE ACCOUNTS OF THE NATIONAL INSTITUTE OF EDUCATIONAL PLANNING AND ADMINISTRATION FOR THE YEAR ENDED 31 MARCH 2020

1. We have audited the attached balance sheet of National Institute of Educational Planning and Administration (NIEPA), Income and Expenditure Account and Receipts and payment Accounts for the year ended on that date under section 20 (1) of the Comptroller and Auditor General's (Duties, Power and Conditions of Service) Act, 1971. The audit has been entrusted for the period up to 2020-21. These financial statements are the responsibility of the NIEAP's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regards to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observation on financial transactions with regard to compliance with the Law, Rules and Regulations (Propriety and Regularity) and efficiency-cum performance aspects, etc., if any are reported through Inspection Reports/CAG's Audit Reports separately.
3. We have conducted our audit in accordance with the auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing, the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. **Based on our audit, we report that:**
  - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - ii. The Balance Sheet, Income and Expenditure. Account and Receipts and Payments Account dealt with by this report have been drawn up in the format prescribed by the Government of India, Ministry of Education (erstwhile MHRD), Government of India vide order No 29-4/2012-FD dated 17\* April 2015, subject to observation in the report.
  - iii. In our opinion, proper books of accounts and other relevant records have been maintained by the National Institute of

Educational Planning and Administration (NIEPA) in so far as it appears from our examination of such books.

iv. We further report that:

## **A. Balance Sheet**

### **A.1 Liabilities**

#### **A.1.1 Current Stabilities and Provisions (Schedule-2) Rs. 62.25 crore**

The above includes unutilised grants-in-aid of Rs. 1.55 crore of. whereas unutilised grant- in-aid as on 31 March 2020 is Rs. 6.41 crore. This has resulted in. understatement of Current Liabilities & Provisions and overstatement of Capital Fund by Rs. 4.86 crore.

#### **A.2 Loans Advances and deposits (Schedule 5) Rs. 8.56 crore**

The above does not include TDS of Rs.1.46 crore (2014-15 Rs. 0.78 Lakh, 2018-19 Rs. 30.17 Lakh, 2019-20 Rs. 114.68 lakh) recoverable from the Income Tax Department resulting in understatement of Loans, Advanced and Deposits and overstatement of Capital Fund by Rs. 1.46 crore.

## **B. Provident Fund Account Balance Sheet**

### **B.1 Liabilities Rs. 15.25 crore**

The Balance Sheet has not been drawn as per the format prescribed by Ministry of Education. As per the prescribed format of accounts, the liabilities of provident fund as on the 1st date of the financial year should be separately disclosed and ascertainable from the accounts under the heading GPF subscription, CPF subscriptions, CPF contribution and Interest Reserve / Deficit. However, from the Balance sheet of the Provident Fund Accounts of NIEPA the same is not ascertainable because of the following:

- (i) Opening balance of Rs. 14.94 crore has been shown in the balance Sheet. This opening balance is not the opening balance

of the subscribers' liabilities but the total liabilities of PF as on 31 March 2019 and is inclusive of the interest deficit/reserve of the previous years.

- (ii) The amount of Rs. 24.88 lakh shown under GPF' and amount of Rs. 5.79 lakh shown under CPF is the liability towards the GPF/CPF subscribers for the current year only and not the cumulative subscribers' liability as on 31 March 2020.

Thus, the subscriber liabilities (GPF/CPF) as on 31 March 2020 is not ascertainable from the accounts.

- (iii) The Interest Reserve has been shown in deficit as Rs. 10.42 lakh which is net of the interest deficit for the year 2018-19 Rs. 18.51 lakh and interest surplus of the year 2019-20 Rs. 8.09 lakh. The interest surplus of the year 2017-18: Rs. 39.20 lakh and 2016-17. Rs. 9.38 lakh and the interest surplus /deficit of the previous years have not been considered while working out this deficit of Rs. 10.42 lakh. Thus, the cumulative balance of interest reserve available with NIEPA is not ascertainable from the accounts.

## **C. General**

NIEPA has paid Rs. 21.28 crore as advance to CPWD during 2010-11 to 2019-20. As per expenditure statement received from CPWD, the actual expenditure incurred by CPWD during this period was Rs. 14.84 crore whereas as per the ledger it is Rs. 13. 98 crore. This needs to be reconciled.

## **D. Grant-in-aid**

NIEPA received grants-in-aid of Rs.45.59 crore during 2019-20 out of which Rs.8.75 crore was received in March 2020. It had opening balance of Rs. 1.24 crores as on 1st April 2019. Out of the total Fund of Rs. 46.83 crore, it utilized Rs. 40.42 crore leaving a balance of Rs. 6.41 crore as on 31st March 2020.

It also received grant of Rs. 7.87 crore for specific projects from Ministry of Education during the year and had opening balance of Rs.6.28 crore in these projects. Out of the total of Rs. 14.15 crore, expenditure of Rs. 5.92 crore was incurred by NIEPA during the year leaving a balance of Rs. 8.23 crore as on 31st March 2020.

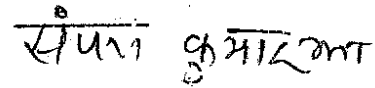

- E. Management Letter: Deficiencies which have not been included in the Audit Report have been brought to the notice of the Vice-Chancellor, National Institute of Educational Planning and Administration through a management letter issued separately for remedial/corrective action.
- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet Income and Expenditure Account and Receipts and Payments Account dealt with by this report are in agreement with the books of accounts.

- vi. In our opinion and to the best of our information and according to the explanation given to us, the said financial statements, and together with the Significant Accounting Policies and Notes on Accounts, and subject to significant matter stated above and other matter mentioned in Annexure I to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:
- a. in so far as they relate to the Balance Sheet of the state of the affairs of the National Institute of Educational Planning and Administration, New Delhi as on 31 March 2020, and
- b. in so far as they relate to the Income and Expenditure Account of the deficit for the year ended on that date.

Place: New Delhi

Dated: 22.01.2021

**For and on behalf of the C&AG of India**

**Director General of Audit**

**Home, Education & Skill development**

### 1. Adequacy of internal audit system

- NIEPA neither has an internal audit department nor is the internal audit conducted by the Ministry. NIEPA does not have any internal audit manual.

### 2. Adequacy of internal control system

- the internal control of NIEPA found to be inadequate due to
  - (i) 33 external audit paras pertaining to the period from 2000-01 to 2011-12 were outstanding as on 31.3.2020
  - (ii) The specific projects included four projects with a balance of Rs. 31.95 lakh which were on hold as there is no intimation from the Ministry' regarding the completion of the project. No expenditure was incurred in those projects during the last three years.
  - (iii) Non conduct of physical verification of fixed assets and inventory
  - (iv) Non conduct of Internal Audit.

### 3. System of physical verification of fixed assets

- The physical verification of Fixed Assets viz., furniture and fixture, computers etc., was done upto 31.3.2012. The physical verification of books and publications was completed upto July 2012. No physical verification of fixed assets including library was conducted since 2012.

### 4. System of physical verification of inventory

- The physical verification of stationery and consumable was completed upto 31.3.2012. No physical verification of inventory was conducted since 2012.

### 5. Regularity in payment of statutory dues

- No payments for over six months in respect of statutory dues were outstanding as on 31.03.2020.

## Annexure to Management Letter

1. Current Liabilities and Provisions (Schedule-2) include liabilities for expenses pertaining to the year 2019-20 but not paid during the year amounting to Rs.27.89 lakh. This has resulted in understatement of Current Liabilities and provisions and overstatement of Capital Fund by Rs. 27.89 lakh
2. Fixed Assets (Schedule-3) - Rs. 19.44 crore
  - (i) The above does not include laptop worth Rs.0.80 lakh purchased from the specific project account. This has resulted in understatement of Fixed Assets and understatement of Capital Fund by Rs. 0.80 lakh.
  - (ii) No separate fixed assets register was maintained for specific projects and hence audit could not vouchsafe the fixed assets of Rs. 4.68 lakh in the specific project account (Schedule 3 (e))
3. Schedule 7 and Schedule 2(B) of the accounts shows opening balance and the closing balance of the grant-in-aid as (-) Rs. 3.62 crore and Rs. 1.55 crore respectively whereas the correct figure of the opening balance and the closing balance is Rs. 1.24 crore and Rs. 6.41 crore respectively. The Schedule 7 and Schedule 2 (B) of the accounts needs to be rectified.
4. As per format of accounts prescribed by Ministry of Education grant utilized for revenue Expenditure (exclusive of provision for retirement benefits and inclusive of actual expenditure of retirement benefits) should be shown as income in above schedule. Therefore, the grant utilized for revenue expenditure should be Rs.38,93,75,447 but the same has been shown as Rs.38,93,83,450 crore in the above schedule resulting in overstatement of Grants/Subsidies with consequent overstatement of Capital Fund and understatement of Current Liabilities and Provisions — unutilized grant-in-aid by Rs.8000.
5. Specific projects include a debit balance of Rs. 32.05 lakh pertaining to the period from 2016-17 to 2018-19 as detailed below:

S. No.	Name of the Project	Amounts in Rs.	Year since the balances in debit
1.	Primary and Upper Primary EDCIL	(-)1363560	2016-17
2.	Centre for Policy Research UGC	(-)425525	2018-19
3.	IPEA Myanmar	(-)1416334	2018-19
<b>Total</b>		<b>(-)3205419</b>	

These debit balances need to be reviewed and doubtful amount if any should be provisioned.
